HISTORY

- In 1943, the U.S. Navy constructed North Perry Airport (HWO) for use as a satellite training field in connection with flight training activities at Miami Naval Air Station
- The U.S. Navy operated the training field before and after World War II. Broward County leased the facility before acquiring it on October 11, 1957
- HWO is a general aviation airport used exclusively for private and business activity
- The Federal Aviation Administration (FAA) Air Traffic Control Tower at HWO is the busiest federal contract facility in the U.S. (Source: FAA Air Traffic Activity System Operations Data)

AIRFIELD SAFETY RECORD

- 22 consecutive years of zero discrepancies for the annual Florida Department of Transportation (FDOT) airport inspection, which includes a review of markings, signs, runway taxi lights, airport approach slopes and safety areas
