GROUNDWATER AND SOIL DECONTAMINATION/REMEDATION
APPLICATION TO CONSTRUCT/OPERATE AIR POLLUTION SOURCE

PURSUANT TO PROVISIONS OF THE BROWARD COUNTY CODE OF ORDINANCES, CHAPTER 27,
APPLICATION IS HEREBY MADE FOR AUTHORITY TO CONSTRUCT AND/OR OPERATE THE FOLLOWING
AIR POLLUTION SOURCE:

Company Name: _____

Source Location: _____
Address City State Zip

Applicant Name and Title: _____

Mailing Address _____

Telephone No.: _____ Fax: _____ Email: _____

Licenses Request For: _____ Construction _____ Operation _____ Modification

Schedule of project: Date of Start of Construction/Operation: _____
Date of Completion of Construction/Operation: _____

STATEMENT BY AUTHORIZED REPRESENTATIVE/APPLICANT

I am the undersigned owner or authorized representative of _____. I certify that the
statements made herein for a license to construct/operate an air pollution source are true, correct and complete to
the best of my knowledge and belief. Further, I agree to maintain and operate the air pollution source and air
pollution control devices in such a manner as to comply with the provisions of Broward County Code of
Ordinances, Chapter 27, and all rules and regulations or revisions thereof. I also understand that a license, if
granted, will be transferable only in accordance with Chapter 27, Section 27.

GROUNDWATER AND SOIL DECONTAMINATION/REMEDICATION APPLICATION TO
CONSTRUCT/OPERATE AIR POLLUTION SOURCE -- Continued

PROFESSIONAL ENGINEER REGISTERED IN FLORIDA

This is to certify that the engineering features of this project have been designed/examined by me and found to be in conformity with modern engineering principles applicable to control and discharge of air pollutants characterized in the license application. There is reasonable assurance, in my professional judgement, that the air pollution source(s) with appropriate pollution control equipment, when properly maintained and operated, will comply with applicable regulations of Broward County Code of Ordinances, Chapter 27. It is also agreed that the undersigned will furnish the applicant with instructions for proper maintenance and operation of the equipment covered in this application.

SIGNED _____ NAME (please print) _____

FLORIDA REGISTRATION NO. _____ PHONE _____ DATE _____

Please affix seal

Which municipality building and zoning department approved the location of the facility?

GENERAL INFORMATION

1. Describe the general nature of the business and the nature and extent of the project. Please refer to the air pollution control equipment. State whether the project will result in full compliance with applicable regulations.

2. Previous air licenses issued: _____

3. Projected equipment operating time _____ hours/day; _____ days/week; _____ weeks/years

If seasonal, describe: _____

4. List air contaminants emitted from each emission point:

5. List add-on control devices for air emissions control, including removal efficiency:

GROUNDWATER AND SOIL DECONTAMINATION/REMEDICATION APPLICATION TO
CONSTRUCT/OPERATE AIR POLLUTION SOURCE -- Continued

6. Please state the duration of remediation system operation and the sampling schedule proposed for emissions sampling.

SUPPLEMENTAL REQUIREMENTS

Please provide the following supplements. All supplemental information must be submitted in order for the application to be deemed complete. Please note that submitting a copy of the project Remedial Action Plan and/or approval letter **does not** fulfill submitting the requested information below.

1. Potential-to-emit volatile organic compound(s) and hazardous air pollutant(s), in lbs/hr and TPY from the entire project, air emission calculations and method of calculation based on system maximum operating scenario, maximum flow rate(s), maximum design capacity of equipment and worst case emissions scenario.

Attached [] Not Attached []
2. Design project details, description and manufacturer's specifications for all pollution control systems.

Attached [] Not Attached []
3. Derivation of control device(s) efficiency. Include test or design data and/or manufacturing control efficiency data.

Attached [] Not Attached []
4. An 8 1/2"x 11" flow diagram identifying the operation and processes. Indicate where contaminated vapor flow stream(s) enter, how and where contamination is processed and where gaseous emissions are emitted, and how contaminated stream is controlled before releasing to atmosphere.

Attached [] Not Attached []
5. An 8 1/2"x 11" plot plan showing the location of the facility and points of air emissions in relation to surrounding area, residences and other permanent structures and roadways.

Attached [] Not Attached []

The air license fee to construct/operate a remediation system is \$180.00. If paying by check, please make check payable to the Broward County Board of Commissioners. Please submit the completed application to the Pollution Prevention and Air Quality Division (PPRAQ) at 1 North University Drive, Suite 203, Plantation, FL 33324. You may contact the PPRAQ at 954-519-1260 should you have any questions.
