## **Required ICS Online Course Descriptions and Web Links**

### **IS 100.b: Introduction to Incident Command System (3-hour course)**

<http://training.fema.gov/EMIWeb/IS/IS100b.asp>

ICS 100, *Introduction to the Incident Command System*, introduces the Incident Command System (ICS) and provides the foundation for higher level ICS training. This course describes the history, features and principles, and organizational structure of the Incident Command System. It also explains the relationship between ICS and the National Incident Management System (NIMS).

### **IS 200.b: ICS for Single Resources and Initial Action Incidents (3-hour course)**

<http://training.fema.gov/EMIWeb/IS/IS200b.asp>

ICS 200 is designed to enable personnel to operate efficiently during an incident or event within the Incident Command System (ICS). ICS-200 provides training on and resources for personnel who are likely to assume a supervisory position within the ICS.

### **IS 700.a: National Incident Management System (NIMS), An Introduction (3-hour course)**

<http://training.fema.gov/EMIWeb/IS/is700a.asp>

This course introduces and overviews the National Incident Management System (NIMS). NIMS provides a consistent nationwide template to enable all government, private-sector, and nongovernmental organizations to work together during domestic incidents.

### **IS 800.b: National Response Framework, An Introduction (3-hour course)**

<http://training.fema.gov/EMIWeb/IS/IS800b.asp>

The course introduces participants to the concepts and principles of the National Response Framework.

### **IS 702.a: NIMS Public Information (3-hour course) \***

<http://training.fema.gov/EMIWeb/IS/is702.asp>

The National Incident Management System (NIMS) provides a consistent nationwide template to enable all government, private-sector, and nongovernmental organizations to work together during domestic incidents. This includes public information systems, as described in NIMS are designed to effectively manage public information at an incident, regardless of the size and complexity of the situation or the number of entities involved in the response.

### **IS 703.a: NIMS Resource Management (3.5-hour course) \***

<http://training.fema.gov/EMIWeb/IS/is703a.asp>

This course introduces resource management as described in the National Incident Management System (NIMS), and shows how systems for managing resources can be used to improve incident response. The course includes examples of best practices, lessons learned, and job aids to assist the participant in planning for resource management.
