STATEMENT OF RESPONSIBILITIES REGARDING ASBESTOS

IF YOU ARE PLANNING TO DEMOLISH OR RENOVATE ANY EXISTING STRUCTURE, YOU MAY BE SUBJECT TO FEDERAL AND COUNTY RULES RELATING TO THE DEMOLITION AND THE HANDLING OF ASBESTOS CONTAINING MATERIAL. PLEASE FILL OUT THIS FORM TO DETERMINE IF THE ASBESTOS RULES AND A FEE APPLY TO YOU. SEE REVERSE SIDE FOR ADDITIONAL INFORMATION.

I. PROJECT INFORMATION:

Facility Owner: _____ Phone: _____
 Mailing Address: _____ City: _____ Zip: _____
 Project Address: _____ City: _____ Zip: _____
 Contractor Performing Work: _____ Phone: _____
 Email: _____ Building Department Jurisdiction: _____
 Estimated Start Date: (MM/DD/YY) _____ Estimated Finish Date: (MM/DD/YY) _____

II. MARK THE APPROPRIATE BOX(ES) IF APPLICABLE:

1. **Single-family residential home (not for commercial purpose) – If you check this box, skip sections 2 and 3. Review the back of this form and then sign and date this form at the bottom. **SRRA review fee exempt.****

2. FACILITY: (Check One)

- | | |
|---|--|
| <input type="checkbox"/> Commercial, industrial, or public building | <input type="checkbox"/> School/ College/ University |
| <input type="checkbox"/> Any residential building with more than four dwelling units | <input type="checkbox"/> Unsafe structure |
| <input type="checkbox"/> Two or more residential structures at the same site | <input type="checkbox"/> Emergency |
| <input type="checkbox"/> Any residential property being demolished for commercial purposes or by government order | |

3. ACTIVITY: (Check all that apply)

Renovations: Built-up roofing removal (>5580 ft²): Removal Method: Hand Tools Power Saw
 Exterior alteration (>160ft²): Stucco/Finishes Other _____
 Interior alteration (>160ft²): Floor covering Wall Board Ceiling Piping Floor/Wall Mastic Wall Finishes
 HVAC Other _____
Demolition: Total Partial Column Tie Beam Truss(es) Exterior Wall(s) Other _____

III. IF ANY BOX IS MARKED UNDER BOTH FACILITY AND ACTIVITY, THE FOLLOWING ITEMS ARE REQUIRED:

1. An original **Notice of Demolition or Asbestos Renovation** using DEP form 62-257.900(1)* or electronic notification* must be completed and submitted at least ten (10) working-days before start of project, for:
 - all demolitions
 - all renovations involving at least 160 ft², 260 Lft. or 35 ft³ of regulated asbestos containing material
2. An asbestos survey report **must be done in accordance with Broward County Code Chapter 27, Section 180** to indicate the presence or absence of asbestos containing material.
3. **Payment of the appropriate fee per fee schedule, if applicable.**

I have received information regarding the use of a Florida licensed asbestos professional and understand that I may be subject to the ten (10) working-day advanced notification requirement under the Federal Law regarding demolitions and renovations (**See reverse side**).

Owner/Authorized Agent (print) _____ Title: _____

Signature _____ Date _____

For Official Use: An Asbestos Survey Is Required Is Not Required \$50.00 SRRA Review Fee Due

WHITE - EEPD, YELLOW - Building Department, PINK – Applicant

WARNING

YOU MAY BE SUBJECT TO SUBSTANTIAL PENALTIES UNDER FEDERAL LAW FOR FAILURE TO PROVIDE WRITTEN NOTIFICATION AT LEAST TEN (10) WORKING-DAYS PRIOR TO DEMOLITION OR RENOVATION. PLEASE BE ADVISED THAT A CITY / COUNTY DEMOLITION OR RENOVATION PERMIT DOES NOT MEET THE REQUIREMENT OF THE TEN DAY NOTIFICATION.

THIS FORM DOES NOT CONSTITUTE A 10 WORKING-DAY NOTIFICATION.

DEMOLITION: The Federal regulations for asbestos require a ten (10) working-day advanced notification from owners or operators (including contractors) engaged in the demolition of a facility. "Facility" is defined to include all structures, installations and multiple buildings, but excludes a single residential building having four or fewer dwelling units. Demolition includes the wrecking or dismantling of any load-supporting structural member. This includes beams and load supporting walls. The notification is required even if no asbestos containing materials are present in the facility. The notification must be accompanied by an asbestos survey performed in accordance with Broward County Code Section 27-180 and the appropriate fee.

RENOVATION: Notification is required for renovation projects of a facility if the amount of Regulated Asbestos Containing Material (RACM) being removed, stripped, or disturbed is greater than or equal to 160 square feet, 260 linear feet of pipe insulation or 35 cubic feet of facility components. The notification is required to be submitted at least ten (10) working-days prior to the renovation and must be accompanied by an asbestos survey performed in accordance with Broward County Code Section 27-180 and the appropriate fee.

The original **Notice of Demolition or Asbestos Renovation** DEP Form 62-257.900(1), an **asbestos survey report and the appropriate fee** must be submitted to:

Broward County Environmental Protection and Growth Management Department
Environmental Engineering and Permitting Division
1 North University Drive, Mailbox #201
Plantation, FL 33324
954-519-1483 • Fax 954-519-1483

Notification instructions and forms are available at: www.broward.org/ePermits

Federal asbestos regulations apply to both the facility owner and operator. Both owner and operator can be held liable for failure to submit a **Notice of Demolition or Asbestos Renovation** form at least ten (10) working-days prior to a demolition, or renovation involving greater than 160 square feet, 260 linear feet or 35 cubic feet of RACM.

USE OF A FLORIDA LICENSED ASBESTOS CONSULTANT

Florida Statutes require that no person shall conduct an asbestos survey, develop an Operation and Maintenance Plan, prepare abatement specifications, or monitor and evaluate asbestos abatement, unless trained and licensed as an asbestos consultant with the following exceptions:

- A homeowner may act as a licensed asbestos consultant in the home (four or fewer dwelling units) in which they reside if they sign a disclosure statement at the building department.
- Built-up roofing containing asbestos may be removed by state certified roofers under the direction of an onsite roofing supervisor properly trained in asbestos-containing roof removal.
