

STRUT WITH YOUR MUTT

Visit one of Broward County's safe and beautiful parks and participate in a half-hour fitness activity at least six (6) times a month.

After a long day at work or school, while your dog has been alone and waiting for you, why not come home, grab the leash and take your dog for a walk.

All dogs must have current proof of rabies vaccination and be on a leash at all times.

Well-behaved, leashed dogs are allowed to visit all Broward County Parks EXCEPT the following:
Deerfield Island Park,
Fern Forest Nature Center,
Hillsboro Pineland Natural Area,
Hollywood North Beach Park (beachside),
Secret Woods Nature Center,
Tall Cypress Natural Area,
and West Lake Park (north side).
