### **Required Documents\* at time of Inspection**

- ***Copy of the paid receipt(s) for the permit(s)***
- ***Current vehicle registration(s)***

***\*Any vehicle in-line as of closing time (11:30 AM) will be inspected if the Division has the required documents for the vehicle. Any vehicle that arrives after closing time will not be inspected.***

Any vehicle failing to complete and pass inspection by the last date listed above (August 28th), will be required to schedule an appointment for an inspection at Government Center West (GCW) online at; [schedule an appointment](#) or by visiting GCW and scheduling at a kiosk there.

If you have any questions or require additional information regarding this matter, please contact the Division at (954) 765-1700.

## Vehicle Inspection Standards Checklist

***Please use the Checklist, below, to prepare your vehicle(s) prior to inspection.***

- **Vehicles must be clean and presentable.**
- **Painted surfaces** must be free of grease and ground-in dirt (door jambs, door pillars, door sills, hood, exterior and interior of trunk lids).
- **Body** should be free of significant dents, creases, nicks, and other types of damage, including both bumpers, the front spoiler/shroud and windshield (free of cracks or chips).
- **Trunk interior** should be covered, clean and presentable, with an intact weather seal.
- **Equipment in the trunk** must be covered (spare tire, jack, and other).
- **Tires** should have sufficient tread, at least to a depth of 2/32".
- **Mechanical equipment**, listed below, must be in proper working order:
  - Headlights/high beams
  - Dash indicator lights work as to manufacturer specifications
  - Front and rear directionals
  - Emergency flashers
  - Taillights
  - Reverse lights
  - Brake lights – including center-mounted ("high-hat") lights
  - Tag lights
  - Interior (dome) lights – must operate automatically when doors open or close
  - Horn
  - Windshield wipers (with blades free of tears or excess wear)
  - Air conditioning (front and rear in luxury limousines and transport vans)
  - Window and door operators
  - No excessive smoke
- **Vehicle's interior** should be clean and presentable, including the following:
  - Seat covers, headliners & floor covering: No rips, tears, holes, and cigarette burns, and secured under the door thresholds (sill plates)
  - Door weather seals: Intact
  - Seat belts: Properly working (one pair for each passenger the vehicle can accommodate)
  - Must include a mechanism for displaying the driver's chauffeur's registration (hack license)

### **Out of County and Courtesy Vehicles Only**

- **Tires** should have sufficient tread, at least to a depth of 2/32".
- **Mechanical equipment**, listed below, must be in proper working order:
  - Headlights/high beams
  - Dash indicator lights work as to manufacturer specifications
  - Front and rear directionals
  - Emergency flashers
  - Taillights
  - Reverse lights
  - Brake lights – including center-mounted ("high-hat") lights
  - Tag lights
  - Interior (dome) lights – must operate automatically when doors open or close
  - Horn
  - Windshield wipers (with blades free of tears or excess wear)
  - Air conditioning (front and rear in luxury limousines and transport vans)
  - Window and door operators
  - No excessive smoke

***\*Once the Consumer Protection Division has processed your permit renewal fees and verified that all the information has been submitted and is complete, you will be eligible for your annual vehicle inspection.***
