

Emerald Award

Public Service Announcement

Sponsored by the Broward County Board of County Commissioners
And The Environmental Protection Department

Emerald Award

30-second public service announcement

Broward County honors businesses for good environmental practices. If your business reduces hazardous waste, recycles, conserves natural resources or has other environmentally friendly policies – then you should apply for a county Emerald Award.

An Emerald logo at your business tells your customers you care about them and about our community.

For more information and an application call Kay Sommers at 954-519-1257 – or go online to broward-dot-org-slash-environment.
