## **Dear Sadowski Coalition and Sadowski Affiliates:**

We expect the Governor to receive the budget this Friday and to make his line item veto decisions the week of June 17.

If you have not already contacted the Governor's office to urge a line item veto of the transfer of housing money away from housing, now would be a good time to do so.

There's no downside for the Governor to line item veto the sweep of Sadowski funds, only upside. Here are some additional points you can make in your email:

**Below is sample language you can use:** [Ron.DeSantis@eog.myflorida.com](mailto:Ron.DeSantis@eog.myflorida.com)

### **Dear Governor DeSantis:**

Thank you so much for your support of using all the Sadowski state and local

housing trust funds to help Florida's working families, as well as the elderly and persons with disabilities living on fixed incomes. I am writing to respectfully ask that you line item veto the Legislature's sweep of Sadowski Trust funds.

A line item veto from you would:

1. **Send a message to the legislature that there is no point in sweeping the Sadowski trust funds to general revenue- as you will veto the sweep; and**
2. **Leave those funds (\$125 million) in the Sadowski trust funds for appropriation next year.**

Governor DeSantis, you have distinguished yourself as a leader on this issue. We need you to put a stop to the tradition of sweeping the trust funds by using your line item veto authority to help us out of the housing crisis in Florida.
