FLL 2018-13

BCAD Landside Operations

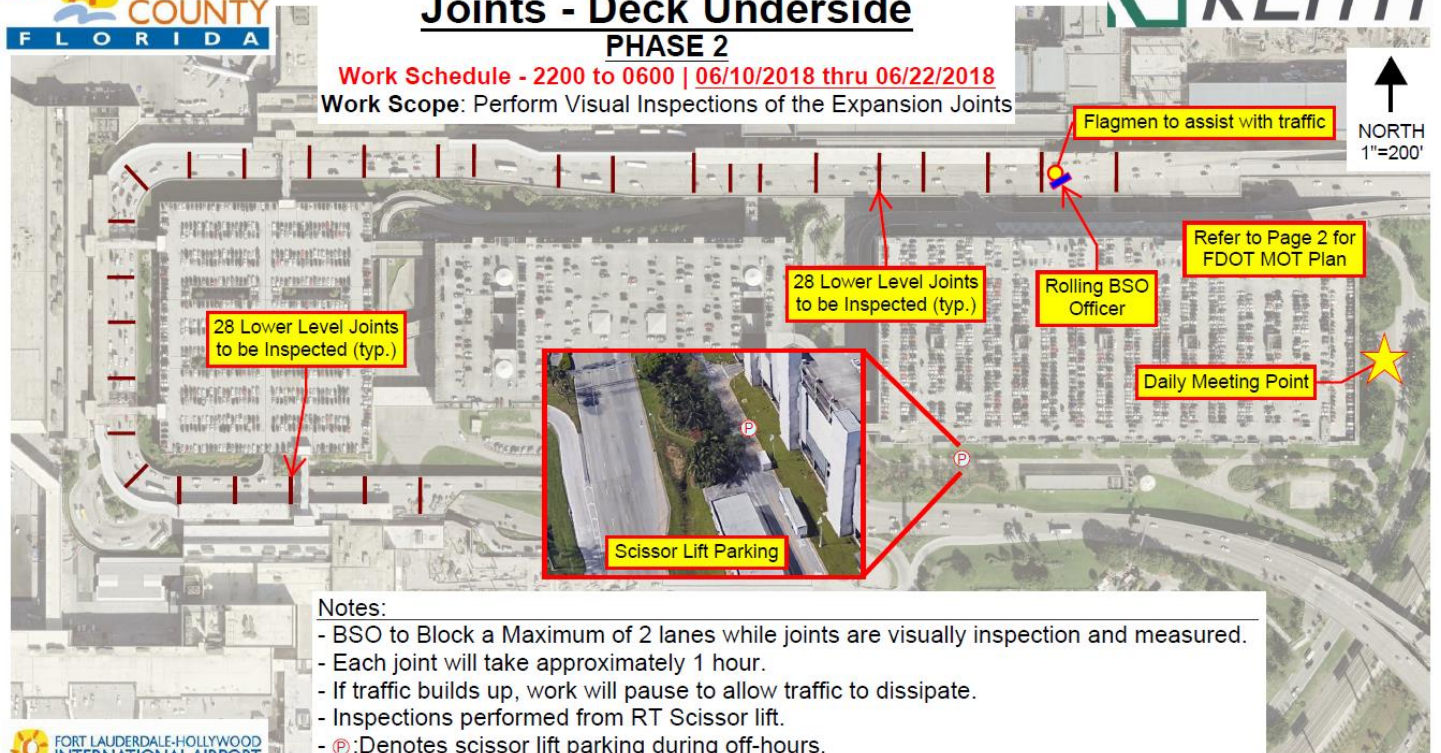

LOWER LEVEL ROADWAY ROLLING LANE INSPECTIONS

FLL Lower Level Expansion Joints - Deck Underside PHASE 2

Work Schedule - 2200 to 0600 | 06/10/2018 thru 06/22/2018
Work Scope: Perform Visual Inspections of the Expansion Joints

Notes:
 - BSO to Block a Maximum of 2 lanes while joints are visually inspection and measured.
 - Each joint will take approximately 1 hour.
 - If traffic builds up, work will pause to allow traffic to dissipate.
 - Inspections performed from RT Scissor lift.
 - P: Denotes scissor lift parking during off-hours.

- **Work Schedule:** Sunday, June 10, 2018 to Friday, June 22, 2018. (weeknights only)
- **Time:** 10:00 p.m. to 6:00 a.m.
- **Work Performed:** Contractor will preform a visual inspection of the overhead roadway expansion joints. Broward Sheriff's Office will be onsite to block the lane during the inspection and a flagger will assit with traffic control. Approximately 10' of each lane will be blocked during the rolling inspections. If traffic is impacted by the project, work will cease and allow traffic to dissipate.

Report issues to Airport Operations Control Center 954-359-1201
