

FLL Landside Advisory

Please Post and Disseminate to All Airport Employees and Applicable Vendors

ISSUED: March 18, 2020

FLL20-03-18L

REVISION: N/A

EMPLOYEE PARKING AND SHUTTLE ROUTE

LOCATION: Employee Parking and Shuttle Route

SCHEDULE: Thursday, March 19 at 2:00 A.M. until further notice

WORK PERFORMED: Like you, the Broward County Aviation Department (BCAD) is closely monitoring the impact of the COVID19 pandemic on our airport. With the reduction in flight and passenger activity, one of the areas hit hardest by the reductions is our public parking facilities. The reduction in demand affords BCAD an opportunity to allow our employees to park in the Cypress Parking Garage, while providing financial relief by substantially reducing the need for shuttle service.

- Employees will be required to access the Cypress garage through the helix up to the 7th level
- Employees will be required to present their airport ID and their employee parking proximity card to the attendant at the entrance to the facility for access
- The designated exit for employees will be on the 8th floor of the Cypress Garage
- Employees may use the existing Rental Car Center shuttle for transport to Terminal 2, 3, & 4
- Please do not jaywalk between the garage and your work location. Use all provided pedestrian crosswalks
- The airport uses license plate recognition and license plate inventory to control revenue in the garage. Any employee that parks in other than designated employee parking areas will be charged the posted daily fee

Report issues to Airport Operations Control Center 954-359-1201
