

## Asbestos Program Fee Changes Announcement

The Broward County Asbestos Program is committed to providing you with the highest level of service while continuously improving efficiency and quality. To ensure we can sustain these standards and continue to streamline our operations, we are adjusting our fees. **Effective May 1st, 2025**, the fee for processing Statement of Responsibilities Regarding Asbestos (SRRA) submittals is **\$100.00** and **after-the-fact (ATF) submittals are subject to a \$200.00 fee** if they have started, are in progress or completed in violation of applicable federal, State of Florida or Broward County asbestos program notification requirements. This fee is in addition to any noncompliance settlement agreement amount or enforcement penalties assessed in potential formal enforcement action proceedings.

Furthermore, demolition and asbestos renovation project fees will be streamlined and simplified as follows: All project notifications for non-exempt projects will be subject to a **\$250.00 fee**, (re-roofings \$200.00) **if submitted via the Florida DEP Business Portal** (click here for link: [Notice of Demolition or Asbestos Renovation](#)) or **\$300.00**, (re-roofings \$250.00) **if uploading the Florida DEP pdf document** entitled: "Notice of Demolition or Asbestos Renovation, form 62-257.900(1), F.A.C." (click here for form: <https://floridadep.gov/air/permitting-compliance/forms/notice-demolition-or-asbestos-renovation>) in ePermits.broward.org.

Please be advised that asbestos removal projects, building demolition projects, or building renovation projects **are subject to a \$1,000.00 ATF fee** if they have started, are in progress or completed in violation of applicable federal, State of Florida or Broward County asbestos program notification requirements. This fee is in addition to any noncompliance settlement agreement amount or enforcement penalties assessed in potential formal enforcement action proceedings.

This above adjustments reflect the rising program costs, enhancement in services, technology improvements, and significant resource allocation due to findings of noncompliance.

### "Updated Broward County Asbestos Fee Schedule"

	Submitted at least 10 working days before start of the project	Submitted After the Fact (after start of the project)
