

## OTHER FUNDS

This section includes nine programs with separate funding sources. The Transit Capital Program is supported by Federal Transit Administration grants and transfers from other funds. The Court Facilities Program is funded by court fees. The Beach Renourishment Program is supported with tourist taxes and Federal, State, County and Municipal funds. The Community Development Program is funded by the Federal Community Development Block Grant, the Federal Home Investment Partnership Program (HOME) Grant, and the Emergency Shelter Grant (ESG). The Convention Center Capital Program is supported by transfers of tourist taxes. The Broward Boating Improvement Program is funded with recreational vessel registration fees. The Public Art and Design Program is supported with fund balances and contributions from other funds in accordance with the Public Art and Design ordinance. The Affordable Housing Capital Program is supported with interest earnings and fund balances carried forward from previous years. The Broward Redevelopment Program is supported with fund balance carried forward from previous years.

This section is organized in the following manner:

	<b>Page</b>
Transit Capital Program Five Year Summary	5-2

**PROGRAM**

Transit Capital

**PROJECT**

Grant-Funded Capital Projects

**Funding Summary**

	Actual Expenses Through FY14	Modified FY15 Budget	FY16-20						Total
			Design	FY	Construction	FY	Other	FY	
Grant Funded Capital Projects	N/A	N/A	1,319,260	---	0	---	105,044,390	MY	106,363,650

**Project Comments**

- Funding for all of the FY16-20 Transit Capital Program, except for the transportation concurrency component, comes from the Section 5307 grant agreements with the Federal Transit Administration (FTA). After approval of Broward County Transit's capital program, the FTA provides 100 percent of project funding. Broward County is not required to match the capital grant due to Toll Revenue Credits from the Florida Department of Transportation.
- The FTA's review of capital grant programs on a single-year basis prevents finalizing costs of "out-year" projects.

**Bus and Vehicle Acquisition/Replacement/Maintenance Program**

- In FY16, \$8.9 million is appropriated for replacement of approximately 15 fixed-route buses. An additional \$38.7 million is programmed in FY17-20.
- A total of \$5.4 million is programmed over the 5 year capital program for the purchase of replacement community buses. Through contractual agreements with municipalities, these buses are used for neighborhood shuttle services that increase access to the fixed route system.
- \$986,930 is programmed in FY16-20 for the purchase of Paratransit vehicles.
- \$506,640 is programmed over the 5 year capital program for lease and replacement of operator schedule-relief shuttle vehicles and other Transit support vehicles.
- In FY16-20, a total of \$7.7 million is provided as part of the capital and preventive maintenance program. The program covers costs for parts, equipment, and labor associated with preventive maintenance on buses.
- Over the next 5 years, \$5.3 million is programmed for the repair and replacement of vehicle and bus engines.
- In FY16-20, a total of \$9 million is programmed to lease tires for the fixed-route buses.

**Infrastructure Improvement/Maintenance Programs**

- In FY16-20, \$2.2 million is budgeted for Countywide bus stop infrastructure improvements.
- In FY16-20, \$3.8 million is programmed for ADA improvements to bus stops and transit facilities Countywide.
- \$1.9 million is programmed in FY16-20 for various maintenance shop equipment.
- \$500,000 is budgeted in FY16 for interior painting of the Copans Road building.

## BROWARD COUNTY CAPITAL BUDGET

---

- \$1.3 million is appropriated in FY16 for the design of rehabilitation of Copans Road facility.
- \$111,700 is budgeted in FY16 for the purchase of mobile ID equipment that will allow Marketing staff to issue BCT identification cards to disabled, senior, and youth customers.

### Security Related Programs

- A total of \$3.3 million is appropriated over the 5 year capital program for maintenance and replacement of security cameras and vehicle surveillance system.

### Information Technology Programs

- In FY16-20, \$2.0 million is programmed for maintenance and support of the CAD/AVL system.
- \$310,000 is budgeted in FY16 for the purchase of virtual desktops for Paratransit to improve overall system management.
- Over the 5 year capital program, \$6.3 million is allocated for maintenance and licensing of software and hardware.
- \$36,000 is programmed in FY17 for the purchase of a video conferencing system to allow staff the flexibility to facilitate virtual meetings.

### Administrative and Contractual Costs

- \$398,850 is programmed in FY16-20 for the capital cost of contracting to assist municipalities in maintaining community buses provided by the County.
- In FY16-20, \$700,000 is programmed for planning studies that will assess the county's existing Transit system and address its growing needs.
- \$6.5 million is programmed over the 5 year capital program for contractual services, IT support, and miscellaneous capital items.

Miramar Park and Ride	0	0	0	---	4,480,080	16	0	---	4,480,080

**Project Comments**

- The Transit Concurrency program is funded with fees collected from developers that are transferred from the County Transportation Trust Fund. The Transportation Concurrency Management System divides Broward County into ten Concurrency Districts; however, two districts maintain the existing roadway concurrency system supported with impact fees. Transportation Concurrency fees in the remaining eight districts are based on a five-year Transit Development Plan (TDP) adopted by the County Commission. Transportation concurrency fees are appropriated in FY16 to support the construction of a park and ride lot with parking spaces, shelters, sidewalks, pick-up and drop-off areas located in Miramar (\$4.48m).
- \$4.52 million is appropriated in FY16 for the cost-share of "betterments" to the WAVE Modern Streetcar project including Off-Wire Sectionalized-Ready vehicles, Supervisory Control and Data Acquisition for the traction-powered substations, and Advanced Train and Traffic Control and Communications systems.
- \$1.07 million is budgeted in FY16 for construction observation, permit compliance and verification inspection for the WAVE Streetcar project related to the impact of the construction on the County's roads and rights of way.

**Project Comments**

- In accordance with the authority granted by Section 318.18 Florida Statutes, the County Commission has authorized a \$30 surcharge, which will be imposed for any non-criminal traffic infraction or violation effective July 1, 2004 to fund state court facilities. The court shall not waive this surcharge.
- Facilities Operations include rental and utility expenses for office space leases for BSO Probation, Public Defender, and State Attorney.
- The BSO Probation office is expected to relocate in FY17 to the renovated Midrise Building. Public Defender and State Attorney offices are expected to relocate in FY18 to the renovated Midrise Building.

**Project Comments**

- In FY18-20, funding is provided for ongoing Court Facilities maintenance and improvement projects.
- In FY18, \$375,000 is provided for the installation of digital presentation equipment in twenty-four (24) criminal courtrooms in the North Wing (evidence presentation equipment).
- In FY16-20, funding is transferred to the debt service fund to repay the new Main Courthouse bonds.
- In FY16-20, funding is transferred to the General Fund for Courthouse security.
- Additional funding for Courthouse related capital projects can be found in the General Capital Outlay section of this document.

**Project Comments**

**Beach Renourishment**

- Beach renourishment is the placement of sand on eroded beaches to restore shoreline position and sand volume. Beach restoration is important to protect upland private and public property from damage or destruction by storm waves. In addition, tremendous economic benefits are realized by Broward County, the State of Florida, and the nation due to the dollars generated by tourists visiting our beaches.
- The County has completed the design and engineering phase of the Segment II (Fort Lauderdale, Lauderdale-By-The-Sea, Pompano Beach) renourishment project. The County has received the permits from the State and Federal Government. This will be a truck haul type beach renourishment project which will place 750,000 cubic yards of sand on 5.2 miles of beach for a total estimated cost of \$55.6 million. County staff plans to begin construction in November 2015.
- The County is in the design and engineering phase of the Segment III beach renourishment project. This project will place 980,000 cubic yards of sand on the beaches of John U. Lloyd Park, Dania, Hollywood, and Hallandale and will be a combination of a truck haul and dredge sand beach renourishment project estimated at a total cost of \$53.7 million.

- The County will continue to pursue Federal, State and City reimbursements. Federal and State reimbursements are subject to legislative appropriations. During the 2015 State legislative session, \$2.7 million was appropriated for Segment II construction in FY16, while \$6.73 million was appropriated during the 2013 and 2014 State legislative sessions. Also, \$248,000 was appropriated in the 2015 State legislative session for the design of Segment III in FY16. If the County is successful in obtaining additional Federal and State appropriations for the Segment II and Segment III projects, the City share of the associated project cost will be adjusted.
- Support costs include a cost allocation to reimburse the General Fund for direct and indirect costs incurred by central service agencies and other agencies and tasks related to the Beach Capital program.
- Annual funding is provided to support two positions in the Environmental Planning and Community Resilience Division for work on beach renourishment and sand bypass projects. Funding is also provided for reimbursement to the Environmental Planning and Community Resilience Division's General Fund for other positions that work on the Beach Capital program and are budgeted in the General Fund.
- Tourist taxes provide funding for the County's costs associated with the beach renourishment projects; therefore, the level of tourism activity directly affects the amount of local funding available for beach erosion control and renourishment. At the same time, the quality and availability of Broward County's beaches potentially has a significant impact on the level of tourism activity in the County.

**Port Everglades Inlet Management Plan**

- The Port Everglades Sand Bypassing Project is intended to pass along 50,000 to 80,000 cubic yards of sand annually to the beaches of John U. Lloyd Park, Dania, Hollywood, and Hallandale, thereby increasing the sustainability of those beaches south of the Port Inlet. The man-made, federally-owned navigation features on the north side of the Port's inlet (i.e. the deep-draft channel and rock jetties) are widely regarded as major factors influencing the beach erosion south of that location, by interrupting sand transport to the downdrift shorelines. A series of feasibility and engineering studies have been completed, and a sand by-pass methodology has been proposed and approved by the State of Florida. State and federal permit applications have been submitted, and additional studies and investigations of construction impacts will be needed prior to implementation. Pending Board of County Commissioners approval, staff plans to begin construction of the bypassing infrastructure in FY16.
- In FY16, Port Everglades will contribute a portion of the funding for construction of the project.

**Project Comments**

- Broward County Housing Finance and Community Development: Single family housing rehabilitation and service delivery costs for approximately 35 low/moderate income Broward County residents.
- Broward Housing Solutions: Installation of 32 hurricane impact windows at one Broward Housing Solutions property.
- BHP Community Land Trust, Inc.: Acquisition and rehabilitation of approximately two affordable, lease purchase duplexes (four total units) in Broward County.
- City of Coconut Creek: Housing rehabilitation assistance for a minimum of two Coconut Creek low income households at a maximum of \$30,000 each.

**BROWARD COUNTY CAPITAL BUDGET**

- City of Cooper City: Minor home repair and elimination of code violations assistance at approximately \$20,000 each, to a minimum of two low/moderate income households in Cooper City.
- City of Coral Springs: Housing rehabilitation assistance for a minimum of five homes in Coral Springs for low income households at a maximum of \$35,000 each.
- City of Deerfield Beach: Housing rehabilitation assistance for a minimum of three homes in Deerfield Beach for low income households at a maximum of \$50,000 each.
- City of Lauderdale Lakes: Service delivery costs and minor home repair assistance to a minimum of seven low/moderate income households at no more than \$26,774 each in Lauderdale Lakes.
- City of Margate: Housing rehabilitation assistance for a minimum of two low income households in Margate for a maximum of \$30,000 each.
- City of Miramar: Housing Rehabilitation assistance for about two low income households in Miramar at a maximum of \$50,000 each.
- City of Pembroke Pines: Housing rehabilitation assistance for a minimum of three low income households in Pembroke Pines at a maximum of \$50,000 each.
- City of Sunrise: Provision of a 5 year deferred payment loan to minimum of five low income households in the City of Sunrise. The maximum HOME loan amount is \$14,531 and the minimum is \$3,000.
- City of Tamarac: Rehabilitation loan assistance to a minimum of three low income households in Tamarac at a maximum of \$25,000 each.
- City of Weston: Single family housing rehabilitation for a minimum of 35 low/moderate income City of Weston residents as part of the City of Weston's Community Development Block Grant program.
- State Housing Initiatives Partnership: Funds are allocated for State Housing Initiatives Partnership projects in FY16.

**Project Comments**

- Broward County Housing Authority: Provision of housing counseling and financial assistance to prevent foreclosure to approximately 100 low income clients in Broward County.
- Broward County Family Success Division: Short-term homelessness prevention and rapid re-housing rental subsidies for a minimum of 30 eligible households.
- City of Cooper City: Provision of transportation services for the elderly who utilize the Cooper City Senior Center. Center will serve about 40 seniors annually and provide approximately 1,200 trips.
- City of Hallandale Beach: Provision of a year-round after-school care program for a minimum of 175 students, grades K-8 from low/moderate income households.
- City of Lauderdale Lakes: Provision of The Quality of Life Program for a minimum of 30 seniors and 30 youth, including classes on fitness, health, education, professional development, and leadership; and provision of transportation services to approximately 60 seniors to doctors offices, governmental agencies, shopping, and other appointments.
- City of Lighthouse Point: Provision of social/recreational services to a minimum of 85 senior residents.
- City of Parkland: Provision of a recreational program to transport approximately 100 senior citizens to field trips for educational and social activities.

**BROWARD COUNTY CAPITAL BUDGET**

- Covenant House Florida, Inc.: Provision of emergency shelter and support services for a minimum of 192 homeless youth.
- Florida's Singing Sons, Inc., d/b/a Florida's Singing Sons Boy Choir: Provision of music literacy scholarships to a minimum of 40 boys from low income, income-certified families in Oakland Park to participate in Florida's Singing Songs Boy Choir.
- Henderson Mental Health Center: Operational costs for the referral of emergency shelter and rapid re-housing services to a minimum of 50 clients with severe psychiatric disabilities.
- Luz Del Mundo (Light of World Clinic): To expand, improve and enhance the levels of medical treatment services, health/education outreach and diabetic counseling being provided to a minimum of 150 indigent patients in the City of Oakland Park to help prevent diabetes and assist those who already have diabetes in living a healthy lifestyle as a means of treating the disease more effectively.
- Town of Lauderdale-by-the-Sea: Provision of educational, social and recreational activities and services to a minimum of 118 senior citizens.
- Women in Distress of Broward County, Inc.: Provision of outreach services, individual and group counseling, and information and referral services for a minimum of 60 domestic violence victims.

**Project Comments**

- Broward County Housing Authority: Provision of rental assistance for a period of one year to a minimum of 2 previously homeless individuals and families residing in temporary or emergency shelters who are employed and ready to move into permanent housing, but have difficulty affording market rate rentals because of their income.
- Broward County Housing Finance and Community Development Division: Provision of down payment assistance and service delivery costs to a minimum of seven low income households to assist in the purchase of affordable housing units.
- City of Deerfield Beach: Acquisition and rehabilitation assistance of one home in Deerfield Beach for one low income home buyer.
- City of Lauderhill: Housing purchase assistance for a minimum of four low/very low income households in Lauderhill at a maximum of \$20,000 each.

**BROWARD COUNTY CAPITAL BUDGET**

- City of North Lauderdale: Down payment and closing cost assistance to approximately 10 eligible applicants at up to \$10,000 each and residential hardening assistance for qualified wind resistance standards and installation of materials for a minimum of five low and moderate income homeowners at up to \$15,000 each in North Lauderdale.
- City of Plantation: Provision of purchase assistance up to \$35,000 for a minimum of three low and very low income households in the City of Plantation.
- City of Weston: Provision of down payment assistance for a minimum of two low income households to assist in the purchase of affordable housing units for City of Weston residents or Countywide residents if there are no City of Weston applicants.
- Liberia Economic and Social Development, Inc.: Provision for assistance of new construction of two single family homes on infill lots in Hollywood and West Park.
- Saratoga Crossings, LTD: Development of a 136-unit affordable and 9% tax credit multi-family apartment complex at 1105 W Dania Beach Blvd in Dania Beach.
- Suncrest Court Redevelopment, LLC: Development of a 116-unit affordable and 9% tax credit multi-family apartment complex at 1615 NW 23rd Avenue in Fort Lauderdale.
- Town of Davie: Down payment and closing cost assistance for a minimum of three housing units for low income households at a maximum of \$35,000 each.

**Project Comments**

- City of Dania Beach: Installation of solar lighting in selected sections of the City's CRA in Dania Beach.
- City of Hallandale Beach: Activities include retrofitting/upgrading of existing gravity storm drainage system, construction of new storm water facilities, regrading and sodding of swales to increase permeability, construction of new sidewalks, asphalt pavement construction/restoration and landscape improvements in census tract 1004 in Hallandale Beach.
- City of Oakland Park: Drainage improvements from NE 38th Street to NE 43rd Court on NE 5th Avenue. The project will add approximately 2,300 linear feet of drainage improvements as part of the City's Bid Pack 11 water, sewer, and drainage improvement project.
- City of West Park: Preparation of survey, specifications, and design plans for construction of a new McTyre Park Multi-Purpose Center at 3501 SW 56th Avenue in West Park.
- City of Wilton Manors: Installation of a canopy to cover the outdoor physical fitness stations at the Island City Park Preserve.
- Covenant House Florida, Inc.: Renovation of four dormitory-style bedrooms and four bathrooms at Covenant Houses' emergency shelter serving homeless youth.
- Town of Pembroke Park: Installation of storm water force main to increase the available drainage on SW 25th Avenue from Park Road to Lake Trinity in Pembroke Park.

**Project Comments**

- In FY16-20, \$8,680,000 is provided for major renovations, repairs and maintenance at the Convention Center based on the planned maintenance and replacement schedule for these items.
- In FY16-20, \$5,000,000 is provided for the capital challenge grant program that is funded with tourist development taxes. This grant program will provide financial assistance to organizations in Broward County to enhance Broward County as a tourist destination.
- Reserves are budgeted for project contingencies at \$1,000,000 per year in FY16-20 to ensure sufficient funds are available for unforeseen capital maintenance needs for this 20 plus year old building.
- Funds are budgeted in FY16 for pre-development work related to the Convention Center expansion, parking garage and site work.

**Project Comments**

- The Broward Boating Improvement Program (BBIP) is funded by recreational vessel registration fees. The County and local governments apply annually to the Marine Advisory Committee (MAC) for funds to construct various boating improvement projects. The applications are reviewed, scored, and ranked by the MAC during a three month process in the fall. The MAC then forwards their recommendation for funding to the County Commission.
- The project approved by the MAC for FY16-20 includes a complete renovation of the recreational boating facilities at Everglades Holiday Park including a new entrance bridge and road, redesigned boat trailer parking lots, new boat docks and boat ramps, fire suppression system for the boat docks, and other minor ancillary elements.

**PROGRAM**

Public Art and Design Trust Fund

**PROJECT**Public Art and Design Program

---

- The Broward County Public Art and Design (PAD) ordinance was established to create an enhanced visual environment for the citizens of Broward County, to integrate the design work of artists into the development of County capital improvement projects, and to promote tourism and economic vitality of the County through the artistic design of public places. The ordinance instituted a requirement for contributions for art funding based on a percentage of eligible cost components for eligible capital improvement projects. The Public Art and Design Ordinance requires functionally integrated public artwork and provides the option for the Board of County Commissioners to appropriate a public art amount different from the percentage prescribed in the ordinance on a project by project basis.
- The percentages for public art provided in the ordinance are as follows: Two percent of the eligible County Capital Projects to construct or renovate any park, road beautification, bridge or causeway, beach restoration, sidewalk, bikeway, above grade utility, land acquisition for greenways, and to construct or renovate any building except detention facilities. One percent for highway and arterial road projects, except projects in the unincorporated areas. Eligible construction costs means the total capital project appropriation, including engineering and design, less demolition costs, equipment costs, real property acquisition costs and soil remediation costs. Funding for repairs, maintenance and installation of mechanical equipment or modifications required solely for the Americans with Disabilities Act (ADA) are not eligible for PAD funding.
- The public art allocations fund integrated works of art that create a sense of place, that improve the visual environment for the citizens of Broward County, and that advance the missions of the County departments where the projects reside. Commissioned artworks are the result of interaction between selected artists and interested constituent groups during the design stages of the projects.
- Per the ordinance, a portion of each public art allocation is allocated to fund future program support and conservation costs to maintain the art into the future.
- FY16 Art Projects include: 1) Dillard Green Space (\$80,000); 2) Port Everglades Collage Project (\$15,000); 3) Water and Wastewater Video (\$15,000).
- Conservation projects over \$5,000 shall include: 1) West Regional Courthouse, "Whispering Place" (\$5,500); 2) Judicial Complex, "Accordant Zones" (\$20,000); 3) Young At Art Museum, "I Love You" (\$27,000); 4) Long Key "Island Garden" (\$53,000); 5) North County Homeless Assistance Center, "Reach for the Stars" (\$5,500); and 6) Public Art App (\$15,000).
- Public art allocations funded with unrestricted revenues are transferred to the Public Art Trust Fund; bond, grant, enterprise and other restricted appropriations remain within their respective funds. Public art allocations are pooled at the Airport and Port for highly visible art locations. Public art allocations are pooled at Port and Airport for art projects identified in the Fort Lauderdale-Hollywood International Airport Public Art Master Plan and the Port Everglades Public Art Master Plan.
- Proposed Public Art and Design allocations generated by eligible FY16 capital projects are presented by fund on the next page. The proposed allocations shown are based on the percentages provided in the ordinance, except for those projects where an alternate amount is recommended based on the reasons stated in the chart on the following page.
- For FY16, the positions formerly budgeted in the Public Art & Design Fund are transferred to the Cultural Fund to provide greater funding stability. The total estimated impact to the Cultural Fund is expected to be \$269,130 which will be offset with reimbursements from other funds with Public Art and Design projects. One position is budgeted in the Aviation Department at a cost of \$79,250.

Reserves	N/A	N/A	0	---	0	---	9,963,400	MY	9,963,400

**Project Comments**

- Funding is provided in FY16 for the Broward Redevelopment Program (BRP). The BRP was established in Fiscal Year 2013 to fund eligible projects in defined redevelopment areas which have demonstrated blighted conditions, high unemployment, and declining property values to help address the public purposes of economic development, job creation, and removal of blighted conditions. Eligible applicants are municipalities, community redevelopment agencies, or the County.
- As part of the Affordable Housing Capital Program, funding is provided in FY16-20 for the development of content and the maintenance of the Housing Council website.
