The capacity of the program is limited to approximately 700 per summer, with demand exceeding supply.

1. Do we promote all positions each summer?
   Yes, in partnership with Career Source Broward and Children’s Service Council Of Broward County. Family Success funds 17 positions available under this agreement.

2. If not, is there something we can do to make sure that each summer all positions are filled?
   All positions are filled every summer. All 17 participants that will be funded through this agreement have already been identified.

3. Do opportunities exist to expand the number of openings in future summer’s to allow for more participants?
   Support from Broward County Family Success is limited by the amount of funds available through our CSBG grant.

Question: Do we have information on the claimant that struck the bridge?

Has a determination been made by the County Attorney’s office as to whether a claim can be made in subrogation or the like to recover any money the County was called on to pay to fix the bridge?
Answer:

Question 1: Do we have information on the claimant that struck the bridge?

Response 1: Yes, we have information on the driver, including all of his applicable insurance coverage levels and liability limits.

Question 2: Has a determination been made by the County Attorney’s office as to whether a claim can be made in subrogation or the like to recover any money the County was called on to pay to fix the bridge?

Response 2: The Risk Management Division filed a subrogation claim on May 15, 2019 against Atlantic Casualty for reimbursement of the County’s damages in the amount of $724,202.10. The County Attorney’s Office also agrees that a claim in subrogation is warranted at this time. However, this matter is currently in a pre-suit status. Should the County be unsuccessful in securing the reimbursement referenced above, the County Attorney’s Office would recommend filing suit.
