Speakers

David Mizejewski is a naturalist, wildlife expert and a spokesperson for the National Wildlife Federation. David is the host of the Nat Geo WILD series *Pet Talk*. He also hosted and produced Animal Planet's *Backyard Habitat*, is a regular guest on NBC's *Today Show*, *Conan* and ABC's *Good Morning America*. In addition to his television appearances, David has worked as a wildlife consultant on motion picture productions such as *Where the Wild Things Are* and *Legend of the Guardians*. David is the author of *Attracting Birds, Butterflies and Other Backyard Wildlife*, and contributor to *Gardening How-To* magazine, *Birds and Blooms* magazine and the *Huffington Post*.

Patrick Fitzgerald is Senior Director of Community Wildlife at the National Wildlife Federation, leading NWF's work to help create wildlife-friendly cities, counties, towns and neighborhoods. Patrick leads the NWF Community Wildlife Habitat program, the NWF Garden for Wildlife Volunteer Programs and NWF's Mayors' Monarch Pledge.

Katie Lelis, GISP, Environmental Protection and Growth Management Department, Environmental Planning and Community Resilience Division, has extensive experience in water resources and climate resilience GIS. She has been developing projects and programs for 22 years.

Connectivity Project for Migratory Songbirds Presentation

Rose Bechard Butman, NatureScape Broward Program Coordinator
Rose organizes programs and community projects that support sustainable landscapes and wildlife habitat. Rose is an International Society of Arboriculture (ISA) Certified Arborist, Florida Master Gardener and Habitat Steward. She serves on the Broward County Extension Overall Advisory Council and the Regional Advisory Council for the University of Florida Institute for Food and Agricultural Sciences. Rose is a board member of the South Florida Aquatic Plant Management Society, as well as numerous other local boards. Rose has provided gardening tips on our local NBC 6 and nationally on *Designing Spaces*. Her home is registered as a NWF Wildlife Habitat.
