**Chronological History Timeline:**

**Date: 5/8/21**  
I lived with Jayden and his clone Andrew Bennett. Andrew passed away and I kept Jayden. Jayden was originally adopted from a Bearded Shelter.

**Date: 4/6/2021**  
I was sitting in my yard with Jayden on leash. The neighbor came out of his house with his pit bull named Gracie. Gracie was not on a leash and rushed into my yard and attacked Jayden. I took Jayden to Advanced Vet Care for emergency surgery because he had a deep bite wound on his neck.

4/8/2021 - I took Jayden to vet for bandage change and follow-up.

4/9/2021 - I took Jayden to vet for suture removal.

Discharge Instructions for Jayden Jarvis:

Diagnosis/Assessment: bite wound (head area)

Re-evaluation today:
The wound and stitches look very good. There is some crust but it is part of normal healing. We removed stitches.

Post-operative Care Instructions:

Activity: Please continue to keep Jayden calm for 5-7 days. No running, jumping or playing with other pets and Jayden should always be leashed when taken outside. Please keep your pet confined to a crate or small room without furniture for the next two weeks.

Incision/ E-collars: Please monitor the incision for any increased redness, pain, swelling or discharge. Please also prevent swimming and bathing for 5-7 days. Please do not let your pet scratch or rub the incision. Your pet should wear the e collar at all times for the next 5-7 whenever not being directly supervised.

Recheck exam:
Follow up with your primary veterinarian to recheck liver values in 2-4 months, sooner if any issues at home. It can not be done through the ER. Alternatively, you can an internal medicine specialist.

Medications: none

Thank you for entrusting us with the care of Jayden.

Sincerely,

Dr. Lubia Samidzheva

INCIDENT/INVESTIGATION REPORT

Narr. (cont.) OCA: 21-024575 Davie Police Department

NARRATIVE

On April 6, 2021 at approximately 1114 hours I was dispatched to [Redacted] in reference to a dog bite. Upon arrival contact was made with the reporting party, Cheryl Jarvis.

Cheryl advised she was sitting in her unfenced backyard with her 12 year old Belgium Sheppard (Jayden) who was confined to a leash. Cheryl observed her neighbors gold/tan pit bull (Gracie) run across the street directly towards her and her dog. The dogs began to fight which lead to the pit bull biting Cheryl’s dog in the neck/head area. The owner of the pitbull, Jovanni Diaz, heard the commotion, ran across the street, and was able to separate the two dogs. Jovanni was apologetic to Cheryl and informed her that he would cover any veterinarian bills. Cheryl bandaged her dog and contacted police.

I observed Jayden to have a 1 inch laceration behind its left ear/head area. The wound was no longer bleeding but was open and appeared it would need some stitches.

Cheryl advised Jovanni lived at 940 SW 133rd TER and contact was made with him at the residence. Jovanni advised he was on the side of his residence with his dog (no leash and no fence). He went into the residence quickly to get his cell phone when he overheard the commotion. He ran out and broke up the two dogs. Jovanni advised his dog was up to date on his shots and believes the last shot was in September/October of 2019, however could not provide the paperwork. He was attempting to get in contact with his veterinarian to get a copy of the paperwork but was unsuccessful while on scene.

While on scene Jovanni reiterated to Cheryl that he would cover any vet bills associated with the injury. Cheryl was going to take her dog to the vet after police left the scene.

Cheryl primarily wished to have vet bills covered as she did not want to have problems with her neighbor. She requested to have the incident documented for informational purposes.

I spoke with Karen Borsini about the incident and she advised she would follow up regarding the vaccination paperwork with Jovanni.
