## BMSD CODE COMPLIANCE HIGHLIGHTS:

### MOBILE HOME AND RECREATIONAL VEHICLES

In the Broward Municipal Services District, zoning standards allow recreational vehicles (RVs) to be parked at residential homes, but are not allowed to be used for habitation, ensuring neighborhood character and safety consistent with residential land-use designations. It is prohibited to attach sewer or electrical service connections to an RV while at properties except temporary electrical hookup up to 48 hours before departure.

#### ELECTRICAL CONNECTION

#### SEWER CONNECTION

### BROADVIEW PARK NUISANCE ABATEMENT!

The County has launched a new dedicated Code Inspector program focused on identifying and addressing inoperable vehicles within residential neighborhoods in the Broward Municipal Services District. This initiative is intended to improve community safety, reduce visual blight and ensure compliance with restrictions on improper vehicle storage on unpaved surfaces.

### HELP TO KEEP SIDEWALKS CLEAR IN OUR COMMUNITIES!

Property owners are responsible for maintaining all landscaping on their property in a manner that supports public safety, neighborhood walkability and community appearance. Trees, hedges, shrubbery and other vegetation must be regularly trimmed so that low-hanging branches or overgrown growth do not obstruct sidewalks, roadways or pedestrian paths. Routine landscape maintenance also helps to prevent an unkempt appearance and contributes to the overall cleanliness, safety and visual appeal of the neighborhood.
