The more important an improvement is to you, the more money you put towards the job. If the improvement is not at all important, you may assign it zero dollars. **Remember --- Don't exceed your \$100 budget!**

Chic and Egg know that the way to make a good plan is to get everybody's opinion... after all, how can a plan be any good if people don't use their voice to let the decision makers know what improvements will make them happy?

The Broward County MPO want to develop plans that work for the people and the future... all the way into the 21st Century!

Please help Chic and Egg by filling out this questionnaire. A special prize will be waiting at school when you turn in this assignment! Thank you for your help....You did a Great Job!
