SUMMARY OF CURRENT ACTIONS

- The Broward County Emergency Operations Center (EOC) is at a Level 2 (Partial Activation) as of 12:00 PM, Tuesday, March 10, 2020.
  - The EOC is activated using a combination of virtual and onsite staffing resources to support both preparedness and response activities as well as information sharing and situational awareness.
  - Virtual activation means that assigned staff not permanently assigned to the EOC are assigned to work from a remote office while still engaging via WebEOC, telephone, and e-mail those activated, ESF, Branch Directors, Section Chiefs and ESF leads will login to WebEOC, EMD staff will update the WebEOC boards, statewide tracking of cases, and other data. However, there are certain positions that may require to physically attend meetings or planning sessions. Those ESF Leads, Section Chiefs and Command Staff (and select others) will be notified when those meetings are scheduled.
  - Municipalities should use their essential elements of information (EEI) board to update their current situation status.
  - Activated EOC units include: Executive Policy Group, Unified Command Group, Liaison Officer, Public Information Officer (ESF14 Public Information), Operations Section Emergency Services Branch (ESF4 Firefighting, ESF16 Law Enforcement) , Human Services Branch (ESF6 Mass Care, ESF8 Health and Medical) Infrastructure Branch (ESF1 Transportation, ESF18 Business and Industry), Logistics Section (ESF7 Resources Support including Procurement/Supply Unit, Mission Tracking, Unit, and EOC Support Unit), Planning Section (ESF5 Information and Planning), and the Finance and Administration Section
- All Broward County Government offices are open.
- Florida Department of Health reported (as of 12:00 M, Monday, March 16, 2020) that Broward County has 38 individuals who have tested positive for COVID-19 and are in isolation until cleared by public health officials.
  - 15 cases are travel related
  - Age range of 19-83
    - 21 Males
As of March 13, 2020, Broward County canceled all sporting events at County parks, including the last two weekends of the Renaissance Festival, and all public programs and activities at County libraries. However, Parks and Libraries currently remain open for resident use at their discretion. The County has stepped up sanitizing procedures at all of its government facilities.

Broward County has worked with the Supervisor of Elections Office to ensure that polling locations are properly sanitized in advance of Election Day, and during Election Day until the polls close. There are some changes to polling locations, primarily to assist with voting by elderly residents.

The 17th Judicial Circuit Court has canceled Jury Duty for the weeks of March 16 and March 23.

Broward County District Schools will be temporarily closed effective Monday, March 16, 2020. Additionally, they will be providing breakfast and free or reduced lunch to students and their families on Monday, Wednesday, and Friday.

The National Hockey League (NHL) has paused the 2019-2020 season, and no hockey games will be played at the local BB&T Center until further notice.

Major League Soccer (MLS) has suspended the 2020 season for 30 days effective March 12, this postpones inaugural homes games for Inter Miami FC scheduled to be played at Lockhart Stadium in Fort Lauderdale.

All visitations to Group Homes, Developmental Disabilities Centers, Nursing Homes, Homes for Special Services, Long-Term Care Hospitals, Transitional Living Facilities, Intermediate Care Facilities for the Developmentally Disabled, Assisted Living Facilities, Adult Mental Health and Treatment Facilities, Adult Forensic Facilities, Civil Facility and Adult Family-Care Homes have been prohibited, except for certain circumstances, as stated in DEM Order Number 20-006, pursuant to the Executive Order Number 20-52.

The Broward County Aviation Department (BCAD) is working closely with the Centers for Disease Control and Prevention (CDC) and Broward County Public Health Officials to monitor the developments of the Coronavirus (COVID-19). BCAD is conducting daily update calls with Broward County Emergency Management Division and in contact with airport stakeholders, as well as local and federal partners. Additionally, in unison with Broward County, Fort Lauderdale-Hollywood International Airport (FLL) is in monitoring and initial readiness mode. The Aviation Department has a response plan in place for FLL, which would be activated if an infected individual is identified while traveling through the airport.

Port Everglades is open and operational and working closely with the U.S. Coast Guard, U.S. Customs and Border Protection, Florida Department of Health (FDOH) and the U.S. Centers for Disease Control (CDC) Quarantine Station in Miami for any COVID-19 issues that come up with cruise ships or cargo vessels

SUMMARY OF FUTURE ACTIONS

- Support DOH-Broward in the planning, logistical support and operation of drive-thru Points of Collections.
• Monitor and process resource requests from BERT and Municipal stakeholders. Forward applicable request to Florida Division of Emergency Management (FDEM) and track acquisition and distribution to point of delivery.

• Provide support as needed to DOH-Broward and Human Services Department for post-testing case management. Ensure appropriate support is provided for vulnerable population food and medication needs.

• Ensure unified messaging is ongoing.

• Take all actions recommended by the CDC and DOH to protect yourself and your staff from contracting the COVID-19 virus.
