GOALS

Improve Mobility for All

**Integrate and Serve
Communities**

**Implement Equitable
Transit Solutions**

**Enhance Economic
Development and Ensure
Financial Stability**

**Improve Safety, Security, and
Ensure Environmental
Stewardship**

Transportation

- Update, Modify or Additional Policy(ies) to Transportation Multi-Modal Levels of Service, Complete Streets and/or Greenways and Trails Sections to reflect updated policies or programs such as the 30-Year Transportation Surtax Plan, PREMO Plan and technology.

MULTI-MODAL VISION

- ➔ STRATEGY MM-1: Make the best use of the regional transportation network to move people, goods and services safely and efficiently while incorporating and promoting Complete Streets principles where appropriate in a context sensitive manner.
- ➔ STRATEGY MM-2: Recognize and address the transportation and housing connection.
- ➔ STRATEGY MM-3: Promote and support a sustainable funding source for countywide transit and mobility needs.
- ➔ STRATEGY MM-4: Identify and implement a multi-modal level of service standard for redevelopment proposals.

Transportation Comments

December 11, 2024 – Surtax Oversight Board (Transportation):

- Redevelopment and densification along transportation corridors and arterials creates redlining (a discriminatory practice related to environmental and/or social justice) affect that forces residents to live only where they can afford. (also [housing](#) related)

January 8, 2025 - Interested Party Comments

- Multimodal level of service standard must be adopted for county to continue to urbanize
- BrowardNext should prioritize transit operations
- The County should adopt the Broward Safety Action Plan and Low Stress Multimodal Master Mobility Plan as mandatory

Affordable Housing and Resiliency Update

Resiliency and Sea Level Rise

- December 19, 2024, Staff Meeting with Climate Resource Officer (CRO) and Assistant CRO; follow up February 13, 2025
- Food Distribution (Adjacent)

Affordable Housing

- A municipality does not support consideration of residential on lands designated Rec and OS
- Reconsideration of Redevelopment Unit affordable housing set aside
- Policy 2.16.4 expansion of passenger rail criteria
- Expansion of Accessory Dwelling Units to not require affordability requirement
- Consideration of adaptive and modular type dwelling units to accommodate multitude of living scenarios
