BCAD Operations - Airside

NEW IN-PAVEMENT RUNWAY GUARD LIGHTS ON RUNWAY 9L-27R AT TAXIWAY ECHO

New yellow-flashing, in-pavement runway guard lights have been installed on the Taxiway Echo Runway Hold Position Bar at the South Side of Runway 9L-27R.

- The yellow-flashing, in-pavement runway guard lights have been installed as a new safety feature enhancing identification of the runway hold position in an effort to prevent runway incursions.
- These Runway 9L-27R in-pavement guard lights will be operational 24 hours a day on Taxiway Echo south side hold bar beginning September 1st
