It gives me great pleasure to introduce the Broward County Government directory for Small, Minority, Woman-owned and Disadvantaged Business Enterprises, updated on 3/31/04. It is organized for contract administrators, consultants, contractors, procurement officers, local businesses, government agencies, and project managers at all levels to identify SBE, MBE, WBE, and DBE suppliers of goods and services.

The contribution that small, minority and woman-owned businesses can make to the local economy is significant as this sector comprises 90% of the businesses established in the tri-county area. However, in the past, restricted access to larger market place opportunities has presented an obstacle to their growth. A recent survey indicated that less than 20% of all minority and woman-owned businesses received prime contracts in the past decade.

No community or business sector can operate in isolation; to progress and grow we need to work in partnership and for any partnership to be effective the changes that are required need to happen on all sides. This business directory: illustrates the quality and diversity of businesses operating in Broward County. It is aimed at showing customers and prime contractors the quantity of available subcontractors and assists all persons and business buyers to source goods and services locally.

The Small Business Development Division views Minority, Women-owned, and Small Business Enterprise Owners as the key to long-term economic growth and the success of the County as a whole. With this viewpoint as our cornerstone the Division has thoroughly reevaluated our mission and reason for being, reorganized staff and processes.

Even this directory will be re-engineered. In planning at this time are technological upgrades which will enable users to “click” their way into the web sites and emails of our directory clients. A sort and search function will assist users to find specific talents divided by zip code or gender or ethnicity. Soon, on-line applications will be uploaded into the directory as they are certified making this directory current on a real time basis.

We welcome your questions and comments. Please contact us at 954-357-6400 or visit our website at www.broward.org/eo/eoi00500.htm, or send an email to eeosmallbusiness@broward.org.

Gwendolyn C. Warren

Director, Small Business Development Division

Broward County Board of County Commissioners Josephus Eggleton, Jr. Ben Graber Sue Gunzburger

www.broward.org

Minority Business Enterprise (MBE) Certification

A Minority Business Enterprise (MBE) means one which is owned and controlled by at least fifty-one percent (51%) minority member(s). Minority group members are Black Americans, Hispanic Americans, Native American, and Asian-Pacific Islanders.

Women-Owned Business Enterprise (WBE) Certification

A Woman-Owned Business Enterprise (WBE) means one that is at least fifty-one (51%) owned and controlled by a woman or women.

Small Business Enterprise (SBE) Certification

For the purpose of implementing the Broward County Local Small Business Program, a small business is one that meets small business size standards as follows: for professional consultants, annual gross sales averaged over the previous three years shall not exceed \$500,000; for firms in contractual services and commodities, annual gross sales averaged over the previous three year period shall not exceed \$1,000,000; for firms in construction, annual gross sales averaged over the previous three years shall not exceed \$3,000,000. Each business must be an independently owned and operated business and shall employ twenty-five (25) or fewer permanent employees. Per the Local Preference ordinance (No. 2002-19, section 1-74 c), in order to satisfy the local business requirement, the vendor must have a valid occupational license issued by Broward County at least one year prior to bid or proposal opening to do business in Broward County that authorizes the business to provide the goods, services or construction to be purchased and a physical business address located within the limits of Broward County, in an area zoned for the conduct of such business, from which the vendor operates or performs business on a day-to-day basis that is a substantial component of the goods or services being offered to Broward County. Post Office Boxes are not verifiable and shall not be used for the purpose of establishing said physical address. In order to be eligible for the local preference, the vendor must provide a copy of the occupational license(s) for the covered period prior to recommendation for award.

Disadvantaged Business Enterprise (DBE) Certification

This is a federal certification. This category was developed by the US Department of Transportation. It refers to a business entity which is at least 51% owned and controlled by a socially and economically disadvantaged minority or minorities. The net worth of the owner of a DBE firm may not exceed \$750,000.

How to use your Certified Directory

www.broward.org/eo/eoi00500.htm.

1. The pages following this “how to” instruction listing are all of the active firms listed alphabetically.
2. The Nature of Business Table of Contents identifies the major categories (service/ commodities) offered by the active certified firms and the Directory page number where the listing of the major category begins.
3. The second Table of Contents identifies the major categories (service/ commodities) offered by the active certified firms and the Directory page number where the listing of the major category begins. AND the names of the firms offering the service / commodity.
4. The Small Business Development Division Directory identifies the major categories (service/ commodities) offered by the active certified firms. Under each identification is the company name, address, contact information, certification, ethnicity and the expiration date of the certification.

All information is believed to be current and correct. Users are encouraged to consider Broward County firms as their primary resource(s). Certified vendors are pleased to provide additional firm information, price quotes, qualification statements, insurance forms or to meet with the user.

The Small Business Development Division would appreciate feedback Re: responsiveness and/or performance of the firms listed in this directory. eeosmallbusiness@broward.org or call 954-357-6400.

If you would like to recommend a vendor for certification, direct them to our website www.broward.org/eo/eoi00500.htm where they may complete an on-line certification application and then print and mail that application to our offices along with the support documents required.

Small Business Development Division, 115 South Andrews Avenue Room A640,
Fort Lauderdale, Florida 33301

The on-line directory is updated at minimum every eight weeks

You may contact 954-357-6400 to request information re: firms that have certified or recertified between 4/1/04 and 5/31/04
