Environmental Practices

L-3 Communications is a leading provider of intelligence, surveillance and reconnaissance (ISR) systems and products, secure communications systems, aircraft modernization, training and government services, and is a merchant supplier of a broad array of high technology products. Its customers include the U.S. Department of Defense, the U.S. Department of Homeland Security, selected U.S. government intelligence agencies and aerospace prime contractors.

L-3 Communication's environmental achievements include:

- Awarded the OSHA Star award – the highest voluntary protection rating
- Created a written pollution prevention policy statement
- Certified ISO 14001
- Continually updates its EMS to integrate improved procedures into daily work functions
- Installed a Safety-Kleen Aqueous filtration system
- Upgraded water filter system with new filter membrane
- Replaced old light bulbs with energy-efficient bulbs and a computerized air conditioning system
- Evaluated chemical purchases for toxicity, redundancy, disposal options and less toxic alternatives

Recycling water-based parts washer. The recycling action extends the life of the cleaner, thus the facility uses less.
