Facial Coverings Frequently Asked Questions
Updated through Emergency Orders 20-12, 20-13, and 20-14

1. **What is a facial covering?** **What does it do?**
Facial coverings help prevent the spread of COVID-19 and help keep you and those around you safe. The use of facial coverings may reduce transmission by more than 50%. Facial coverings should cover your nose and your mouth and comply with the CDC recommendations. For CDC guidance on selection, use, and sanitization of facial coverings see https://www.cdc.gov/coronavirus/2019-ncov/preventgetting-sick/diy-cloth-face-coverings.html. Please note facial coverings are in addition to, and not a substitute for, the required social distancing. [EO 20-12, Section 3]

2. **Who has to wear a facial covering and when?**
Generally stated, facial coverings must be worn by all persons when obtaining any good or service from any establishment, and by all persons working in those establishments during in-person interactions with the public (regardless of distance). These general rules apply to all establishments, including businesses, stores, and amenities. [EO 20-12, Section 3]

The persons who must wear facial coverings include:

a. Members of the public when obtaining any good or service or otherwise visiting any establishment (which includes businesses and amenities), including entering, exiting, and otherwise moving around within the establishment;

b. Workers in an establishment of any type that is permitted to operate in Broward County while engaged in in-person interactions with the public;

c. Workers in restaurants or other food establishments, regardless of their distance from other persons, while involved in the preparation or handling of food, unless doing so would pose a hazard or health issue.

3. **What are the consequences of violating an Emergency Order? How do I report a violation of the Emergency Orders?**
Violation of an Emergency Order may be subject to civil and criminal enforcement action. Civil enforcement of a violation may include fines of $1,000 per day per violation, except where the violation is knowing and irreparable/irreversible, in which event civil enforcement may include fines up to $15,000 per violation [Section 8-56, Broward County Code of Ordinances]. Criminal enforcement of a violation as a second-degree misdemeanor may include fines of up to $500 per day, imprisonment up to 60 days, or both [Section 8-55, Broward County Code of Ordinances]. If you know or suspect that a particular establishment is in violation of an applicable order, you should report the suspected violation to 311 or to the applicable local municipal code enforcement. These penalties may be imposed upon an individual as well as an establishment.

4. **May municipalities impose additional, stricter limitations on facial coverings?**
