OCP's Governance Board ...

The full Governance Board had their first meeting on March 29th. During this meeting presentations were made by the Federal Government on System of Care concepts and by the workgroups coordinators on their project goals and objectives. The Board voted on a temporary chair and Haazim Udqah was elected. One seat on the Board still needs to be filled (Primary Health Care). The filling of the vacant position will be handled in the future by the Board.
