

Broadview Park Green Infrastructure Stormwater Drainage Project

PROJECT DETAILS

The Broward County Highway and Bridge Maintenance Division will be improving the stormwater drainage system in your area in the Broadview Park neighborhood. The work involves the installation of stormwater drainage pipes and construction of 2 new pump stations near SW 42nd Avenue and SW 25th Street. This will help keep the system working safely and reliably for years to come.

PROJECT HOTLINE: 954-289-1177

FAST FACTS

Work Started: February 2026

Purpose: This project will improve drainage, reduce flooding and strengthen the neighborhood framework.

Estimated Cost: \$21.7 Million investment

Anticipated End Date: June 2027

This project is funded in part by federal grants and the Broward County Penny for Transportation Surtax.

Project Map

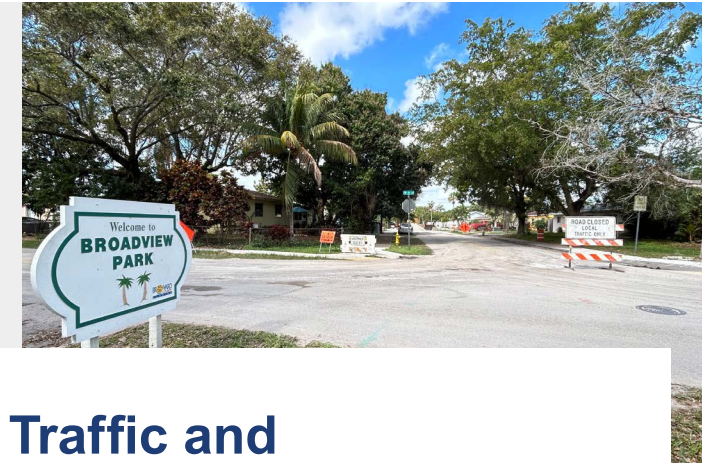

KEY

- Project Area 2
- Project Area 4
- Project Area 6
- Project Area 3
- Project Area 5
- Project Area 7

What Work Will You See?

- Construction vehicles and equipment in the area
- Roadway excavation and drainage pipe installation
- Utility adjustments and restoration activities as work progresses

Traffic and Neighborhood Impacts

Work will be completed by a licensed contractor and inspected by the County. Crews will work weekdays from 7:30 a.m. to 6:30 p.m. A traffic officer will be on site during these hours.

You may notice temporary changes during construction, including:

- Lane closures or short-term road closures
- Clearly marked detours
- Construction traffic, noise, and vibration within the work zone

Access to homes and businesses will be maintained at all times, and traffic signs will be in place to help keep everyone safe.

We appreciate your patience as these improvements are completed.

Construction Updates

AREA 5

Drainage installation, roadway paving, and restoration activities are complete. Temporary striping has been placed on the roadway. Permanent striping will be installed once the new asphalt has had time to cure. The project is nearing completion, and residents are already benefiting from the improvements.

AREA 4

Drainage installation activities are ongoing on SW 42nd Avenue. Construction is underway on two stormwater pump stations near SW 25th Street (along the canal). This work is expected to continue for approximately nine months.
