## SENIOR TOUCHLINE

Touchline calls also provide social contact and emotional support for people over 60 years of age who live alone. The counselor establishes a relationship with the senior and provides them with a sense of security and safety. In some cases, the Touchline Counselor may be the only voice or human contact they will hear that day or week. One simple phone call can help give a senior peace of mind knowing that a volunteer will be checking in with them at the same time each day. For more information, call 211 or visit [211-broward.org](http://211-broward.org).

# WE WANT TO HEAR FROM YOU
