1 How will concessions and restrooms be handled? In addition if windows are rolled down so cars aren’t constantly running, it may not be possible to observe social distancing. 5/7/2020 12:11 PM
2 This is a recreational use where are drivers will stay in their cars, limited interaction with ticket purchases will encourage card usage for touchless transactions with text receipts, sound is provided through the radio, cars will be at least 12 feet apart and capacity will be limited to encourage social distancing. 5/7/2020 12:00 PM

Comments:

1. Optional by community, but allowable.
2. If social distancing could be accomplished and monitoring could occur, then reconsider.
3. Leave up to association with restrictions described.
4. Social distancing and sanitation are very difficult in a non-commercial environment like a clubhouse gym, pool, etc...
5. As we meet the CDC criteria for reopening America.
6. This activity often requires close contact with sweating and water use involved.
7. Small gyms under 3000 sq ft should also be permitted to reopen.
8. There must be an employee who is responsible for equipment sanitizing between uses.
9. I have similar concerns about housing developments that cannot staff these facilities.
10. Only if the association has the ability and resources to enforce and sanitize during all hours of operation.
