NEWS RELEASE

PARKING AT FORT LAUDERDALE-HOLLYWOOD INT'L AIRPORT FOR THE THANKSGIVING HOLIDAY

As many as 18,600 cars are expected to park at Fort Lauderdale-Hollywood International Airport during the upcoming Thanksgiving holiday weekend. Last Thanksgiving weekend, the number of vehicles parked peaked at 18,142. To meet the increased need for parking, the Airport has opened Overflow Parking Areas on a temporary basis.

The Overflow Parking Areas will be identified by color for logistics and way-finding purposes. **The Overflow Parking Areas will be opened sequentially to meet parking demand.** Parkers should follow airport signage on Perimeter Road to the active Overflow parking areas..

Three of the lots (Orange, Green and Blue) will be available to travelers at the established \$10.00 "Event Parking" rate. These three Overflow Parking Areas are un-paved areas on Airport property and will be lighted and will have extra security patrols. A fourth lot (Red Lot) is paved and is located closer to the terminals, will be available at the Remote Parking rate of six dollars per day.

Whenever possible, travelers are urged to use public transportation or have a friend or relative drop them off at the Airport. The highest demand for parking spaces is expected to be on Friday, November 24, 2006.

While there will be sufficient parking, it will be on a first-come, first-serve basis. Some of the long-term remote lots will fill-up earlier than others, and travelers should allow an extra hour to be directed to available parking.

Travelers should listen to the Airport Radio Station, 1670AM, on the way to the Airport to get the most current information on available parking. The station can be received approximately 2 miles from the Airport or can be listened to on our web site at www.fll.net.

Please see the attached: **"Thanksgiving Holiday Travel Tips"** for more information.
