¹ This represents the performance of the busiest hour of the day, which is a performance standard for the regional system. It is agreed by all interested parties that the P1 standard is a daily standard, and each day is either a "pass" or "fail". These numbers represent the number of "passes" in the month.

² The information for these measures is provided by the Operator. If blank the information has not been provided.

³ Performance on January 27, 2016 has been mitigated as a result of the Center being impacted by an unforeseen increase in calls resulting from a confirmed tornado touchdown in Coconut Creek. Performance for the North Dispatch Center is only reviewed for 30 days rather than 31.
