

# FLL Landside Advisory

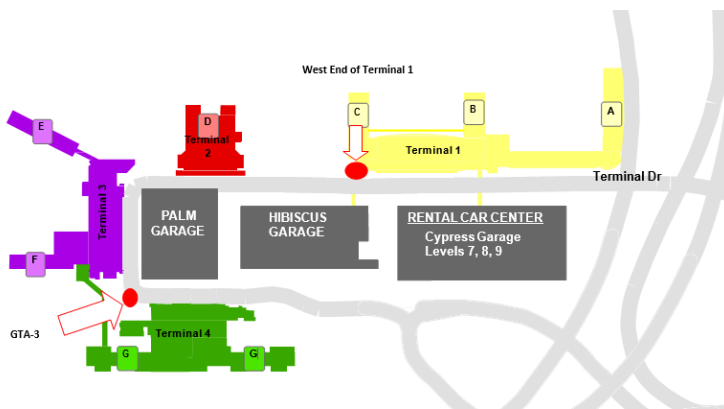

*Please Post and Disseminate to All Airport Employees and Applicable Vendors*

ISSUED: June 7, 2019

FLL 2019-56

BCAD Landside Operations

## UPDATE EMPLOYEE PARKING AND SHUTTLE OPERATION

We listened and have made the changes you requested for the Employee Parking and Shuttle Operation.

Starting Saturday, June 8<sup>th</sup> the Employee Parking lot entrance gates will be manned 24/7, while the gate arm equipment is being updated. To enter the parking lot you will need your parking card. Without your parking card you will be denied entrance.

Starting Friday, June 14<sup>th</sup> the Terminal Employee Stops will be adjusted. The lower level stops will be located at the west end of Terminal 1 and at GTA-3.

Additional CCTV units will be added to the Employee Parking lot in various locations.

Employee shuttles will be replaced with Eldorado Axess heavy duty 40 foot shuttles. Arrival is anticipated January through March 2020. Example above.

In the coming weeks, users of the Employee Parking and Shuttle Operation will be asked to complete a survey to assist Broward County Aviation Department in making further improvements and to ensure we offer you the highest level of guest experience possible.

Thank you for your partnership and team work as we always strive to improve.
