

# One Community Partnership is dedicated to:

- *Creating a comprehensive System of Care driven by family voices for children and youth with Severe Emotional Disturbances*
- *Ensuring a broad array of mental health and other related services are available to support children with Severe Emotional Disturbances and their families in need of treatment*
- *Increasing quality of services available*
- *Improving data collection and implementing science based evaluation to monitor*
- *Attaining cultural proficiency and diversity within the system that is being developed*
