MULTI-FAMILY & SINGLE FAMILY BOND ISSUES

AUDIT RESULTS AND FINANCIAL OVERVIEW SEPTEMBER 30, 2016

CONFIDENTIAL

To the Board of Directors Housing Finance Authority of Broward County

In planning and performing our audit of the multi-family and single family bond issue financial statements of the Housing Finance Authority of Broward County for the year ended September 30, 2016, we considered HFA's internal control in order to determine the extent of our auditing procedures for the purpose of expressing our opinion on the financial statements. An audit does not include examining the effectiveness of internal control and does not provide assurance on internal control. Accordingly, we do not express an opinion on the effectiveness of HFA's internal control.

Statements on Auditing Standards No. 114 requires the auditors to communicate certain matters to keep those charged with the governance adequately informed about matters related to the basic financial statements audit which are, in our professional judgment, significant and relevant to the responsibilities of those charged with governance in overseeing the financial reporting process. The following summarizes the communications.

Our procedures are designed, primarily, to enable us to form an opinion on the financial statements and, therefore, may not bring to light all weaknesses in policies or procedures that may exist. We aim, however, to use our knowledge of the organization gained during our work to make comments and suggestions.

This report is intended solely for the information and use of management, and others within the organization and is not intended to be and should not be used by anyone other than these specified parties.

Sincerely,

MATTERS TO BE COMMUNICATED

AUDITOR'S RESPONSE

Auditor's Responsibility Under Professional Standards

Our responsibility is to express an opinion on the multi-family and single family bond financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal controls relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Report to the Board of Directors Summary of Accounting Estimates

Accounting estimates are an integral part of the preparation of financial statements and are based upon management's current judgment. The process used by management encompasses their knowledge and experience about the past and current events and certain assumptions about future events. You may wish to monitor the process used to compute and record these accounting estimates throughout the year. The following describes the significant accounting estimates reflected in the Authority's Multi-family and Single Family Bond Issue's September 30, 2016 financial statements:

MULTI-FAMILY BONDS ISSUES

- □ Cypress Grove: During our audit, we noted that the statement for account number 312651 was not recorded in the general ledger, resulting in an understatement of the investment by \$121,162. Per discussion with the external accounting firm, they had not received the account statement from the Trustee and, therefore, the balance was not recorded in the preliminary trial balance provided to the auditor. A prior period adjustment was made in the current year to properly record the account in the general ledger as of September 30, 2016, after discussion with the auditors and receipt of the statement from the Trustee.
- □ Pembroke Villas: As noted in the prior year audit, there was a difference of \$423,431 between the Guaranteed Investment Contract ("GIC") provider statement, the general ledger and the Trustee account statements. The GIC provider statement provided to the external accountant omitted the \$423,431 balance in the debt service reserve account which resulted in an inadvertent omission of the amount from the 9/30/15 general ledger. The difference still existed in the preliminary trial balance provided to the auditor by the external accountant for fiscal year ended 9/30/16 and, therefore, a prior period adjustment was made in the current year to properly record the account in the general ledger as of September 30, 2016. The correcting entry was also posted to the general ledger to reflect the correct final trial balance numbers after discussion with the auditors and receipt of the correct GIC provider statement and the statement from the Trustee.

MULTI-FAMILY BONDS ISSUES

- □ In March 2017, the external accountant requested a complete list of all accounts be provided by the Trustee in order to ensure that all account transactions and balances are recorded properly in the general ledger going forward. The Trustee provide the list in April 2017.
- □ Current status of prior year comment on Meridian/Woodsdale Oak: Payments of interest (from Borrower) were not made on a timely basis in fiscal year ended September 30, 2015. In the current year, payments were made on time, in accordance with the Trust Indentures.

SINGLE FAMILY BONDS ISSUES

SINGLE FAMILY BONDS ISSUE 1985 B

- A negative change in net position of approximately \$94,000 was noted. This is, primarily, due to the accretion on the Capital Appreciation Bonds ("CAB's") of \$110,000 during the period. The reported deficit of \$1,002,963 includes an accumulated deficit of approximately \$909,118 as of the beginning of the fiscal year under audit (10/1/2015).
- According to the Trustee, during the fiscal year ended September 30, 2016, there were not sufficient funds on hand to pay debt service. No payments have been made during the fiscal year. A default notice was received and the Trustee is communicating with the Financial Guaranty Insurance Company ("FGIC") and FGIC's claims paying agent (Wilmington Trust) to coordinate the details for presentation of physical certificates and distribution of payments. FGIC has provided notice to the Trustee regarding its objections to the policy claim. The remaining balance due related to the debt is \$1,155,000.
- As of September 30, 2016, the Trustee had submitted total claims amounting to \$687,707 to the FGIC and an additional \$203,231 on October 1, 2016 (subsequent event) due to insufficient funds in the current and prior years. The claims have not been paid.

Audit Results and Financial Overview

HOUSING FINANCE AUTHORITY OF BROWARD COUNTY SINGLE FAMILY BONDS ISSUES

SINGLE FAMILY BONDS ISSUE 2006AB& C

We noted a negative change in net position of \$17,149 compared to a positive change of \$12,827 in the prior year. This is, primarily, due to the decrease of the other income (recovery of prior year's allowance provision on the 2nd mortgage).

SINGLE FAMILY BONDS ISSUES 2007ABC&D

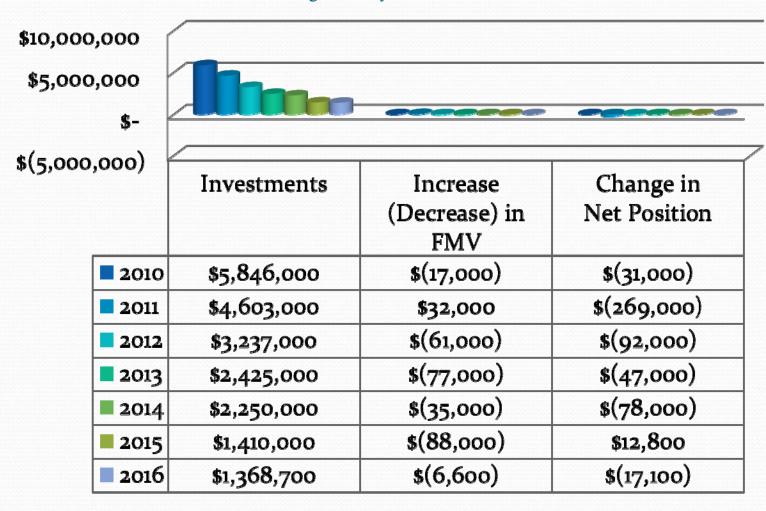

We noted a betterment in the change in net position to negative \$38,500 in the current year from negative \$48,600 in the prior year. This is, primarily, due to the decrease in bond interest and other expenses.

SINGLE FAMILY BONDS ISSUES 2007E&F

We noted a decrease in the change in net position reflecting a positive change of \$27,258 in fiscal year ended 2016 as compared to a positive change of \$54,495 in fiscal year ended 2015. This is, primarily, due to decreased unrealized gain on investment and lower amortization of bond premium in the current year.

To the Board of Directors and Ralph Stone, Executive Director Housing Finance Authority of Broward County, Florida

We are pleased to confirm our understanding of the services we are to provide to the Housing Finance Authority of Broward County, Florida (the "Authority") for the year ended September 30, 2016. We will audit the financial statements of each of the Single-Family and Multi-Family Bond Program Funds (the "Bond Program Funds") (as listed in Exhibit I) which comprise the statements of net position as of September 30, 2016 and the related statements of revenue, expenses and change in net position, and cash flows for the year ended September 30, 2016, and the related notes to the financial statements (the "financial statements").

Audit Objectives

The objective of our audits is the expression of opinions as to whether your financial statements are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles. Our audit will be conducted in accordance with auditing standards generally accepted in the United States of America and the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and will include tests of the accounting records of the Bond Program Funds and other procedures we consider necessary to enable us to express such opinions. We will issue a written report upon completion of our audits of the Bond Program Funds' financial statements. Our report will be addressed to the Board of Directors of the Housing Finance Authority of Broward County, Florida. We cannot provide assurance that unmodified opinions will be expressed. Circumstances may arise in which it is necessary for us to modify our opinions or add emphasis-of-matter or other-matter paragraphs. If our opinions on the financial statements are other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audits or are unable to form or have not formed opinions, we may decline to express opinions or issue reports, or may withdraw from this engagement.

We will also provide a report (that does not include an opinion) on internal control related to the financial statements and compliance with the provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a material effect on the financial statements as required by *Government Auditing Standards*. The report on internal control and on compliance and other matters will include a paragraph that states (1) that the purpose of the report is solely to describe the scope of testing of internal control and compliance, and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control on compliance, and (2) that the report is an integral part of an audit performed in accordance with *Government Auditing*

Standards in considering the entity's internal control and compliance. The paragraph will also state that the report is not suitable for any other purpose. If during our audit we become aware that the Bond Programs Funds are subject to an audit requirement that is not encompassed in the terms of this engagement, we will communicate to management and those charged with governance that an audit in accordance with U.S. generally accepted auditing standards and the standards for financial audits contained in *Government Auditing Standards* may not satisfy the relevant legal, regulatory, or contractual requirements.

Audit Procedures - General

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audits will involve judgment about the number of transactions to be examined and the areas to be tested. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We will plan and perform the audit to obtain reasonable rather than absolute assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the government or to acts by management or employees acting on behalf of the government. Because the determination of abuse is subjective, *Government Auditing Standards* do not expect auditors to provide reasonable assurance of detecting abuse.

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control, and because we will not perform a detailed examination of all transactions, there is a risk that material misstatements may exist and not be detected by us, even though the audit is properly planned and performed in accordance with U.S. generally accepted auditing standards and *Government Auditing Standards*. In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements. However, we will inform the appropriate level of management of any material errors, any fraudulent financial reporting, or misappropriation of assets that come to our attention. We will also inform the appropriate level of management of any violations of laws or governmental regulations that come to our attention, unless clearly inconsequential, and of any material abuse that comes to our attention. Our responsibility as auditors is limited to the period covered by our audits and does not extend to later periods for which we are not engaged as auditors.

Our procedures will include tests of documentary evidence supporting the transactions recorded in the accounts, and may include direct confirmation of cash, receivables and certain other assets and liabilities by correspondence with selected individuals, developers, funding sources, creditors, and financial institutions. We will request written representations from your attorneys as part of the engagement, and they may bill you for responding to this inquiry. At the conclusion of our audits, we will require certain written representations from you about your responsibilities for the

financial statements; compliance with laws, regulations, contracts, and grant agreements; and other responsibilities required by generally accepted auditing standards.

Audit Procedures - Internal Control

Our audits will include obtaining an understanding of the government, the Bond Program Funds and their environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures. Tests of controls may be performed to test the effectiveness of certain controls that we consider relevant to preventing and detecting errors and fraud that are material to the financial statements and to preventing and detecting misstatements resulting from illegal acts and other noncompliance matters that have a direct and material effect on the financial statements. Our tests, if performed, will be less in scope than would be necessary to render an opinion on internal control and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to *Government Auditing Standards*.

An audit is not designed to provide assurance on internal control or to identify significant deficiencies or material weaknesses. However, during the audits, we will communicate to management and those charged with governance internal control related matters that are required to be communicated under AICPA professional standards and *Government Auditing Standards*.

Audit Procedures - Compliance

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of the Bond Program Funds' compliance with the provisions of applicable laws, regulations, contracts, agreements, and grants. However, the objective of our audits will not be to provide an opinion on overall compliance and we will not express such an opinion in our report on compliance issued pursuant to *Government Auditing Standards*.

Management Responsibilities

Management is responsible for establishing and maintaining effective internal controls, including evaluating and monitoring ongoing activities, to help ensure that appropriate goals and objectives are met; following laws and regulations; and ensuring that management and financial information is reliable and properly reported. Management is also responsible for implementing systems designed to achieve compliance with applicable laws, regulations, contracts, and grant agreements. You are also responsible for the selection and application of accounting principles, for the preparation and fair presentation of the financial statements and all accompanying information in conformity with U.S. generally accepted accounting principles, and for compliance with applicable laws and regulations and the provisions of contracts and grant agreements.

Management is also responsible for making all financial records and related information available to us and for the accuracy and completeness of that information. You are also responsible for

providing us with (1) access to all information of which you are aware that is relevant to the preparation and fair presentation of the financial statements, (2) additional information that we may request for the purpose of the audits, and (3) unrestricted access to persons within the government and any advisors from whom we determine it necessary to obtain audit evidence.

Your responsibilities include adjusting the financial statements to correct material misstatements and for confirming to us in the written representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

You are responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud affecting the Bond Program Funds or government involving (1) management, (2) employees who have significant roles in internal control, and (3) others where the fraud could have a material effect on the financial statements. Your responsibilities include informing us of your knowledge of any allegations of fraud or suspected fraud affecting the Bond Program Funds or government received in communications from employees, former employees, grantors, regulators, or others. In addition, you are responsible for identifying and ensuring that the government complies with applicable laws, regulations, contracts, agreements, and grants and for taking timely and appropriate steps to remedy fraud and noncompliance with provisions of laws, regulations, contracts or grant agreements, or abuse that we report.

Management is responsible for establishing and maintaining a process for tracking the status of audit findings and recommendations. Management is also responsible for identifying and providing report copies of previous financial audits, attestation engagements, performance audits or other studies related to the objectives discussed in the Audit Objectives section of this letter. This responsibility includes relaying to us corrective actions taken to address significant findings and recommendations resulting from those audits, attestation engagements, performance audits, or other studies. You are also responsible for providing management's views on our current findings, conclusions, and recommendations, as well as your planned corrective actions, for the report, and for the timing and format for providing that information.

Engagement Administration, Fees, and Other

We may from time to time, and depending on the circumstances, use third-party service providers in serving your account. We may share confidential information about you with these service providers, but remain committed to maintaining the confidentiality and security of your information. Accordingly, we maintain internal policies, procedures, and safeguards to protect the confidentiality of your personal information. In addition, we will secure confidentiality agreements with all service providers to maintain the confidentiality of your information and we will take reasonable precautions to determine that they have appropriate procedures in place to prevent the unauthorized release of your confidential information to others. In the event that we are unable to secure an appropriate confidentiality agreement, you will be asked to provide your consent prior

to the sharing of your confidential information with the third-party service provider. Furthermore, we will remain responsible for the work provided by any such third-party service providers.

We understand that your employees will prepare all cash or other confirmations we request and will locate any documents selected by us for testing.

We will provide copies of our reports to the Housing Finance Authority of Broward County, Florida; however, management is responsible for distribution of the reports and the financial statements. Unless restricted by law or regulation, or containing privileged and confidential information, copies of our reports are to be made available for public inspection.

However, subject to applicable laws and regulations, audit documentation and appropriate individuals will be made available upon request and in a timely manner to Broward County, Florida County Auditor or his designee, a federal agency providing direct or indirect funding, or the U.S. Government Accountability Office for purposes of a quality review of the audits, to resolve audit findings, or to carry out oversight responsibilities. We will notify you of any such request. If requested, access to such audit documentation will be provided under the supervision of S. Davis & Associates, P.A.'s personnel. We expect to begin our audit in January 2017. Tanya I. Davis is the engagement partner and is responsible for supervising the engagement and signing the reports or authorizing another individual to sign them. To ensure that S. Davis & Associates, P.A.'s independence is not impaired under the AICPA Code of Professional Conduct, you agree to inform the engagement partner before entering into any substantive employment discussions with any of our personnel.

Our invoices for these fees will be rendered as stated in Exhibit II and are payable on presentation. In accordance with our firm policies, work may be suspended if your account becomes 30 days or more overdue and may not be resumed until your account is paid in full. If we elect to terminate our services for nonpayment, our engagement will be deemed to have been completed upon written notification of termination, even if we have not completed our report. You will be obligated to compensate us for all time expended and to reimburse us for all out-of-pocket costs through the date of termination. The above fee is based on anticipated cooperation from your personnel and the assumption that unexpected circumstances will not be encountered

during the audits. If significant additional time is necessary, we will discuss it with you and arrive at a new fee estimate before we incur the additional costs.

In addition, you agree that the exclusive venue for any action to collect such invoices shall be the courts of Broward County, Florida.

DISPUTE RESOLUTION PROCEDURES

The following procedures shall be used to resolve any controversy or claim ("dispute") as provided in our engagement letter of January 13, 2017. If any of these provisions are determined to be invalid or unenforceable, the remaining provisions shall remain in effect and binding on the parties to the fullest extent permitted by law.

Mediation

A dispute shall be submitted to mediation by written notice to the other party or parties. In the mediation process, the parties will try to resolve their differences voluntarily with the aid of an impartial mediator, who will attempt to facilitate negotiations. The mediator will be selected by agreement of the parties. If the parties cannot agree on a mediator, a mediator shall be designated by the American Arbitration Association ("AAA") or such other neutral facilitator acceptable to both parties.

The mediation will be conducted as specified by the mediator and agreed upon by the parties. The parties agree to discuss their differences in good faith and to attempt, with the assistance of the mediator, to reach an amicable resolution of the dispute.

The mediation will be treated as a settlement discussion and therefore will be confidential. The mediator may not testify for either party in any later proceeding relating to the dispute. No recording or transcript shall be made of the mediation proceedings.

Each party will bear its own costs in the mediation. The fees and expenses of the mediator will be shared equally by the parties.

Arbitration

If a dispute has not been resolved within 90 days after the written notice beginning the mediation process (or a longer period, if the parties agree to extend the mediation), the mediation shall terminate and the dispute will be settled by arbitration. The arbitration will be conducted in accordance with the procedures in this document and the Arbitration Rules for Professional Accounting and Related Services Disputes of the AAA as in effect on the date of the engagement letter ("AAA Rules"). In the event of a conflict, the provisions of this document will control.

The arbitration will be conducted before a panel of three arbitrators, regardless of the size of the dispute, to be selected as provided in the AAA Rules. Any issue concerning the extent to which any dispute is subject to arbitration, or concerning the applicability, interpretation, or enforcement of these procedures, including any contention that all or part of these procedures are invalid unenforceable, shall be governed by the Federal Arbitration Act and resolved by the arbitrators. No potential arbitrator may serve on the panel unless he or she has agreed in writing to abide and be bound by these procedures.

DISPUTE RESOLUTION PROCEDURES – Continued

The arbitrators may not award non-monetary or equitable relief of any sort. They shall have no power to award punitive damages or any other damages not measured by the prevailing party's actual damages, and the parties expressly waive their right to obtain such damages in arbitration or in any other forum. In no event, even if any other portion of these provisions is held to be invalid or unenforceable, shall the arbitrators have power to make an award or impose a remedy that could not be made or imposed by a court deciding the matter in the same jurisdiction.

No discovery will be permitted in connection with the arbitration unless it is expressly authorized by the arbitration panel upon a showing of substantial need by the party seeking discovery.

All aspects of the arbitration shall be treated as confidential. Detailed Rating Considerations

Mortgage Enhancement

The underlying mortgage pools are guaranteed as to full and timely payment of principal and interest by the Government National Mortgage Association (GNMA), Fannie Mae or Freddie Mac. The mortgage pools have an established pass-through rate and are guaranteed with respect to payment regardless of the actual performance of the underlying pool of mortgage loans.

Legal Framework

The bonds are issued under a stand-alone trust indenture are payable only from the MBS, cash and investments held in the trust account.

Cash Flow Projection Performance

Cash flow's prepared by Moody's exhibit both revenue and parity sufficiency for the Program under several stress scenarios. The Program's significant over-collateralization, with an asset-to-debt ratio of 1.40x, gives the program greater ability to perform under severe stress scenarios.

Investments

The investment agreement between Credit Agricole (A1/P-1) at the rate of 4.5% provides additional revenue to the program for principal and interest payments on excess reserves that must remain in the program until maturity or redemption.
