

## Fort Lauderdale-Hollywood International Airport Traffic Update June 2017

### June Traffic Climbed 13.8 Percent

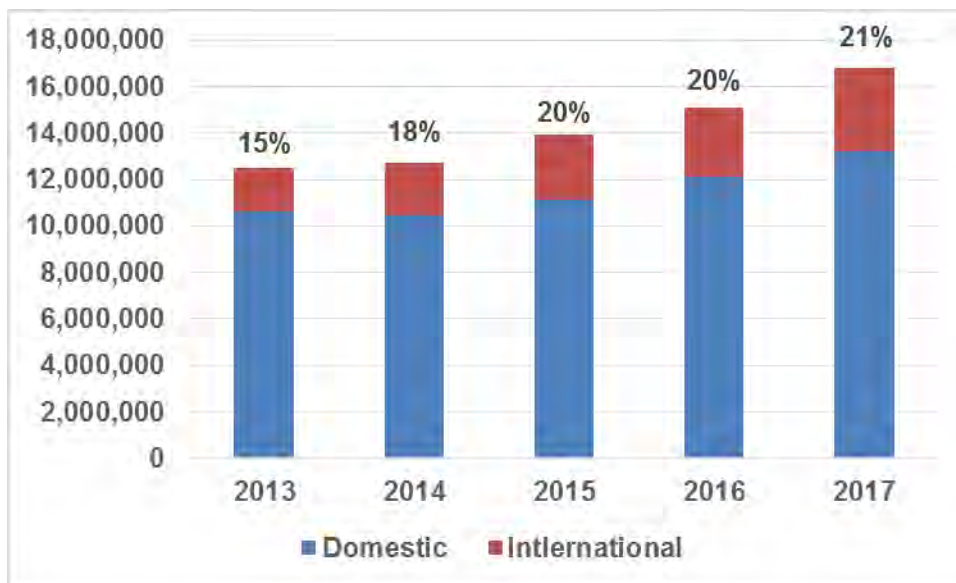

Total traffic for June 2,676,537, up 13.8 percent. Domestic traffic increased 9.3 percent. International traffic was up 33.7 percent.

June was the 39<sup>th</sup> consecutive month of growth in total traffic. It was also the 11<sup>th</sup> consecutive month of double digit growth in international passenger traffic.

June 2017 had an average of 354 scheduled daily departures compared to 311 for June of last year. This is an increase of 14 percent or 43 flights. Service grew to 125 destinations vs. 116 last year.

### International Traffic is Now 21 Percent of Passenger Traffic

International traffic has grown significantly over the past five years. It also continues to be a larger percentage of total passenger traffic. International traffic is now 21 percent (year to date Jan-Jun) of FLL's total passenger traffic. The chart below shows the growth.

### Airports Council International Data Showed FLL #1

The most recent data from Airports Council International for May shows FLL:

- Fastest growing large hub airport for the 12 months ending May.
- Fastest growing large hub airport for the YTD Jan-May.
- Fastest growing large hub airport for May.
- Ranked 10<sup>th</sup> in international traffic for YTD Jan-May.

## New Service

- British Airways to London/Gatwick in July.
- Norwegian to Barcelona in August, Martinique in October.
- JetBlue to Salt Lake City in November.
- Delta to Salt Lake City in November.
- Allegiant to Milwaukee and Norfolk in November.
- Southwest to Punta Cana, San Jose, and Provinciales in November, Aruba in March 2017.

## Discontinued Service

Frontier advised that they will be leaving FLL in October. Frontier presently has three flights a week to Cincinnati and three flights a week to Trenton. It was FLL's only service to Trenton. Delta and Allegiant presently serve Cincinnati.

## International Traffic Expected to Exceed 7 Million Passengers in 2017

Based on scheduled available seats and historical data, FLL should exceed 7 million international passengers and 32 million total passengers for calendar year 2017.
