

Regional Consolidated Dispatch August 2015 Report

Office of Regional Communications and Technology

Executive Summary

August 2015 represents the eleventh month of full consolidation during the transition period for the Regional System. The Regional System, the Operator and users continue to work together to ensure the meets or exceeds expectations. Operational Review Team meetings with Fire Rescue and Law Enforcement continue at regular intervals. These meetings provide the forum to review, discuss and evaluate current operating procedures and protocols and make recommendations for changes based upon group consensus.

Call Volume and Calls for Service

In August 2015, there were a total of 207,095 incoming calls for the Regional System consisting of 125,623 emergency 911 calls; 65,967 non-emergency calls; and 15,505 alarm calls.

The Centers dispatched a total of 147,343 calls to Law Enforcement and Fire Rescue. Of this amount, 24,820 were Fire Rescue calls, which were received on either the E911 lines or non-emergency number. It is important to note of the 24,820 Fire Rescue dispatched calls, only 14,937 are included in the P2/P3 performance calculation. This is due to the lack of Automatic Number Identification/Automatic Location Information (ANI/ALI) time stamp data, which is necessary to create the record in CAD with a time stamp. ORCAT has identified potential items which may attribute to the lack of a starting time stamp in CAD. A final analysis of the cause(s) and mitigation strategy is expected to be complete in September 2015.

In August, there were 33,438 outgoing calls experienced in the dispatch centers. BSO has indicated that outgoing calls are randomly reviewed as part of the quality check process to ensure calls are a business related activity.

Call Transfers

For the month of August 2015, call transfers continue to represent less than .5% of the total E-911 calls into the regional centers. As stated in previous reports, 911 call transfers into the regional centers primarily come from the Coral Springs (328) and Plantation (590) Public Safety Answering Points (PSAPS). These totals represent 5.81% and 10.99% of Coral Springs and Plantation PSAPs total E-911 calls, respectively.

Until such time both Cities decide to join the Consolidated Regional System or adopt the County's Computer Aided Dispatch (CAD) system, call transfers will continue to take place.

Quality Improvement Team Update

The Quality Improvement Team (QIT)—which includes members from the County, Operator (BSO) and the Federation of Public Employees (FOPE) —continues to capture and analyze data. The following is an update on the activities:

1. P1 Performance

The Operator adjusted staff schedules on August 1, 2015 to align with the busy hours.

For the month of August, the following data indicates the number of days the 90/10 busy hour daily standard was achieved:

- North: 27 days (same level compared to July 2015)
- Central: 17 days (decrease of 10 days compared to July 2015)
- South: 19 days (decrease of 2 days compared to July 2015)

In comparison, the independent PSAPs in the Cities of Coral Springs and Plantation achieved the daily standard 20 and 11 days, respectively.

2. Incident Management Analysis Driven Initiatives

Municipality generated incidents in August reflected the number one issue continues to be addressing, comprising 30% of the total number of incidents classified as Operator Error. Unit assignment, verbalizing event details and event classification continue to be the top concerns.

The Operator completed the training of Call Takers using the address training video created in July on August 24, 2015.

3. ORT Meeting High Impact Initiatives

There were no ORT meetings held in August.

Contract Performance Measures¹

	GOAL	NORTH	CENTRAL	SOUTH
P1 Call Answer Time - Busiest Hour of the Day (911) 90% Within 10 Secs. ² - (Daily Standard)	31	27	17	19
P1 Call Answer Time - All Calls (911) 95% Within 20 Secs.	95%	96.97%	96.02%	96.84%
P1 Call Answer Time - Alarm Calls (911) 95% in 15 Secs.	95%	100%	100%	100%
P1 Call Answer Time - Alarm Calls (911) 99% in 40 Secs.	99%	100%	100%	100%
P2/P3 Fire Rescue Call For Service Processing Time 90% in 90 Secs.	90%	87.43%	81.58%	83.11%
P2/P3 Fire Rescue Call For Service Processing Time 99% in 120 Secs.	99%	93.92%	91.07%	91.91%
P2/P3 Fire Rescue Call For Service Processing Time 80% in 60 Secs.	80%	48.81%	29.41%	34.60%
P2/P3 Fire Rescue Call For Service Processing Time 95% in 106 Secs.	95%	88.10%	72.55%	74.14%

¹ There are two standards not reported as follows: P2/P3 Law Call for Service Indicator, driven by PD Agency having Jurisdiction; and Financial Reports Cost/Call which is an annual, not monthly, measurement. All other standards, unless otherwise noted, are performance standards that are included in the Operator and Participating Municipalities agreement.

² This represents the performance of the busiest hour of the day, which is a performance standard for the regional system. See pages 12-14 for the busiest hour of each day. It is agreed by all interested parties that the P1 standard is a daily standard, and each day is either a "pass" or "fail." Numbers in the table represents the number of days achieving the daily standard.

Other Performance Measures³

	GOAL	NORTH	CENTRAL	SOUTH
P1 Call Answer Time – All 911 Calls 90% Within 10 seconds.	90%	96.52%	94.61%	92.64%

³ This performance standard is not included in the agreement for the regional system. See page 19 for all calls.

Incident Tracking

The incident tracking system continues to be the primary method for users of the regional system to provide input regarding unintended consequences or the identification of improvement opportunities. For the month of August, there were 50 new call center-related incidents placed in the tracking system. This is a decrease of 17 compared to July 2015. In August 2015, the Regional System handled 207,095 incoming calls. The Operational Review Team, consisting of representatives from the County, the Operator and Participating Municipalities, continue to meet on a regular basis to review the incidents, their disposition and mitigation strategies, if applicable. Incident tracking information is reflected on page 31 illustrates the closed disposition tickets. The issues reported by the Operator's personnel are not reflected in the numbers above. The incident tracking Pareto graph on page 31 also reflects past incidents from employees under the "Administrative" category. County staff is performing further evaluation and stratification of incidents by employees to better reflect the information that is being reported.

To increase the efficiency and consistency of the Operators response to incidents ORCAT has developed standard Regional 911 Incident Response Forms. These new forms were formally introduced to the Participating Agencies in March 2015 and have been implemented in the operation of the regional centers.

Financial Management

Financial data provided by the Operator shows their expenditures continue to remain in excess of the budget; after completing the first eleven months of consolidation there is a projected overage of \$569,640. This is a \$138,822 or 26% reduction from the estimate included in last month's report. The Operator has assured the County that the budget will be brought back in-line by the end of the fiscal year.

As indicated previously, the Operator will continue to implement strategies to address budget overages. To date, the financial action plan implemented by the Operator has not had a material effect in reducing the budget gap to date. The County continues to meet with the Operator to discuss and develop additional steps to bring costs into compliance.

BSO Self-Reported Information

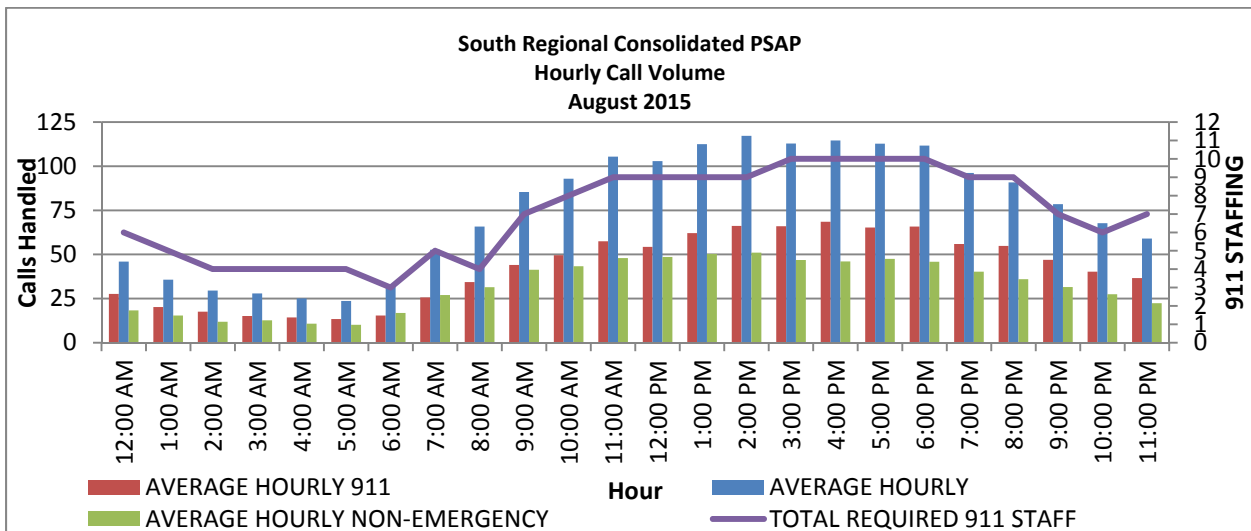

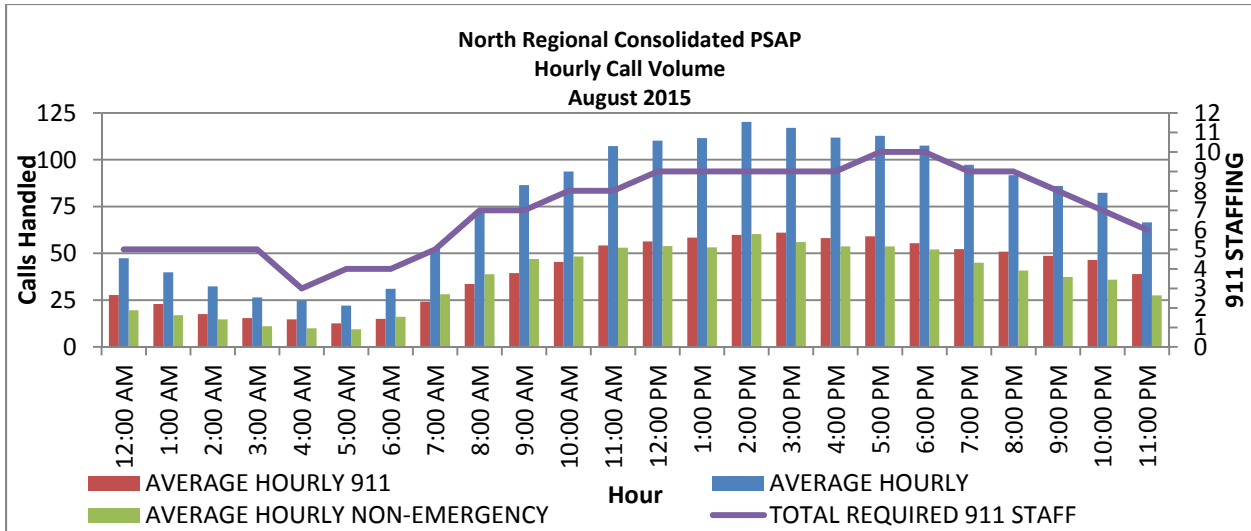

BSO has submitted information on their Quality Assurance initiative and EMD standards (page 34). This information has not been reviewed or validated by County staff.

Conclusion

The County, Operator and Participating Municipalities remain focused on efforts to continue updating the Standard Operating Practices to ensure they align with the goals of regionalization and the adoption of best practices across the County.

APPENDIX

Call Volume, by Hour of Day

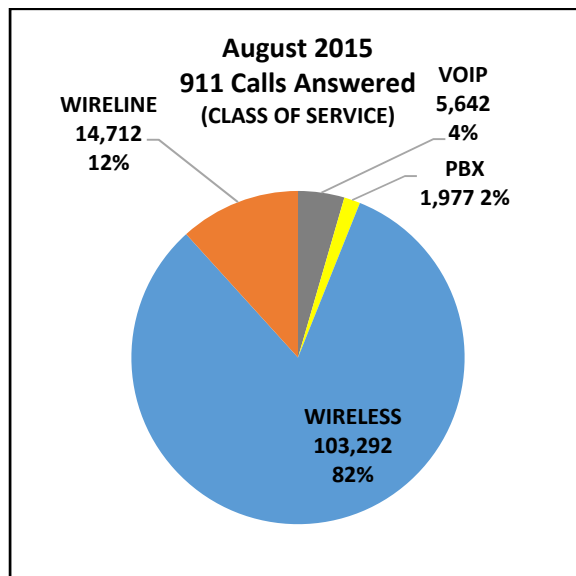

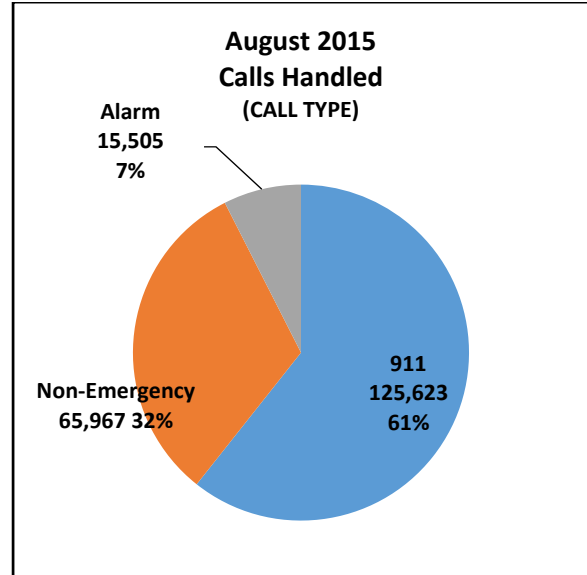

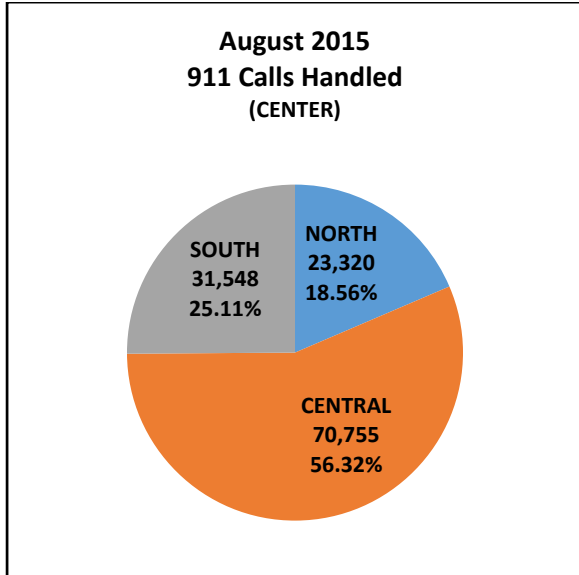

Monthly Call Volume

Class, Type and Regional Center

During the month of August the Regional Consolidated System handled 207,095 incoming calls:

- 911 Calls – 125,623
- Alarm Calls – 15,505
- Non-Emergency Calls – 65,967

Calls For Service (CFS)

The Regional Consolidated System processed 147,343 calls for service in August. The call quantity by discipline is outlined below.

Law Enforcement Calls = 122,523

North = 23,296

Central = 60,651

South = 38,576

Fire Rescue Calls = 24,820

North = 5,374

Central = 12,074

South = 7,372

911 Calls For Service Processed for Fire Rescue* - 14,937

North = 3,015

Central = 7,172

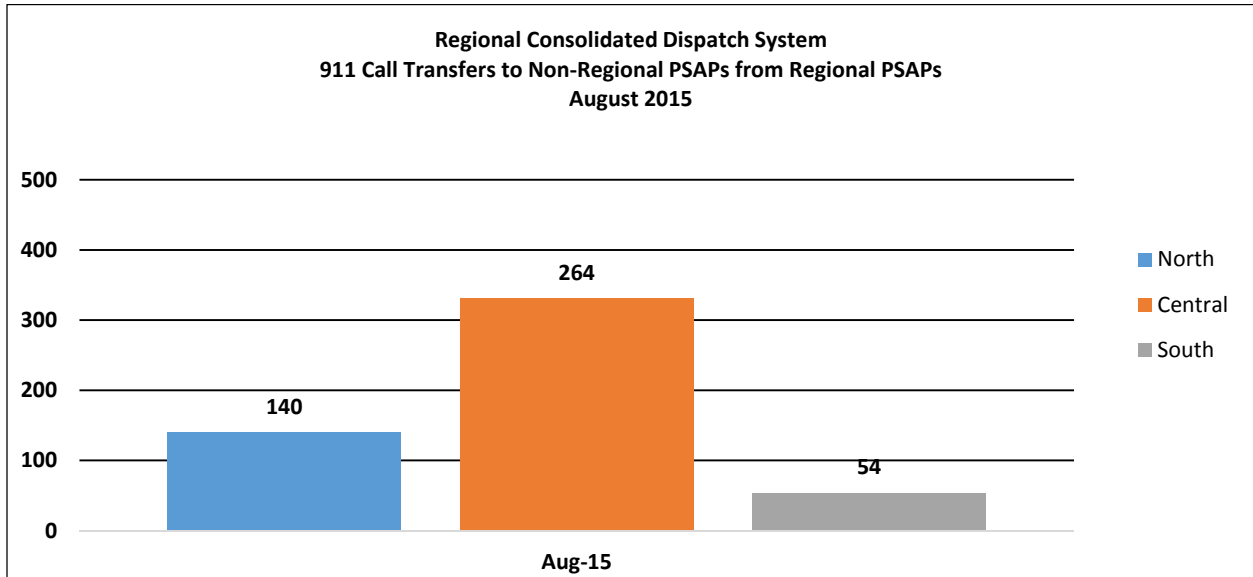

South = 4,750

**Calls for Service based upon E-911; only these calls are included in the P2/P3 indicator. These calls are a subset of the total Fire Rescue Calls For Service and do not represent the total calls received or the total calls for service due to activity on the non-emergency lines*

Call Transfers (To Non-Regional Centers from Regional PSAPs)

A total of 525 E911 calls were transferred from the Regional Dispatch Centers to Coral Springs and Plantation’s non-regional PSAPs. The breakdown by each Center is represented below:

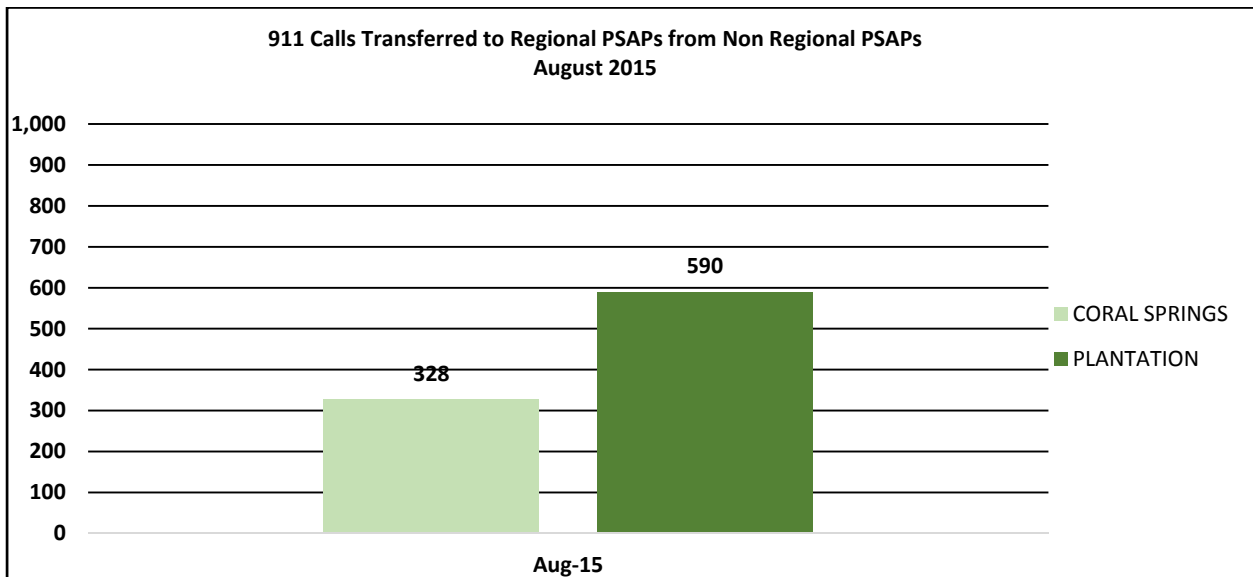

- North Dispatch Center = 140 (Represents 0.60% of Center’s E911 call volume)
- Central Dispatch Center = 331 (Represents 0.47% of Center’s E911 call volume)
- South Dispatch Center = 54 (Represents 0.17% of Center’s E911 call volume)

Call Transfers (To Regional Centers from Non Regional PSAPs)

The breakdown of E911 calls (918 transferred from Coral Springs and Planation) is as follows:

- Coral Springs = 328 (Represents 5.81% of Coral Springs E911 call volume)
- Plantation = 590 (Represents 10.99 % of Plantation E911 call volume)

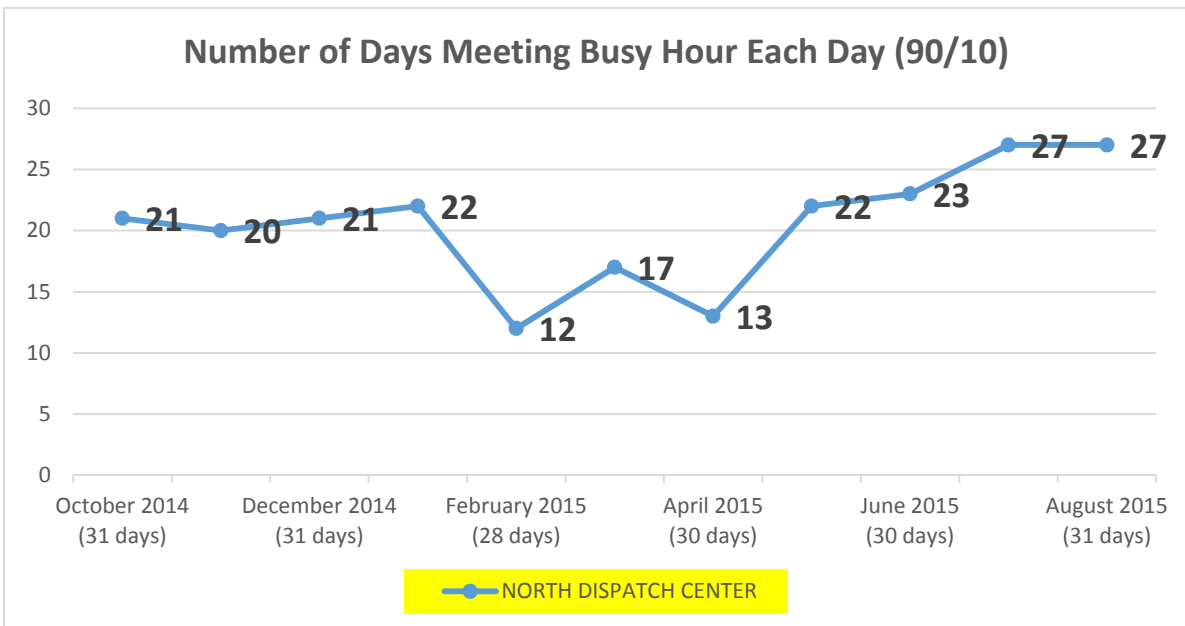

CONTRACT PERFORMANCE MEASURES

P1 Daily Busy Hour

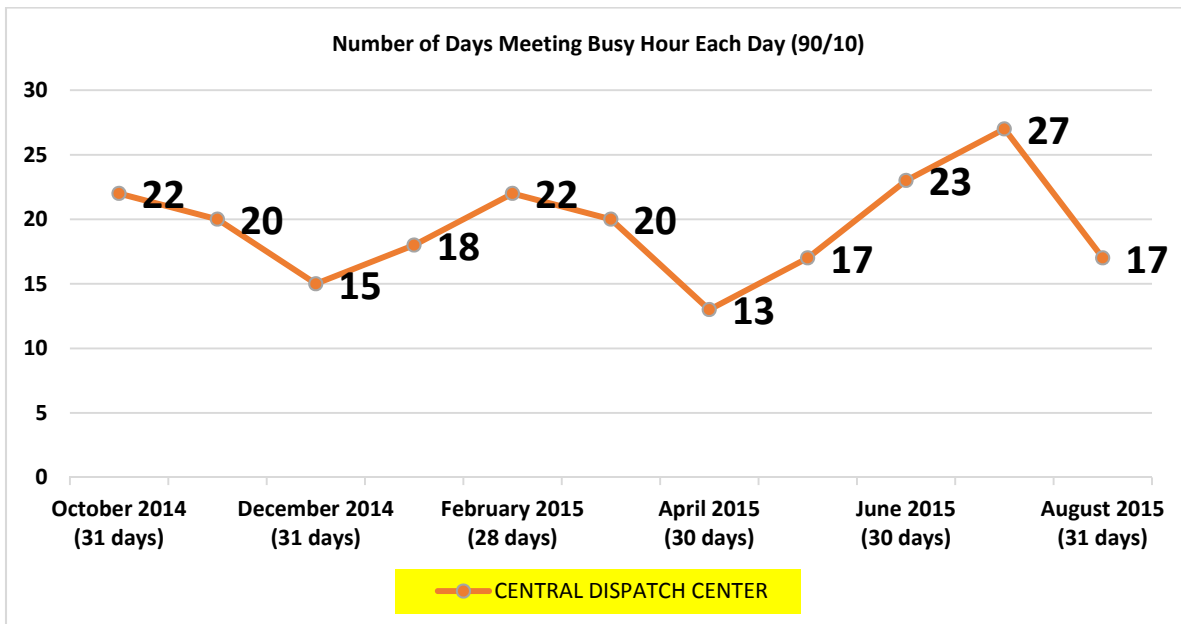

P1 measures the time it takes a Call Taker to answer an incoming E911 call. It is agreed by all interested parties that the P1 standard is a daily standard, and each day is either a “pass” or “fail.” The chart below represents the Operator’s attainment of the busy hour for each day (daily standard) and provides a summary by each center over the last eleven months. In addition, information from non-regional PSAPs in Coral Springs and Plantation have been included for comparison purposes. As part of the review of the performance standard, call volume, call-taker performance, staffing scheduling and other factors are evaluated. The QI Team will continue to review factors that impact performance standards.

P1 Call Answer Time - All Calls (911) 95% Within 20 Secs.

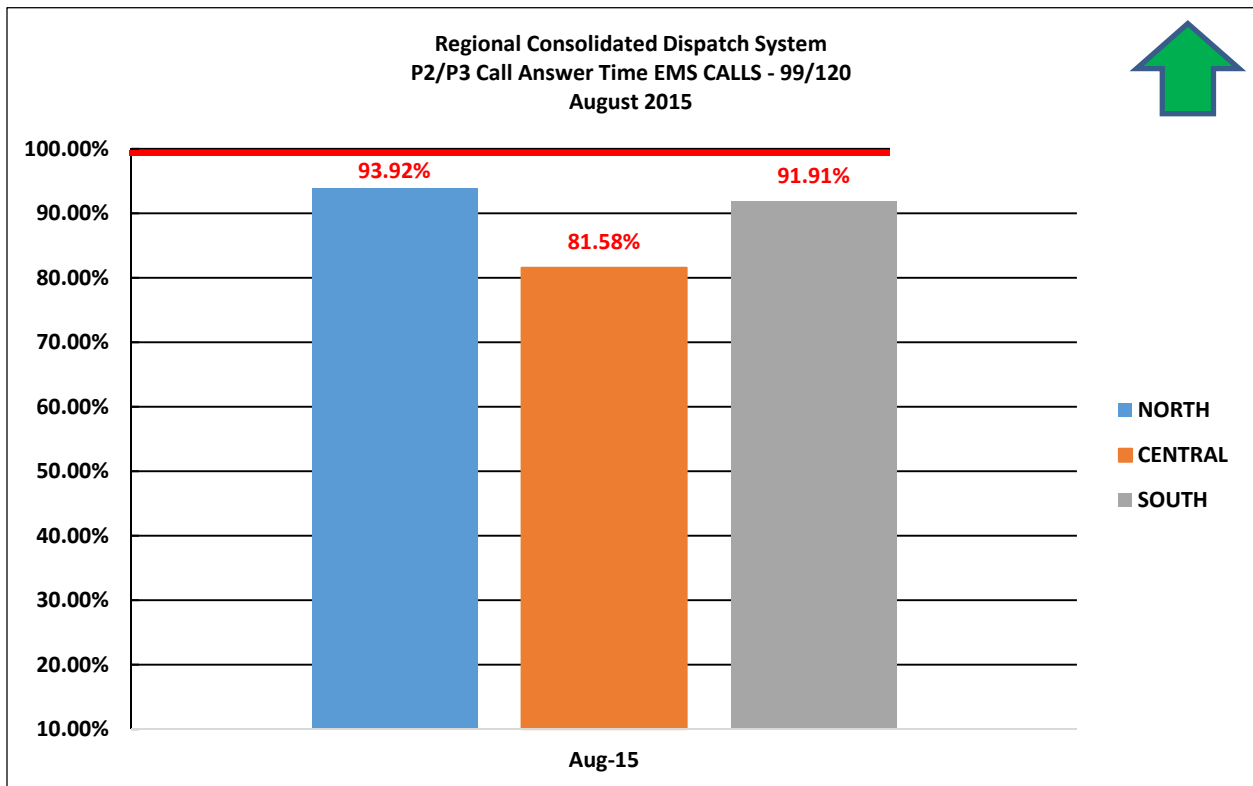

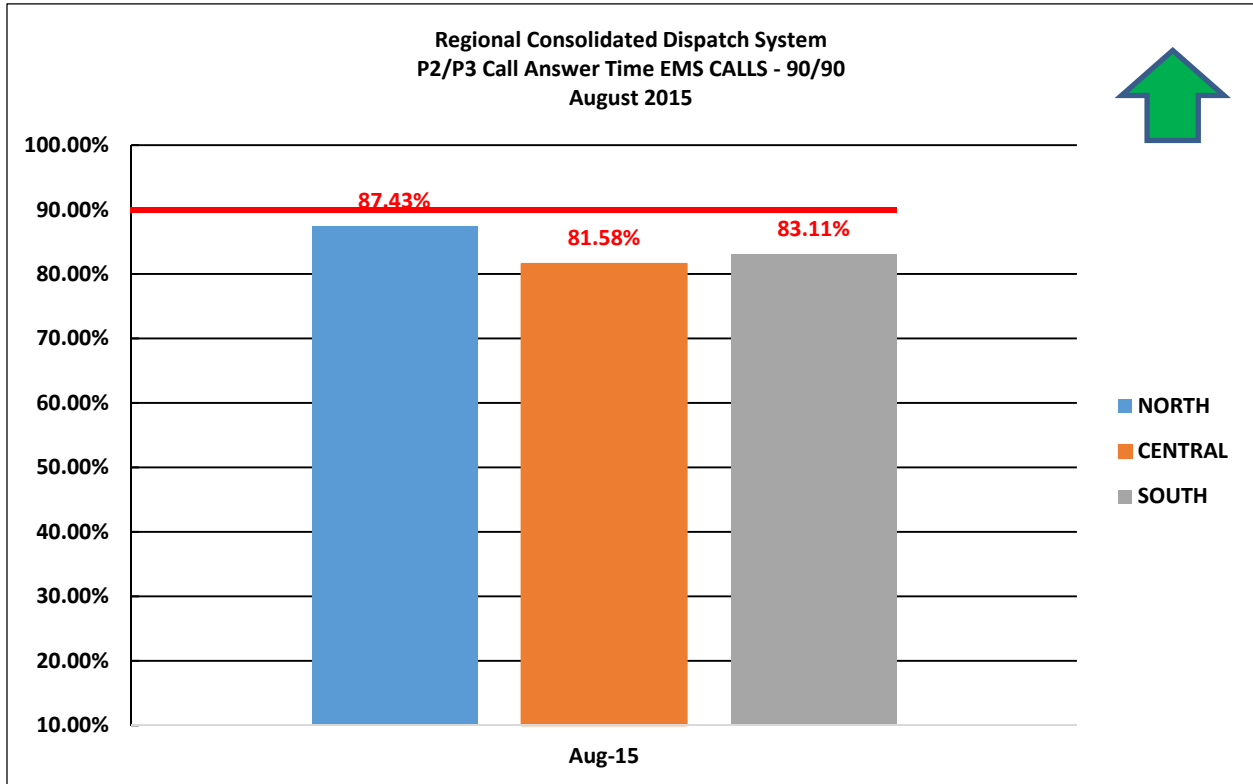

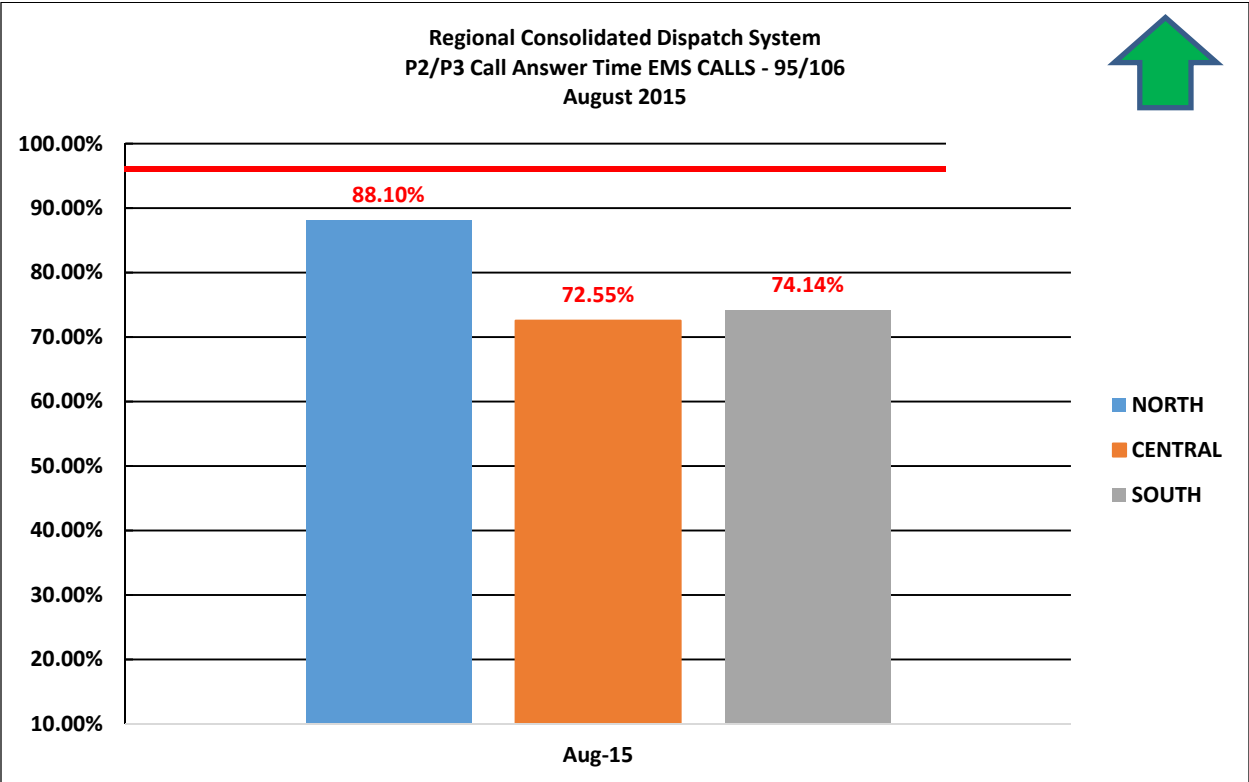

P1 Alarm Call Specific

Calls received from Alarm Monitoring Companies.

P2/P3 Fire Rescue CFS Processing Time - Calls received on E-911 lines only

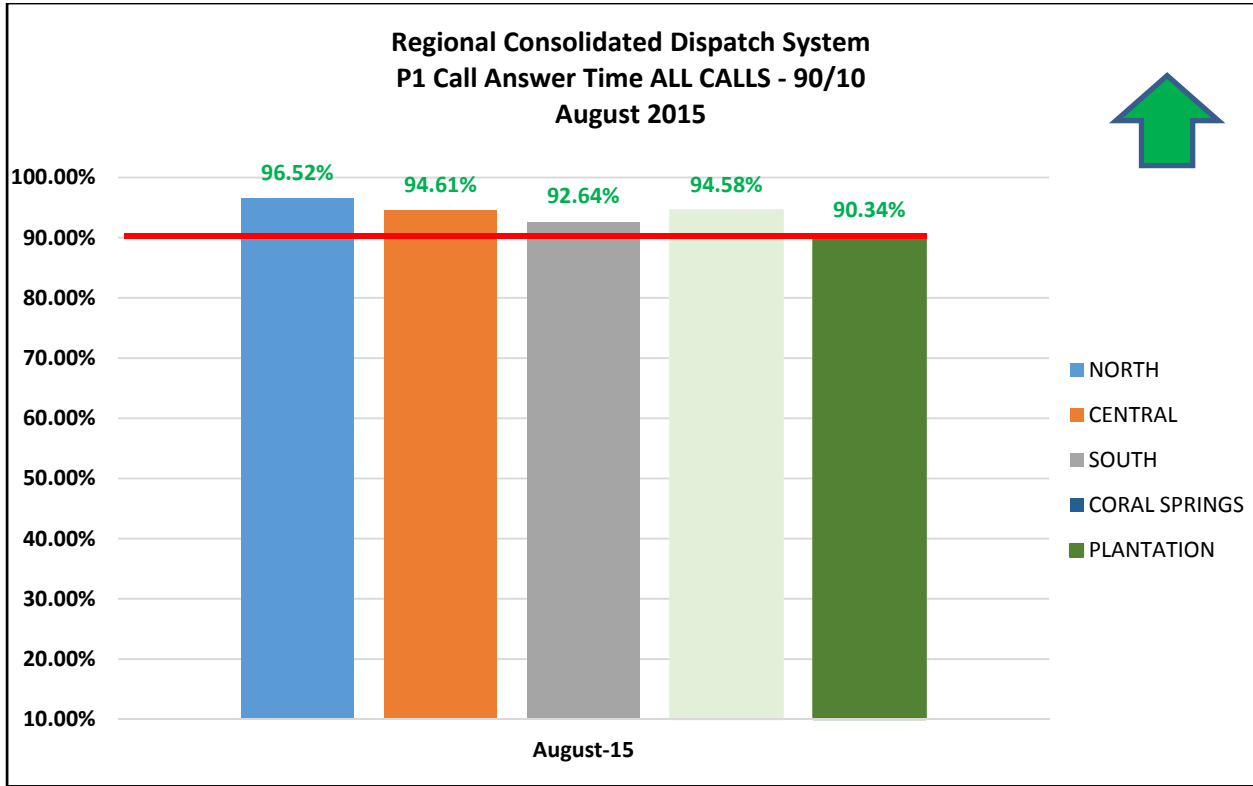

OTHER PERFORMANCE MEASURES

P1 Call Answer Time for all 911 Calls

This measure is a snapshot of the call answer time for all 911 calls. This standard is not part of the regional system agreements. In addition, information from Coral Springs and Plantation non-regional PSAPs has been included for comparison purposes.

YTD DATA – CALL VOLUME

This data will be evaluated to determine trend patterns or seasonal influences on staffing ratios and which centers appear to be most impacted.

OPERATOR REVIEWS/PROCESS IMPROVEMENTS/OPPORTUNITIES

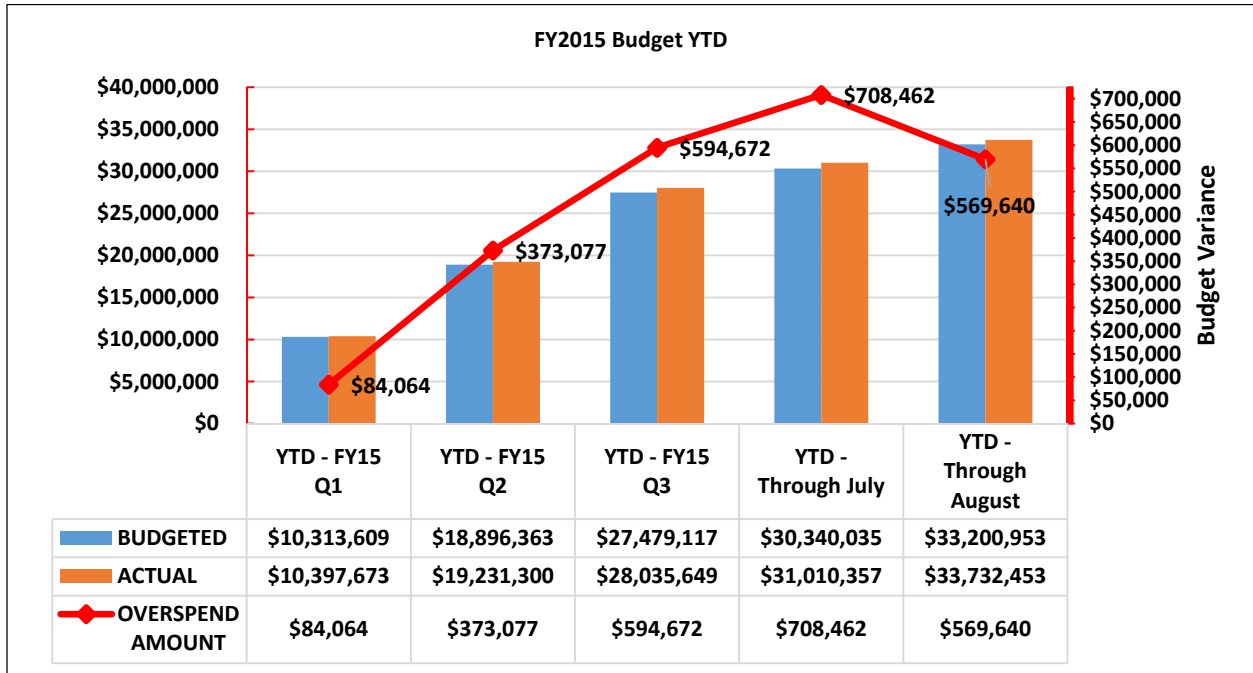

The following Pareto Charts illustrate the number of closed issues in the tracking system. Through the month of August 2015, 2,254,210 incoming calls have been handled by County's Regional Communications System. The Quality Improvement Team will be reviewing each outstanding issue to determine the root cause and develop necessary solutions to resolve the incident.

Dispositions:

- Process Improvement – identified by ORCAT, BSO and submitting agency as an opportunity to refine and improve operating processes
- Operator - identified by ORCAT, BSO and submitting agency as an error made by a call taker/dispatcher
- Unfounded - identified by ORCAT, BSO and submitting agency as an unfounded concern
- Administrative - non-operational issue raised by BSO Regional Communications and FOPE members such as broken chairs, arm rests etc.
- Training - identified by ORCAT, BSO and submitting agency as a training opportunity for all call takers and/or dispatchers
- Equipment - identified by ORCAT, BSO and the submitting agency as a technical issue
- Duplicate Entry - incident submitted more than once
- Governance/Policy - issues raised by submitting agency that results in a potential change in governance and/or policies/procedures of the Regional Consolidated Communications System.
- Field - identified by ORCAT, BSO and the submitting agency as an error made by personnel in the field
- Caller Error: identified by ORCAT, BSO and the submitting agency as an error made by the individual calling the dispatch center

FINANCIAL

The Operator has confirmed that expenditures associated the City of Fort Lauderdale for performing a teletype service are not included in the data provided. The County and City of Fort Lauderdale entered into an agreement for the regional system to temporarily provide teletype service until the City was ready to operate teletype through the end of December 2014. The City requested another month of service to adequately transition the teletype service. The cost of providing the service was provided by the Operator. The regional system no longer provides this service for the City since January 31, 2015.

BSO SELF-REPORTED INFORMATION

AUGUST 2015

Quality Assurance Unit – August

In the month of August members from the Q & A Unit were reassigned to call taking and dispatch duties in the PSAP locations resulting in a reduced number of QA reviews for the month.
