**Project Comments**

- <sup>1</sup> A carpet and tile replacement program provides annual funding for the repair or replacement of damaged, worn and unsightly flooring that may also be unsafe. This program addresses flooring repairs or replacements in County facilities that house generally funded programs, excluding Parks.
- <sup>1</sup> \$585,000 is allocated in fiscal years 2008 through 2012 for the carpet/tile replacement program. Funding in 2008 provides for the installation of new floor tile in the lobby and for carpeting in the general areas of the Government Center.

**Project Comments**

- <sup>1</sup> The Facilities Improvement Program provides annual funding for improvements to generally-funded County facilities, excluding Parks. This program utilizes in-house staff as well as outside contractors.
- <sup>1</sup> \$500,000 is allocated annually in fiscal years 2008-2012, representing the County's commitment to continually improve its facilities. In prior years, improvement projects have included mechanical and structural improvements.
- <sup>1</sup> Projects scheduled for fiscal year 2008 include mechanical improvements to protect facilities that have had damage to electronics from poor power quality. These electrical surges will be addressed by the installation of Transient Voltage Surge Suppressors at the sites impacted. Other scheduled improvements include the installation of UVC emitters which use ultraviolet light to provide continuous non-chemical cleaning of air ducts and other HVAC surfaces. The improvement program also includes repairs on the Main Library's cooling towers.

**Project Comments**

- <sup>1</sup> The Facilities Maintenance Program provides annual funding for repairs and maintenance to generally-funded County facilities, excluding Parks. This program utilizes in-house staff as well as outside contractors. Preventive maintenance is practiced whenever possible to extend the useful life of County facilities.
- <sup>1</sup> \$500,000 is allocated annually in fiscal years 2008-2012, representing the County's commitment to preserving and maintaining its facilities. Maintenance projects have traditionally addressed structural, electrical, plumbing and mechanical systems needing replacement or repairs.
- <sup>1</sup> \$25,000 is added to the FY 2007 capital maintenance program to refurbish the elevator at the North Regional Courthouse.
- <sup>1</sup> Projects scheduled for fiscal year 2008 include non-hurricane related repairs to the exterior masonry at the Midrise Building; the repair and replacement of fencing at Our House at the Sexual Assault Treatment Center; and the replacement of the Uninterruptible Power Supply (UPS) at the Public Safety Building.

**Project Comments**

- <sup>1</sup> The Paint and Seal Program provides annual funding for painting, pressure cleaning and sealing projects for buildings that house generally-funded County facilities, excluding Parks. An on-going paint and seal program helps protect buildings and parking lots and alleviates problems caused by deteriorating walls and surfaces.
- <sup>1</sup> Funding in prior years was allocated for Public Safety Building, the Central Homeless Assistance Center and several other facilities.
- <sup>1</sup> Funding in fiscal year 2008 provides for the exterior paint of the Government Center parking garages, which will be scheduled in conjunction with the 1200 car garage stucco repair project funded separately in fiscal year 2007. Other major paint and seal projects planned for fiscal year 2008 include the North Homeless Assistance Center and all the stairwells at the Main Courthouse.
- <sup>1</sup> The paint and seal program also includes a four year asphalt replacement schedule.

**Project Comments**

- <sup>1</sup> The roof replacement program provides for a schedule of roof replacements according to their anticipated life cycle of inspected roofs. The presence of an on-going program alleviates structural problems and the damage associated with leaking roofs.
- <sup>1</sup> An allocation of \$600,000 is provided annually in fiscal years 2008 through 2012 for a roof inspection and replacement program for buildings housing generally funded operations such as courthouses, libraries, human services and government centers.
- <sup>1</sup> The services of a consultant covers preventative and recommended maintenance through inspections, repair and replacement specification, contractor monitoring and a roof survey for buildings in the program.
- <sup>1</sup> The average life span of a roof is fifteen years, depending on the warranties provided by contractors and the quality of materials and installation.
