### Proposed &Barr Team

## Account Service Team Leaders

# Adam Liszewski

**GROUP ACCOUNT DIRECTOR** – ACCOUNT LEAD

*Manages roster of clients, providing strategic leadership.*
*Works with agency account staff on training and growth.*

Arnold Worldwide. Ogilvy & Mather. &Barr. What do these three advertising agencies have in common? If you thought Adam Liszewski, you'd be right. And psychic because, let's face it, that's one heck of a guess. As &Barr's Group Account Director, Adam is a passionate, strategic leader dedicated to driving a clear marketing vision, developing compelling creative messages and building solid partnerships for all clients, including Nemours Children's Hospital. Prior to joining &Barr, Adam had already demonstrated his keen ability to successfully lead global and national initiatives in hospitality, entertainment and retail, which has included Universal Orlando Resort, Choice Hotels, Golf Channel, McDonald's and Castrol Motor Oil. Add to it an impressive list of accolades and awards, and it's fairly obvious why he's on our team. "At the end of the day," he says, "I love the advertising process from beginning to end – understanding the business problem to solve and attacking it head-on."

| HOSPITALITY & TOURISM EXPERIENCE | |
|---|---|
| **AGENCY** Experience | St Pete/Clearwater CVB, Seminole Hard Rock Hotel and Casino Tampa and Hollywood, Fairmont Bermuda, South Seas Island Resort, Steamboat Ski & Resort Corporation Wynn Las Vegas, Walt Disney World Swan and Dolphin, Cable Beach Resorts |

Adam also worked for 3 years as Choice Hotels Marketing Director, where he led the relationship with franchisees across the nation, and managed brand-specific creative strategies for Comfort Inn, Comfort Suites, Econo Lodge, Rodeway Inn, and Vacation Rentals, which represented nearly 3,200 properties in the U.S. (61% of Choice Hotels' portfolio) |

# Kim Blaylock

**VP, ACCOUNT SERVICE**

*Manages Ad and PR account service teams at &Barr; provides strategic planning and brand strategy services to agency clients.*

VP, Account Service isn't just a title for Kim. It's part of her DNA. Kim loves this business and loves partnering with clients—and, believe us, they love her too. Ever received flowers from a client? Kim has. In her impressive 25-year career, she's helped get results for clients like Rosen Hotels & Resorts, Florida Virtual School, Bealls Stores, Discover The Palm Beaches, Visit Orlando and PGA National Resort & Spa. When she's not diving into the latest research or crafting engaging strategies for our clients, Kim's helping grow the next generation of account service superstars. She runs regular internal training sessions to teach her team new skills and to foster organic growth opportunities for our agency and our clients. Also in the spirit of giving back, Kim shares her marketing and business expertise as a board member for Seniors First, a nonprofit organization dedicated to helping Central Florida seniors remain healthy and independent. How she finds the time between late night emails sharing the latest marketing research to her meeting-packed calendar, we have no idea.

| HOSPITALITY & TOURISM EXPERIENCE | |

| **AGENCY** Experience | Visit Orlando, Experience Kissimmee, Discover The Palm Beaches, Rosen Hotels & Resorts, The Peabody Orlando, Hyatt Regency Orlando, The Lodge & Beach Club at Ponte Vedra Beach, PGA National Resort & Spa, AirTran Airways |

# Rebekah Bouch

**SR. ACCOUNT EXECUTIVE**

*Provides daily account management services and internal agency facilitation of media, creative and reporting.*

Senior Account Executive extraordinaire. Sci-fi geek. Major gamer. When it comes to getting the job done right and espousing Star Wars lore, Rebekah knows what she's talking about. More than a liaison between &Barr and the clients she serves, Rebekah is a strategic planning and brand management rock star who can fill the holes of any marketing plan placed before her, proof that graduating Magna Cum Laude and earning that snazzy "Most Outstanding Graduate" title was not by accident. Having worked with a variety of clients, including Florida Virtual School, Crayola Experience, Discover The Palm Beaches and The Peabody Orlando, she simply has the uncanny ability to just "get it." When she's not developing stellar marketing solutions, Rebekah can be found jogging, lounging on the beach or sitting in front of a video game console for hours on end.

| HOSPITALITY & TOURISM EXPERIENCE | |
|---|---|
| **AGENCY** Experience | The Peabody Orlando, Hyatt Regency Orlando, Experience Kissimmee, Discover The Palm Beaches, and Rosen Hotels & Resorts, Crayola Experience Orlando, American Automobile Association (AAA) |

# Bradley Quereau

**ACCOUNT EXECUTIVE**

*Provides daily account management services and internal agency facilitation of media, creative and reporting.*

Not one to shy away from a challenge, or a UCF game, Bradley has brought a plethora of energy to &Barr's Account Team. Having previously worked on accounts like Universal Parks & Resorts, American Express and American Airlines, to name a few, Bradley knows what it takes to help brands succeed. &Barr clients that benefit from Bradley's strategic insights include Nemours, FLVS, YMCA and AAA. Asked what he's most appreciative of, and Bradley will tell you he's just happy to be who, and where, he is. "This may be simple, but I am really happy with where I am in life. A great husband and dog, great job and I live in an AMAZING city. I love Orlando!" Orlando, and &Barr, loves you right back, Bradley!

| HOSPITALITY & TOURISM EXPERIENCE | |
|---|---|
| **AGENCY** Experience | American Automobile Association (AAA), American Airlines |
| **CLIENT** Experience | Bradley worked as an Associate Representative, Partnership Marketing at Universal Parks & Resorts, where he worked with key resort partners to activate in-park and in-market advertising and marketing initiatives. He worked with partners including American Express, Rider Sandals, and Banana Boat. |

## Media & Analytics Team Leaders

# Dennis Nikles

**VP, MEDIA & ANALYTICS**

*Management oversight of the media planning & measurement teams, across our full-service media offing including broadcast, print, out-of-home, digital, social media and analytics/reporting.*

Dennis is a Master of Media who is able to make a $500,000 media buy work like a million bucks and change. As &Barr's Vice President of Media & Analytics, Dennis has to do a lot, know a lot and keep a lot on the move for our clients, especially when challenged by emerging media channels that are competing for eyeballs and budgets. As negotiator-in-chief, he's the one leveraging the spend and generally making clients darn glad he's around to make sense of it all. Proactive, analytical and genuinely enthusiastic, Dennis lays out plans with crystal-clear logic and confidence, knowing &Barr's media partners will not only back him up, but also routinely exceed expectations. That's why, when value-added opportunities arise, Dennis isn't just on their radar – he's on speed dial. Good thing he's always ready to take the call and get things done for our clients.

| **AGENCY** Experience | Discover The Palm Beaches, Experience Kissimmee, Daytona CVB, Kennedy Space Center, Wannadu City, State of Virginia Tourism, Virginia Beach Tourism, and FLAUSA (Visit Florida in the 90s) |

# Cristina Howard

**DIRECTOR OF DIGITAL MEDIA & ANALYTICS**

*Media strategist who oversees research, planning and development of all digital media plans.*

Cristina's not your typical digital media maven. As &Barr's Director of Digital Media, she uses her expertise to manage research, planning and placement of one-to-one targeted media campaigns across display media, pre-roll video, social media and paid search. She's a media-planning guru and an expert in programmatic advertising with extensive experience in consumer acquisition. Her experience and knowledge of new media technologies, as well as traditional buys, has been an incredible asset to every &Barr client, including Crayola Experience, Rosen Hotels & Resorts, Discover The Palm Beaches, Nemours Children's Hospital and Sonny's BBQ. She's also a sought-after speaker and well-known within the travel industry, having led media strategy for multiple Florida-based and national hotels, resorts and tourism bureaus. She's a proud graduate of Florida International University, the best school in the state of Florida and quite possibly the world. A distinction that may or may not be influenced by the fact that her bio's writer is also an FIU grad. (Go Panthers!)

| HOSPITALITY & TOURISM EXPERIENCE | |

| **AGENCY** Experience | The Peabody Orlando, Hyatt Regency Orlando, Experience Kissimmee, Bahamas Ministry of Tourism, Discover The Palm Beaches, Rosen Hotels & Resorts, Sonesta Hotels, Ocean Property Hotels, Inn on Fifth, and Bimini Bay Resorts, American Automobile Association (AAA) |

# Lorena Bergan

**DIRECTOR OF DIGITAL AD OPERATIONS**

*Traffics digital media to publishers and ad networks, including display, rich media, mobile, video and email.*

Calm and detail-oriented, Lorena may give the impression that she is all business. And that impression would be correct. As &Barr's Director of Digital Ad Operations, she's responsible for ensuring ad distributions contain the highest quality outputs, fastest turnaround times and most efficient workflows across multiple platforms. (Intense, right?) To top it all off, Lorena is a true team leader, eager and ready to collaborate with all &Barr departments to assure the work we create for our clients surpasses our expectations and theirs. But perhaps Lorena's greatest achievement, one might argue but we wouldn't if we were you, is that she's the first-ever recipient of the &Barr Goose of Glory, an internal award bestowed on those who have gone above and beyond. And she totally deserves it.

# Michelle Ou

**SR. MANAGER OF DIGITAL MARKETING & ANALYTICS**

*Manages reporting, implementation, optimization and in-depth analysis for client digital marketing channels and websites.*

"Hey! Michelle's back!" Yes, yes she is. Having once-upon-a-time interned and worked at &Barr, Michelle's returned from her self-imposed hiatus in NYC where she worked at (name drop) Publicis and (ahem) global apparel company PVH. And we couldn't be happier. As &Barr's Senior Manager of Digital Marketing & Analytics, Michelle is reclaiming her position as a formidable digital maven, helping to lead her team while planning, coordinating and managing project campaigns for all &Barr agency clients. But don't let Michelle's dedication fool you — she actually has a life outside the office that she happily shares with her husband Troy and son Logan. Glad they let us share a little of her time.

# Dana Montalto

**MEDIA BUYER**

*Secures client advertisements on local TV, cable and radio.*

If you hear the words "media buyer" and immediately imagine the stereotypical stylish professional who knows how to get things done, all we have to say is, "Yeah, that's not a stereotype. That's Dana." A shrewd negotiator, Dana's better connected than some mafiosos. A fitting analogy given that she first started her career in New York and eventually made her way to the warmth of Orlando. As &Barr's Media Buyer, Dana negotiates and places TV spots and radio anywhere and everywhere. Having done this for more than a few years and for more than a few impressive clients, like Geico, Jack in the Box, Boston Market, Subway, Pizza Hut and Bravo Cable Network, she knows exactly whom to call to get the best bang for our clients' media bucks. Way to work it, Dana!

| **AGENCY** Experience | Hard Rock Hotel and Casino - Orlando, Tampa, and Fort Meyers, Discover The Palm Beaches, Experience Kissimmee |

# Makeda Farrell

**INTEGRATED MEDIA PLANNER & BUYER**

*Secures clients with cross channel media implementation.*

Makeda likes spending fat bags of cash. Well, sort of. What she actually likes to do is create highly targeted media plans for &Barr clients like Nemours Children's Hospital, Stein Mart, Bealls, Rosen Hotels & Resorts and Ruth's Chris Steak House. And while that often involves spending millions of dollars, she's extremely strategic in her thinking and planning. Having created media plans for such big brands as Ruth's Chris Steak House, Makeda has definitely found her calling and a home at &Barr. In addition to serving as our Jr. Integrated Media Planner & Buyer, Makeda is also &Barr's resident fashionista, a passion nurtured by her grandmother, who founded a fashion design school in Trinidad. Savvy, stylish and full of sunshine, it's no wonder we hired her.

# Carley Colding

**DIGITAL MEDIA PLANNER & BUYER**

*Provides media strategy, execution and management of media plans and buys within online channels.*

What does a former public relations account executive do to further her career and make some waves? Take a gig at &Barr as a Digital Media Planner & Buyer. A graduate of the University of Central Florida, Carley decided to put her swanky degree in advertising and public relations to work at &Barr, and we couldn't be happier. A proactive self-starter, Carley merges her interest in new media with exceptional organization skills to assist the digital media team in the planning, execution and management of interactive campaigns for key &Barr clients like Nemours Children's Hospital and Florida Virtual School. In her spare time, which she somehow manages to have, Carley enjoys visiting her family in the Pacific Northwest, fishing on Anna Maria Island and eating more pizza than one would consider feasible given her height and weight. Hollow leg? We think so.

## Creative Services Team Leaders

# Rob Bloom

**VP/CREATIVE DIRECTOR**

*Management oversight of the creative team, providing creative direction, concepting, strategy, and branding.*

Rob loves ideas. Not a middle-school-crush kind of love, but a full-on Bogey-and-Bacall kind of spark that can be felt in the next room. His smile is infectious, and his laughter has the ability to overpower even the biggest curmudgeon of a client, not that we have any of those. An award-winningest creative, Rob's extensive experience includes having written for the Cartoon Network, The Onion, McSweeney's and NPR. He even had a short screenplay produced by the Upright Citizens Brigade, which played in 20,000 theaters nationwide. Impressed yet? Rob has also worked for some of the best agencies in the country, including Moxie, 22squared and J. Walter Thompson. So, what brought him to &Barr? Fate, though the fact that he started his advertising career as an intern at then Fry Hammond Barr may have something to do with it. Today, Rob's instrumental in leading the agency's creative renaissance, truly transforming everything from the work we produce to the smiles on people's faces. He's an astoundingly special person who also happens to make everyone around him feel special, too. Not bad for a guy who got into the business because he loved ideas and just wanted to wear shorts to work.

# Jacqui Garcia

**ASSOCIATE CREATIVE DIRECTOR/WRITER**

*Oversees and executes client brand and messaging development on client campaigns.*

Ask Jacqui why she gave up her cushy freelance career to return to full-time agency life, and she'll likely say, "They promised me I could wear PJs." In all seriousness, the opportunity to work at &Barr came along at the right time - Jacqui was eager to do great things for a great agency and &Barr fit the bill, and then some. Along with her love of all things advertising, Jacqui brings to &Barr a depth and breadth of experience that includes regional, national and international clients like Visa, M&Ms, FedEx, Seminole State College, The JW Marriott, Visit Orlando, Orlando Health and oodles more. And while she's won her share of shiny awards, the award she holds most dear is the National Addy she won for a vomit bag. (True story.) As for the PJs, that opportunity hasn't materialized yet, but many others already have - Jacqui's helping to lead the Bealls and Florida Virtual School accounts, as well as the agency's newly founded annual Flippin' Festive Pancake Brunch. Send her a clever email and she just may share the recipe.

# Tim Carvalho

**SENIOR ART DIRECTOR**

*Provides art direction on creative concepts across all mediums.*

"Go-getter" may be an accurate way to describe Tim, but it really just skims the surface of a man who's creatively driven and ridiculously talented. Sure, he could've worked anywhere after earning his masters from SCAD, but he chose Orlando. And while it may be his love of theme parks that drew him here, it was his appreciation of &Barr's creative culture that helped him become our Senior Art Director. It's a role that Tim doesn't take lightly, ready to provide senior art direction to &Barr's clients, as well as mentorship and creative thought leadership. A Harry Potter fan who still awaits his acceptance letter from Hogwarts (and who doesn't?), Tim brings with him a vast amount of award-winning skills and experience that includes brands like Walt Disney World, Andre Agassi Foundation, Martin's Guitar Strings and Hard Rock Hotel, to name just a few. Whatever your sorcerific ways, Tim, we're happy you've been sorted into our house.

# Katie Edwards

**ART DIRECTOR**

*Oversees and executes client brand and messaging development on client campaigns.*

If there's one thing you learn about Katie, it's that she doesn't realize just how incredibly talented she is. (No, really. She's, like, pretty clueless.) Still, it works out for us as we love having her talent and creativity within our walls, and on our walls. No lie — you often see Katie's hand lettering showcased in a client piece or our own &Barr posters. As well as stellar drawing skills, Katie's got mad computer creds that she taps for a variety of clients, like Ruth's Chris Steak House, Rosen Hotels & Resorts and others. When not helping to make &Barr look good, Katie can be found screen printing at Native Screen Print Co. or creating new illustrations for Monster Ink Co., a small company she co-founded that incorporates her love for Halloween and classic movie monsters. Entrepreneur much? So, while she may look like she's your typical artistic genius, you'll soon discover she's actually a super savvy, monster-loving artistic goddess.

| **AGENCY** Experience | Rosen Hotels & Resorts |

# Meg Rosenoff

**JR. COPYWRITER**

*Writes creative copy and assists on other copywriting tasks.*

Ask Meg what she does for a living and she'll likely say, "I use my slightly creepy obsession with words to create brand experiences." Thankfully, Meg's kind of creepiness is something we actually look for. Especially since, as &Barr's Jr. Copywriter, she's expected to use words a lot. A gosh darn proud graduate of the University of Florida College of Journalism and Communications, Meg comes to &Barr hungry and driven. Having worked at The Agency, UF's internal ad agency, she already knows a thing or two about advertising. In fact, as a student, Meg pitched Fox Sports a TV spot to raise foster care awareness and it's currently being produced in LA. A taste of that "win" has driven Meg to want more. Way more. Like, a gobzillion more. That passion is what led her to &Barr, an agency that she describes as "respected and revered." With such great taste, no wonder she inspired us to say, "Hey, that girl Meg? She's our kind of crazy." And she most definitely is.

# Scout Stowe

**DESIGNER**

*Creates compelling designs, brand identity packages, logo design, and more across all mediums.*

Born Elizabeth Stowe, the story of how she got her nickname of "Scout" is a jaw-dropping, celebrity-studded tale augmented by astounding coincidence that will elicit more than a few tears. Unfortunately, that's not what this bio's about. It's about talent. Lots of it. And Scout has it in spades. A creative force to be reckoned with, Scout has mad computer skills that she puts to the test every day, whether it's designing a logo, coding banner ads or art directing some tasty print pieces. Beyond her rockin' design chops, Scout brings with her an unwavering hunger to do great work that wows our clients.

## Production Team Leaders

# Cheryl Fatigati

### SENIOR INTEGRATED PRODUCER

*Oversees the production team, creates schedules, keeps projects on time and on budget.*

What can we say about Cheryl Fatigati? Aside from the fact that everyone loves saying her name out loud. (Go ahead and say it. We'll wait.) And as fun as that was, so is Cheryl in real life. All smiles but also all business, she's an enigma wrapped in a limerick with a bourbon chaser. Tasked with managing the logistics of a multimillion-dollar agency's workflow and production, Cheryl knows what she's doing. Having earned more than her share of battle scars on the client side and agency side, Cheryl brings to her management role no-nonsense expertise and the know-how to do what needs doing, no questions asked.

# Jean Breunle

### INTEGRATED PRODUCER

*Helps ensure work moves smoothly and efficiently through the system.*

Think you got skills? Let us tell you about skills. Specifically, those belonging to Jean Breunle. As one of &Barr's Integrated Producers, Jean brings it. And by "it" we mean smarts. We mean expertise. We mean a freakish love of proofreading that borders on unnatural. Which is awesome, seeing that as our Integrated Producer, she's tasked with producing and trafficking all aspects of integrated creative projects throughout the entire job's life cycle. (Try saying that a few times fast.) While she has a long career of managing people and projects in multiple industries, as well as two adorable cherub-like kids, it's especially fun to note her very first job out of college was at an ad agency. So it's only perfect that after "ahem" years, she's come back to her agency roots. And what brought her specifically to &Barr? "The personality, the creative work and the diversity of the employees who are extraordinarily attractive." Well, maybe we added that last bit, but we're sure she'll agree. Thanks for being part of the hottest agency in Orlando, Jean! And you can take that any way you want.

## Public Relations & Social Media Team Leaders

# Morgan Shepard, APR

**PUBLIC RELATIONS DIRECTOR**

*Manages public relations and social media teams and provides strategic counseling and senior account management services.*

Spend a few minutes with Morgan, and you quickly learn she's as sharp as a tack. Spend a few minutes more, and you realize she knows precisely how to put her smarts to work for her &Barr clients, and that she hates clichés. A former journalist, it's no surprise that Morgan has a knack for finding the newsworthy hooks for brands and for tying her clients into national trends. As part of &Barr's Public Relations team, she's led campaigns for clients in a variety of industries – from an international steak house to a B2B shell construction contractor and then some. We're thrilled Morgan decided to channel her passion for discovery into public relations. More importantly, so are our clients.

# Whitney Gonzalez

**SOCIAL MEDIA STRATEGIST - ACCOUNT EXECUTIVE**

*Public relations specialist leading social media strategy and channel management efforts on behalf of the account service team.*

Whitney is a writer who has found her niche in social media and digital marketing. Having previously worked with organizations, including Disney Parks, PlayStation and Orange County Government, she has the aptitude to create engaging online communities and to identify passionate brand influencers. Whitney earned a bachelor's degree in journalism & public relations from Southeastern University in Lakeland, Florida and was named the most outstanding graduate in her major. Whitney serves as a volunteer board member for the Friends of the Orange County Library System and the Florida Public Relations Association's Orlando Area Chapter. In her spare time, Whitney can be found scouring the interwebs for travel deals, exploring Orlando, tweeting up a storm, laughing too hard at dad jokes, and playing/running with her fur-baby, Cocoa.

We propose assigning the &Barr team as detailed in the illustration below to support the advertising services detailed within this RFP. At award, &Barr would assign the GFLCVB an account team consisting of a shared Account Group Director and Account Executive (who would serve as the single point of contact) supported by a dedicated Account Coordinator to ensure all projects/communications are logged and managed effectively.

## &BARR PROPOSED TEAM

## Project Approach

We are proud to partner with the many tourism, attraction and hospitality clients we currently work with and have worked with in the past. This includes the Daytona Beach CVB, Experience Kissimmee, Discover The Palm Beaches, Kennedy Space Center, The Peabody Orlando, Hyatt Regency Orlando, Merlin Entertainment Group, Rosen Hotels & Resort, Crayola Experience, and more.

We are also proud of the work and clients that we have outside of the travel industry, past and current, including retailers like AAA, Stein Mart, ABC Fine Wine & Spirits, Bealls Stores and Bealls and Burke's Outlet; restaurants like Ruth's Chris, Sonny's BBQ, McDonald's, Dave & Buster's and Levy Restaurants; hospital systems like Moffitt Cancer Center and Nemours Children's Health System; and other industries including insurance, not-for-profit, technology, and merchant services.

What sets &Barr apart from several agencies that will compete for your business is that we do not exclusively work in the tourism category. We believe our diverse client background gives us expertise and innovation in many industries, scenarios and to many different target audiences. And we approach each new client with an open mind, few preconceptions, and an eye for ROI.

The travel category is an interesting, fun and ever-changing industry, due to shifting consumer mindsets and habits, and due to growth in technology. It is also a space that is ripe for unconventional thinking, since a lot of the work in the category is on parity, promoting "all there is to do" in the destination.

Here are a few recent creative examples that we consider breakthrough for the category, as they showcase the destination in a unique and interesting way that makes the consumer want to learn more:

## So how can we create compelling work that stands out for GFLCVB?

We understand it is the desire of GFLCVB to evolve from the “Sunny” campaign. We agree that it’s time for a fresh perspective. One that cuts through the “sea of sameness” in the industry, and stands out in an engaging way that has your audience talking about your destination, whether it be for business or pleasure. To achieve that, you need an agency with a proven track record of having different perspectives.

&Barr’s approach is to review and conduct research, to understand the desired target market’s needs and wants. We’d identify objectives, pain points and insights, and determine the category white space to

find what differentiates GFLCVB from competitors. This is the foundation of what will influence the overarching creative brief. And that brief will become our road map.

Once the brief is collaboratively constructed based on research findings and insights, GFLCVB will give final approval to proceed. This is an important step, as it will ensure that we're all on the same page from the beginning. From there, our creative and internal teams will get to work, ideating and creating around the brief rooted in the overall business strategy and objectives. As you'll learn from talking to us, we work best when we work with a true partner. We'll collaborate with you throughout the process.

When the ideation is finished, we'll present our ideas. Some agencies present a standard three ideas. At &Barr, we present what's right. Maybe it's three ideas. Or maybe two. The point is, we'll never present something we don't love - and, more importantly, something we don't think ladders up to the overall strategy and accomplishes agreed upon goals. When we present creative ideas, we'll also present executions as they'll live in the "real world"- whether that be broadcast or display ads, out-of-home executions, content and video strategies, social posts/promotions, experiential activations, and key PR messages, and ensure we're taking advantage of all cross-channel opportunities. Everything should work together to meet your goals.

To summarize, we believe our entire approach is simple, smart, inclusive and strategic: to provide you with an overarching creative and messaging platform that delivers agreed-upon awareness and results across all touchpoints and audiences.

&Barr employs outsourced freelance contributors such as photographers, film/video production companies, technical development services, animation and printing services from pre-screened approved lists as required to meet the needs of specific projects and campaigns. Depending on the scope of projects, outsourced resources will vary throughout the contract period and would be presented to GFLCVB for approval before proceeding.

&Barr would use a research partner for any research design and execution needed as part of a branding/strategic messaging and creative platform. &Barr would source and secure the research vendor, as well as manage the relationship and project.

## C3Research

&Barr has a 15-year relationship with C3Research (http://www.c3research.com), a respected group of marketing strategy experts who are passionate about marketing research and the role it plays in marketing. They are dedicated researchers with rich experience in academic research; consulting and marketing practice form the core group around which a whole new research institution has been built.

&Barr has worked in partnership with C3R to provide brand research, strategy and testing for many of our clients, including ABC Fine Wine & Spirits, Bealls Stores, Experience Kissimmee and Stein Mart, to name a few.

C3Research operates two offices, with the Orlando corporate office located at 7560 Red Bug Lake Rd., Ste. 1030, Oviedo, FL 32765; and a second office located at 200 Park Ave., Ste. 1700, New York, NY.

## Study Hall Research

Over the past 12 years, &Barr has repeatedly partnered with independent marketing and branding research consultancy Study Hall Research (studyhallresearch.com) to provide marketing strategy and qualitative and quantitative brand and communications research for several of our clients, including Moffitt Cancer Center, Seniors First and Rosen Hotels & Resorts.

Study Hall is much more than a research firm, it is a full-service consultancy qualitative and quantitative brand and communications research focusing on data- and research-based insights that help companies make critical business decisions. It designs and deploys custom insights initiatives for products, services, communications, brands and more. Its B2B and B2C clients include regional, national and international companies, both public and private, across endless different audiences, from the most “mass” to the most specialized.

Beyond that, Study Hall Research brings significant ‘”big brand” experience to the table - on both the research and strategic development sides. So it is able to execute pitch-perfect research - but then turn the learning into clear, succinct strategic direction as well. Not something you find in ordinary “research houses.”

The Study Hall Research corporate office is located at 4409 W. El Prado Blvd., Tampa, FL 33629.

&Barr also uses outside producers for any large photo or video shoots necessary to showcase the destination cross-platform. Our in-house production and creative team would oversee the producer’s selection and would remain involved in the project alongside the producer. We also contract out video and audio editing, and post production.

Finally, we would outsource major layout and printing for large print projects like printed Visitors Guides.

At the start of the new agency/client relationship, &Barr recommends a multi-day familiarization tour of the Broward County/Greater Fort Lauderdale area, to ensure our key agency team members are intimately familiar with the destination. During the visit, we recommend meetings with internal GFLCVB staff teams – as well as international representatives/firms to hear about their challenges and opportunities, as well as key stakeholder one-on-ones (e.g. MAC team members, commissioners, hotelier cross-section, and dining, entertainment, nightlife and attraction key players) in order to discuss category and county insights and goals. Also, access to and review of historical and current primary research from GFLCVB would be reviewed and discussed during this time. And finally, we'd love to collect larger assets on a hard drive when we're in town, and continue to assess all assets for the first two months.

From there, the media and creative briefs will be created and client-approved prior to planning. On these briefs, key KPIs will be noted and agreed upon by client, so that effective optimizations and reporting can be delivered.

Next, an integrated, global promotional plan will be built to work in conjunction with GFLCVB sales and marketing teams and efforts to drive leisure and group awareness and visitation to Broward County/the Greater Fort Lauderdale area, which in turn will help drive economic growth and employment opportunities. This recommended promotional plan will be built and measured with pre- and post-research, as well as through insights gleaned through historical, primary and secondary research, and input directly from the staff and stakeholder interviews. The plan will include the following:

- Demographic, geographic, behavioral and interest targeting
- Programs that reach target markets throughout the conversion funnel
- Partner initiatives to maximize the GFLCVB budget (BUSA, Visit Florida, etc
- Co-op programs built to deliver GFLCVB and partner performance

If GFLCVB wishes to utilize the newly selected agency to plan, place and create the media plans and creative assets to fulfill plans for an October 1, 2019, start, &Barr recommends beginning our partnership no later than June 1, 2019. The sample timeline has been built around this assumption.

A sample flowchart timeline for each of the three fiscal years follows:

Nov/Dec 2022

&Barr understands that government-funded entities have a great fiduciary responsibility to use taxpayer funds wisely. To that end, we're able to provide many tools that monitor, track and report on spend.

The account management team is responsible for maintaining master campaign and project spreadsheets to keep projects on time and on budget. These spreadsheets are updated in real time, as changes and updates occur. Additionally, the account management team works closely with our internal creative, production and media teams on all facets of the client work, to ensure everything is working seamlessly and smoothly together.

At the beginning of our relationship/3-4 months (or more) before the fiscal year begins, we will work with the GFLCVB to understand total budget parameters. From those parameters, we will recommend budget allocation breakouts for domestic versus internal campaigns, group and travel trade, as well as production and collateral. Once those allocations are approved, we will work on overall campaigns and promotional materials needed for the year (and beyond), recommending media and production budgets per campaign.

## Media

For media plans, the account management team will work with the client for media brief approval. Once approved, the media team recommends media channels, levels and flighting that best reach the target market. Upon approval of the budget per media channel and publishers/media outlets, &Barr media planners and buyers RFP different vendors to negotiate cost estimates, rates and placements. These media negotiations can run into second and third rounds. Once the buys and placements are negotiated, we will review with the GFLCVB team. Upon approval, media vendors are then locked in and the media plan is distributed. Placements are constantly monitored for spend and performance, with most media cancellable to enable flexible plans that perform.

For offline media (TV, radio, print and billboards), we provide Estimates & Authorization (E&A) forms that allocate budget and placements by vendor, along with Buy Detail Reports (BDR). These are reviewed with the client. Once approved, the buys are implemented. We monitor the placements and schedule throughout the run of the campaign and reconciles all buys through the Strata media tool. Vendors have strict guidelines on expectation of how the schedules or placements should run, and any deviations have consequences. Credits and/or makegoods are taken for any spots or placements that do not measure up - cash credits are even taken for bonus and no-charge placements.

For online media, after plan implementation and while the campaign is in motion, we pace all our buys through DoubleClick Campaign Manager (DCM), our ad server that keeps track of impressions and spend. From there, we create pacing dashboards that help us instantly see if a campaign is over- or under-spending. If that happens, we reach out to the publisher to control spend. And last, any impressions over-served are always absorbed by the publisher, and never billed to our clients. Another cost-saving (and brand safety) tool that we use is Moat, which monitors and reports that impressions that are served

are actually in-view (not below the fold). Any impressions not in-view, or generated by bots, are not billable to our clients. The digital planner will reconcile and update the plan with actuals as monthly spends come in.

### Production/Creative

Most creative units will be produced in-house at &Barr. Our account management team partners with our production team to monitor production/creative staff time spent on projects, to ensure maximum efficiency. Timesheets are pulled and monitored monthly, and time on jobs is reviewed.

For outside services (e.g. audio record, mix, edit; TV/video shoots, edits; printing, producer) our production and creative teams review the projects and outside vendors to best work with. Multiple vendors can be bid (same specs sent to qualified vendors for apples to apples quotes), with the job awarded to the vendor that client and agency feel is best suited and reasonably priced. We are able to include county-preferred vendors in this quote structure. Once bids are received back, our internal integrated producer will put together a cost estimate outlining the bid description/specs, and including line-itemed costs per category. Once the bid is shared with client and a vendor is agreed upon, &Barr issues a purchase order to the selected vendor with the job description and final approved cost. At this time the producer also finalizes the project timeline. Then the producer and account manager meet regularly about the project's timeline and costs, monitoring and tracking both and keeping the client apprised on an ongoing basis of any issues that arise that may mean a revised cost.

To reiterate, the account managers on the GFLCVB account meet daily with media, production and creative teams to monitor jobs and campaigns – timelines and costs. Media E&As, BDRs and OASs are issued and revised as needed, as well as media flowcharts, which are actualized monthly. Creative and production cost estimates are also tracked and reported, keeping the client advised of any forthcoming changes and securing approval of any changes.

Included below is a sampling of tools, resources and processes that &Barr will have in place for the GFLCVB:

| | |
|---|---|
| Workamajig (WMJ) project management system | Daily internal agency Creative Review meetings |
| Weekly status reports with project timelines pulled from WMJ | Brand USA, Visit Florida and other partner budget/insertion flowcharts and LOAs |

Some successful recommendations and cost containment strategies used at &Barr with clients to maintain budget and quality include:

***Bealls Stores - Live Life Local TV spots***

&Barr worked with Bealls on updating its brand to appeal to current and new, younger customers. &Barr developed the campaign through primary research findings and testing of various creative concepts. Once the concept had been chosen, we worked with a veteran producer in Florida to gather the specialized directors and production companies to produce the spots, which featured stop motion techniques as well as synchronized shots. Knowing we were going to produce four spots to cover brand plus three seasons (holiday, winter, and spring), we knew the producer had to run a tight ship, and the director and production house and crews needed to work seamlessly and efficiently together. Once we had estimated and fine-tuned the very detailed production estimate and the Bealls client approved it, the client advised us that there was no room for overages or error. To track charges in real time during the weeklong shoot, the producer and agency account manager (who attended the entire shoot along with the VP Creative Director and Assoc. Creative Director) worked closely together during the day and also regrouped in the evenings on where we stood on costs with talent, music, production team and director. Because we were working so closely together and keeping a spreadsheet of charges per category, one day's shoot that went over the time limit was offset by talent and production savings, to bring the project in right at budget.

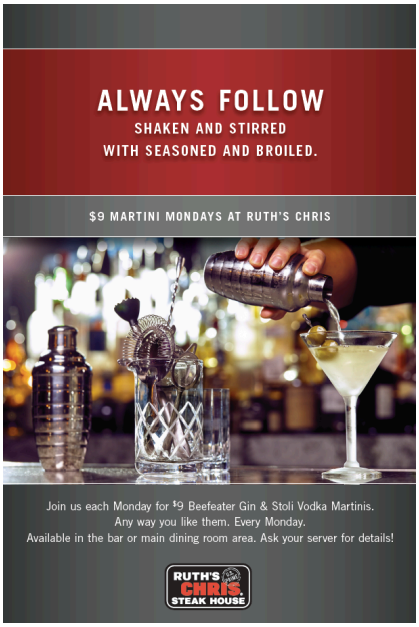
***Ruth's Chris - BrandBuilder production jobs***

&Barr works with Ruth's Chris on multiple types of creative jobs, including corporate projects and BrandBuilder jobs – which are more quick-turn, production jobs that many of Ruth's Chris franchises can build on their own in the BrandBuilder tool. Any changes not accommodated in the tool, or specialized ads that cannot be built in the tool, are handled by &Barr. From the start of our work with this client, the overall goal has been to spend fewer man-hours on BrandBuilder jobs, so that more agency retainer time can be spent on corporate jobs. Over the past two years, we have been successful in trending downward on agency man-hours spent on BrandBuilder jobs. We track our BrandBuilder and corporate man-hours weekly in a spreadsheet that tracks time by week, job and job type, and then calculates agency retainer spent to date on each type of project, and retainer left through end of month. This process has been successful, and our Ruth's Chris client is pleased to be spending more of our agency hours on quality corporate projects.



ROSEN HOTELS & RESORTS

***Rosen Hotels & Resorts - Media plans/budgets***

Our Rosen Hotels & Resorts client is composed of three meetings properties: Rosen Shingle Creek, Rosen Centre, and Rosen Plaza, as well as the three properties together called “Rosen Synergy.” Every September/October we meet with the hotels to determine their media budgets for the next fiscal year. Once we go through the brief and budget approval process, we put the flowcharts together for review, revisions, and approval. Once these plans are set and approved, this client doesn’t have much flexibility to move budget or insertions from month to month. This requires a tight plan and placement strategy (including their added value placements) to ensure very few changes throughout the year. We are on our fifth year of working with Rosen Hotels & Resorts and this media structure, with great results.

Case Study – *Creative Strategy and Television*

## NEMOURS CHILDREN'S HOSPITAL

**Thank You**

Brand perception research indicated that accreditation and recognition for expertise is an opportunity for Nemours to strengthen positive perceptions. Since Nemours in Orlando offers specialized care for a variety of conditions, our creative strategy was to promote several of these specialties in a unique way that would connect with viewers, showcasing the talent and experience of Nemours physicians.

To get started, we asked ourselves a question: What does a parent say to the doctor who saves her child's life? The answer, of course, is "thank you." We asked real patient families to write thank-you letters to real Nemours Children's Hospital doctors. We surprised the doctors on set by giving them these genuine letters, and then let the cameras roll as we captured their very real reactions to the letters. This campaign of three broadcast spots not only showcased each doctor's expertise but, by showing the doctors' raw reactions to the letters, also humanized them in a unique and memorable way.

## EXPERIENCE KISSIMMEE

### Northeast Winter Campaign

In the winter months, the Northeast U.S. is a cold and gloomy place. And what better to offset the dreary weather than a warm, sunny and fun destination to look forward to visiting? Working with Experience Kissimmee, we captured the attention of residents in northeast cities like New York, Boston and Chicago during the winter. Warm, palm-tree-filled destination imagery paired with attractions like Walt Disney World®, and language specifically crafted to their market, enticed residents to start planning their spring breaks and summer vacations in Kissimmee, Florida. A "WARM" sweepstakes element to win a trip to Kissimmee, as well as smaller "Box of Sunshine" giveaways, encouraged further engagement and response.

The campaign featured an integrated media mix of TV, taxi cab videos, large video boards in Times Square, bus and subway signage, online display and pre-roll/mid-roll video, and social media, all to further reach and frequency.

This campaign generated more than 300 million impressions, over 300,000 sweepstakes entries, and exceeded the website visit goal by 158%.

**ROSEN HOTELS & RESORTS**

**Ask Rosen**

Our client Rosen Hotels & Resorts is the largest independent hotel group in Florida, with all of its hotels in Orlando. Being located in one of the largest and most competitive meeting destinations in the world, and competing against global flagged brands, presents quite a challenge when trying to stand out to meeting and event planners. Over the years and in partnership with &Barr, the hotel group had promoted its “Rosen Difference” entailing customized services and incentives only an independent hotel group could offer. We’d also taken a “Rosen Revealed” tour nationwide, showcasing all the property upgrades and technology updates that the hotels have recently undergone, packaged in a memorable way. In 2019, we wanted to maintain our unique momentum as a progressive, unique hotel group that planners should choose for successful meetings and events.

For this challenge, &Barr turned to voice technology: specifically Amazon’s Echo devices. &Barr created a custom Alexa skill called “Ask Rosen,” that could answer planner’s questions and provide all the facts and stats on all the Rosen meeting properties. All the planner had to do was enable the Ask Rosen skill on their Echo device by saying “Alexa, enable the Ask Rosen skill.” For an exciting unboxing experience, we also designed custom device wraps and packaging for Echo Dot and Plus units that featured owner Harris Rosen’s signature (a stylized “hR”). We also designed collateral materials and a custom webpage that allowed planners to suggest any questions that weren’t answered, as well as submit RFPs.

The response to Ask Rosen was immediate and extremely complimentary, with clients and potential clients across the country contacting Rosen to express their enthusiasm for Ask Rosen.

## PALM BEACH COUNTY ENVIRONMENTAL RESOURCES MANAGEMENT

### Branding Development and Guidelines

In &Barr's work with Discover The Palm Beaches, we were approached by fellow county organization Environmental Resources Management to help brand its reefs, natural areas and nature. The work also entailed renaming the connected nature trails that run through Palm Beach and Martin counties with a name connected to the heritage of the area.

Through secondary research, &Barr renamed the Northeast Everglades Natural Area to Jaega Wildways, in honor of the Native Americans who inhabited the area at the time of initial European contact. We also designed a new progressive font, iconography and color palette that linked these Palm Beach County natural assets, so that they could be marketed together. Finally, we designed and provided specifications for new signage using the new naming conventions and iconography, to be placed at the entrances to these natural assets.

## DISCOVER THE PALM BEACHES

**Friends Trust Friends. Not Ads.**

While Palm Beach, West Palm Beach and Boca Raton, Florida, are well known as an enclave for the wealthy, Palm Beach County in its entirety (39 municipalities and 2,383 square miles) is not as well known. To better promote awareness of the destination in a way that would appeal to many target segments, and particularly Millennials, Discover The Palm Beaches partnered with &Barr to develop a new campaign strategy based on insights from primary research and concept testing that showed that consumers trust referrals and reviews from other consumers much more than an advertiser's message. The campaign featured user-generated content (UGC) to showcase experiences in the destination, from real people who had been there. "Friends Trust Friends" made its debut in January of 2017 and ran through the winter months in key northeast feeder markets, as well as Atlanta, Orlando and Miami. The creative was also featured in Canada and the UK.

An integrated media mix was used including digital boards in Times Square and Dundas Square (in Canada); cable and taxi TV; rail and bus signage as well as digital transit screens (including in London's Waterloo Station); a cinema program with Visit Florida; and print, digital display, native and social units. Facebook Leads Ads were utilized to encourage consumers to submit their email to stay up to date with the latest happenings in The Palm Beaches, to help build a consumer database. Co-operative units were flighted in featuring different destination partners. And finally, the digital display and print components of this campaign were translated into Spanish and Portuguese and ran in conjunction with a travel trade campaign with LADEVI and Jornal Panrotas in the Brazil and Colombian markets.

Visitors tracked YOY increased by 300%, and the rate of arrival per 1,000 digital impressions increased by 66%. ## MADAME TUSSAUDS

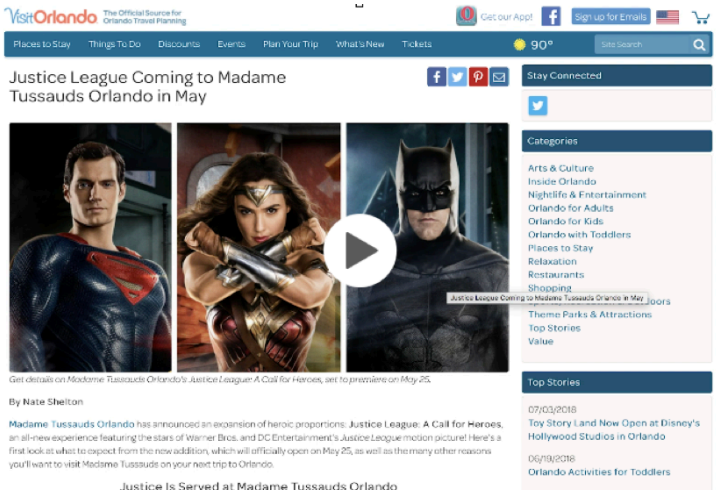
### Justice League: A Call For Heroes

Our client Madame Tussauds was opening a state-of-the-art, interactive experience based on the Justice League franchise, and wanted the world to know about it. So &Barr created a fully integrated campaign to create worldwide anticipation and excitement for the new experience. And it all started with custom-made Mother Boxes (they're the source of power in the DC Universe, after all).

We enlisted feature film-quality propmasters to manufacture an authentic Mother Box replica. Inside the box was a ticket, granting contestants a once-in-a-lifetime chance to be a part of the opening experience. To get the buzz started, we created a series of animated videos that were posted on Instagram every day. Twelve days later, fans knew a global search for hidden Mother Boxes would soon be underway. Posts on Instagram featured stealth-like clues for followers of Madame Tussauds to decode-which they did (often within an hour or two of posting).



Next, &Barr leveraged relationships with PR Newswire and Cision to take over a billboard in the heart of Times Square. At a fraction of the cost to buy a billboard in that area, we reached 1.5 million impressions daily over several days announcing the global search to #FindTheMotherBoxes.

The excitement continued as &Barr successfully negotiated influencer posts from Justice League stars Henry Cavill (Superman) and Gal Gadot (Wonder Woman) sharing a first look at their new wax figures with millions of followers; and &Barr further amplified their reach with strategic outreach to top international media who then wrote stories about the attraction. We also brought the Batmobile to Orlando for fans to see (Batman had arrived ahead of the attraction's official debut). Hundreds of local and national media, along with our contest winners, were able to see the Batmobile up-close before attending an unbelievable VIP event launching the attraction.

The result of these efforts? A campaign that Merlin Entertainments cannot stop talking about, and more than $2 million in publicity value for our client.

## EXPERIENCE KISSIMMEE

### Canada Campaign

When &Barr partnered with Experience Kissimmee to reach Canadian residents to influence their spring and summer vacation destination selection, we recommended an integrated media mix of online display and pre-roll on programmatic publishers, social media channels, print ads and out-of-home, including transit posters and video walls. We also helped coordinate a partnership with Air Canada Vacations to offer special packages for travel to Kissimmee.

The Canadian dollar, at the time of the campaign, had less monetary value than the U.S. dollar. Thus, the campaign aimed to promote the great value that comes with a stay in Kissimmee, where the loonie can actually be worth a dollar. The imagery and video content highlighted the area's world-famous attractions, as well as Kissimmee's various outdoor activities and warm weather, and the messaging used Canadian vernacular to connect further with visitors from the Great White North. The main goal was to keep the excitement of the Kissimmee destination in the forefront of people's minds as they planned their vacation.

The campaign generated over 130 million impressions and exceeded the website visit goal by 179%. The campaign also drove several thousand outbound clicks to the Air Canada Vacation site.

Below we will discuss and show examples of both brand development and brand architecture.

**Brand Development**

One of the areas that &Barr is known for, and that we love to do, is helping to develop brands. Whether it is the creation of a new brand or an existing brand refresh, we have the research partners, strategic know-how and creative chops to produce a fresh, relevant brand that resonates with your targeted consumers. Examples of brands we have built or refreshed include ABC Fine Wine & Spirits, Bealls Stores, Experience Kissimmee, Nemours Children's Hospital, Moffitt Cancer Center, The Peabody Orlando, Rosen Hotels & Resorts, Stein Mart and many more.

Our approach begins with understanding the competitive strategy, which we do through the 5C Assessment (as detailed below). The 5C Assessment allows us to develop a baseline understanding of our clients and the environments in which they operate. This understanding guides us to develop our future strategic planning and marketing efforts.

**The 5C Assessment**

- Assess macro industry trends
- Assess market structure
- Economic trends
- Technology trends
- Government and regulatory framework

- Preliminary review of company's product portfolio
- Understand company's current strategy and outlook
- SWOT analysis

- Consumer trends
- Consumer decision making & behavior
- Consumer attitudes, usage and perceptions of company and competitive products

- Analysis of competitive position, vis-à-vis competitive product offerings and successful marketing strategies

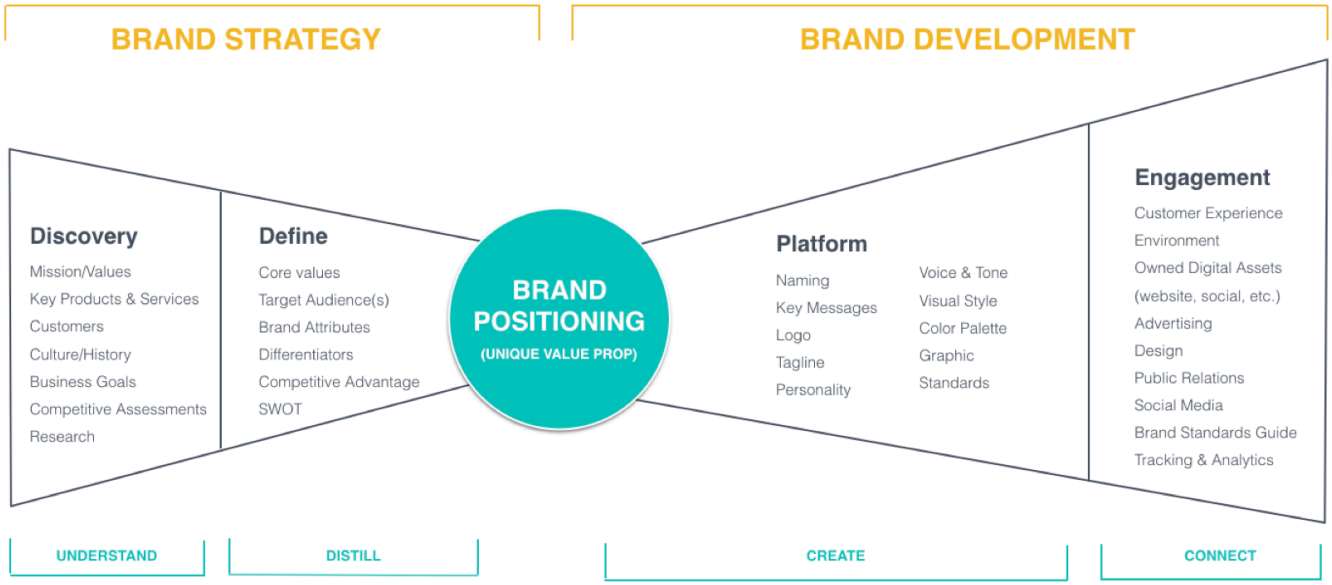
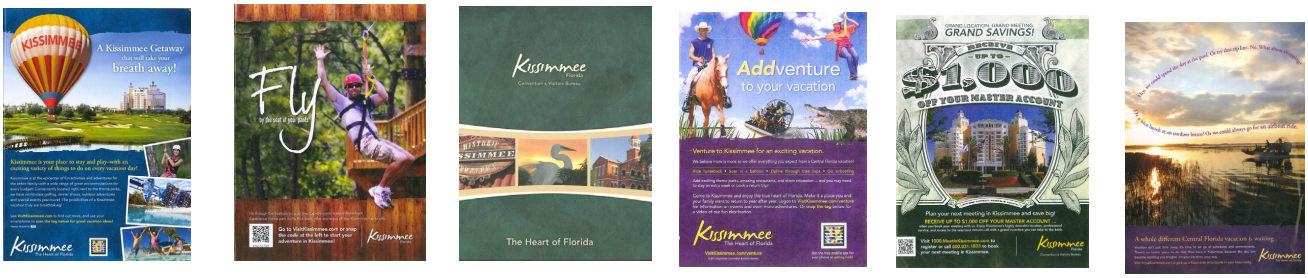
### Strategic Brand Development Process

The graphic below depicts a high-level breakdown of our strategic brand development process. This process can be adjusted (in terms of both phases and deliverables) based on the individual needs of our clients to ensure we can leverage any existing research and/or work completed already by the brand.



## Brand Case Study – Experience Kissimmee

Experience Kissimmee, formerly the Kissimmee Convention & Visitors Bureau, has a unique challenge in that the city is literally right next door to Orlando, but needs to maintain a separate identity in order to serve its constituents. While Orlando is synonymous with Disney, Kissimmee is not – therefore giving it the opportunity to position itself to be "more" – theme parks plus a variety of attractions and accommodations.



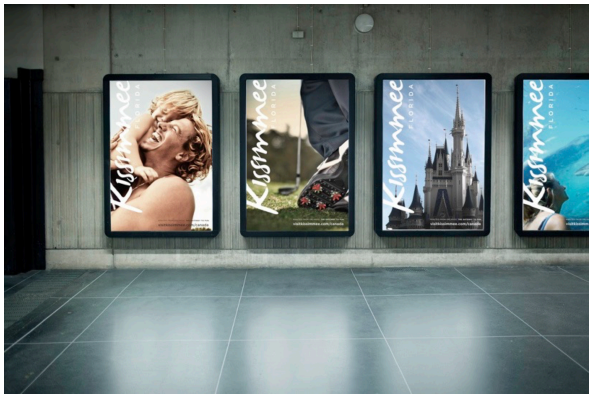
*Previous Experience Kissimmee Branding*

One year into our relationship with the CVB, it embarked on a name change. Rather than follow the crowd and become another destination using the word "Visit" in the moniker, the CVB decided to become "Experience Kissimmee" to reflect the growing trend of millennials and other market segments that are looking for unique things to do and ways to interact and experience the moment.

With the new name, we took the opportunity to refresh the Kissimmee brand face, creating a memorable and recognizable personality designed to separate Kissimmee from other destinations. &Barr developed the positioning line “The Gateway to Fun” and embarked on a creative brand update that reflected the diversity of the destination, showcasing its proximity to the theme parks while communicating that the destination offered so much more. A new logo and vibrant color palette was paired with destination imagery that relayed not only the destination’s physical offerings, but the feelings, experiences and benefits that a Kissimmee vacation can offer. Creative was developed for communications to domestic and international leisure consumers and meeting planners, including print, online, broadcast and out of home.

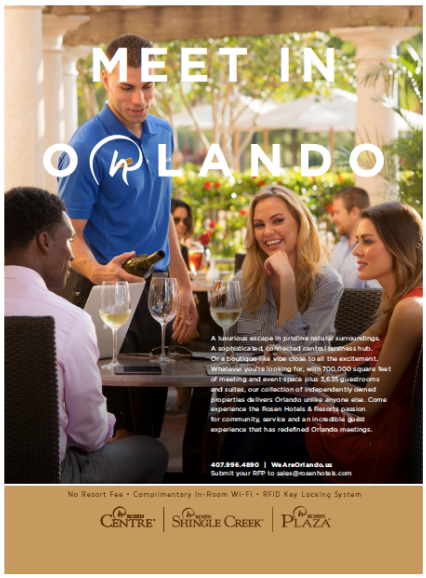
After running multiple campaigns, brand awareness studies show that awareness of the destination has risen, and engagement with the brand has increased.

Note that various brand creative executions that utilize the colorful palette of the Kissimmee logo can be seen in the case studies in this RFP response.



## Brand Case Study – Rosen Hotels & Resorts

Rosen Hotels & Resorts have been providing quality hotel rooms in the Orlando area for over 41 years. With seven hotels in Orlando, including three convention properties near the Orange County Convention Center, the Rosen brand is iconic in the Orlando area, and is known for its stellar service throughout the meetings industry.



When &Barr began working with Rosen Hotels in late 2014, the client felt like it had a clearly defined brand essence and market position, but that it was not being adequately conveyed in the hotels' advertising and promotional efforts, especially with regard to the new and updated venues and spaces at the hotels. They tasked &Barr with developing a brand campaign that distinguished and elevated the Rosen brand image, to ultimately increase occupancy and ADR.

After experiencing the Rosen product, interviewing staff and reviewing research sources, &Barr got to work on crafting a refreshed brand and campaign that tied Rosen with Orlando, to make the two synonymous in the minds of meeting planners and attendees. We also imbued brand communications with Rosen's culture of service and connection to Orlando. The centerpiece of this was Mr. Harris Rosen's signature, which was used in the word "Orlando" to link the two brands in a very visual way.

In addition to these elements, new photography and refreshed color palettes for each of the three meeting properties helped establish their own brand identity within the umbrella Rosen brand.

## Brand Architecture

Because many DMOs are wholly or partially county-funded and are closely tied to other entities like film and sports commissions, it makes sense to use either monolithic (strong master brand with very similar sub-brands) or endorsed (synergistic elements between master and sub-brands) brand architecture for DMOs, so that all entities benefit from the halo effect of the destination brand.

Most of the destination clients we have worked with have used the endorsed brand structure; however, when we were working with Discover The Palm Beaches, the county was looking into using the palm frond logo across multiple county entities, in the monolithic brand structure style. At that time we had provided them a case study example of the Pure Michigan brand, which is an excellent example of monolithic brand architecture on a statewide scale.

When we worked on the Experience Kissimmee rebrand, we developed a reimagined logo for them using the existing typeface (client mandate), with a new color palette and cleaned-up typeface. Subsequently we also developed a brand for their sports department, keeping the stylized "K" from the main logo, and using typeface for the "Kissimmee Sports" brand. Examples at right:

When we rebranded Rosen Hotels & Resorts' three meeting properties, their logos already followed a similar design structure. We kept this structure in place while simplifying the logos, and then developed design and color palettes for the logos and ads that all familied under the master Rosen Hotels & Resorts master brand.

In the end, how to structure a travel client's brand architecture will vary, and should be based on a solid foundation of research and testing.

&Barr has extensive experience in marketing to meeting and event planners. From hotels (The Peabody Orlando, Hyatt Regency Orlando, Rosen Hotels & Resorts) to destinations (Experience Kissimmee and Discover The Palm Beaches), we have created events, campaigns, voice technology and experiential marketing elements that help raise awareness amongst the meeting community and encourage group visitation.

Similar to leisure marketing in the tourism category, the meetings industry is exposed to “cookie cutter” advertising and promotional messaging. It’s certainly difficult to stand out in an industry that specializes in keeping employees and attendees engaged and entertained. Breakthrough creative ideas are required to rise above the clutter and have your brand noticed and heard. At &Barr our ideation process begins after a thorough review of available and/or primary research – are planners and key decision makers aware of your destination? What is your competitive set for meetings? What are opportunities/barriers? How is your destination different? What are trends/needs in the meetings industry your destination can serve? Once we’ve explored these areas and identified the destination’s key target markets (geos; what type of planner – specialty, association, corporate, third-party, etc.) and overall goals (awareness and how will we measure?; number of RFPs, percentage meetings increase short-and long-term, etc.), we’re ready to begin our thinking. This process has led to some breakthrough ideas for our clients, as you can see from the examples below:

## ROSEN HOTELS & RESORTS

### Rosen Revealed

While Rosen Hotels & Resorts is constantly updating its properties, in 2016 and 2017 it was undergoing significant upgrades, including an Arnold Palmer golf course redesign at Rosen Shingle Creek, total makeovers of all three hotels' guestrooms, a new dining venue at Rosen Centre, and more.

To debut the updated Rosen properties to key meeting planners to raise awareness and generate new and repeat business for the hotels, &Barr developed a spy-themed "Rosen Revealed" experience featuring client events held in modern-day speakeasies in San Francisco, Philadelphia, New York, DC, and Chicago.

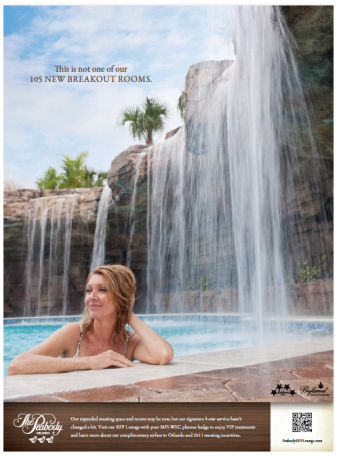
## THE PEABODY ORLANDO

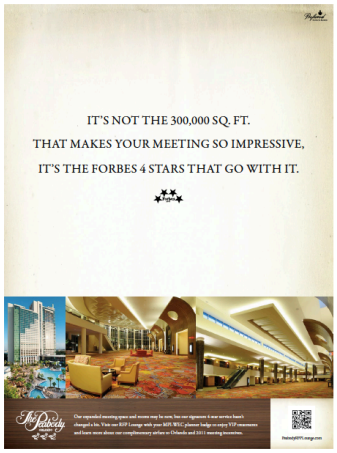
### Grand Reopening

As the agency of record for The Peabody Orlando, and then for the Hyatt Regency Orlando after they purchased the Peabody property, &Barr has many years of experience marketing to meeting planners. With 1,641 rooms and 300,000 square feet of meeting space, as you can imagine there are some serious sales and marketing efforts going on to fill the hotel on a day-to-day basis! From awareness advertising campaigns to incentive offers to corporate, association and third-party planners, we have built plans for multiple purposes and audiences. Two examples of meetings-focused programs that we planned and executed for The Peabody Orlando are included below. Both of these programs also won HSMAI Adrian Awards.

### The Peabody Orlando Meetings Awareness Campaign

After undergoing a $450 million expansion and renovation, in 2010 The Peabody Orlando opened its newly expanded hotel, which featured a new 32-story tower, 1,641 guestrooms including 193 suites, and 300,000 square feet of state-of-the-art flexible function space. With the beautiful and functional new property to display, we embarked on refreshing the hotel's meetings advertising creative to showcase the space, and to let meeting planners know that the expanded property was open for business for meetings of all sizes.





An advertising series featuring three concepts was utilized to showcase the breadth of the hotel's spaces, as well as to highlight the service that the Peabody brand is known for. These new ads ran in key meeting publications. Due to raised awareness of the hotel's new large meeting space and service excellence through the advertising campaign and sales efforts, The Peabody Orlando tracked 50 large in-house groups that they captured from their competitive set this year. Additionally, due to the increase in room inventory, function space and awareness of the property's expansion, The Peabody Orlando's group room revenue increased 75 percent in 2011 over 2010 and 124 percent in 2011 over 2009.

## THE PEABODY ORLANDO

### RFP Lounge

Less than a year after the $450 million hotel expansion and renovation, Orlando hosted the 2011 Meeting Planners International World Education Congress (MPI WEC) at the Orange County Convention Center. The Peabody Orlando was a Premier Partner for MPI in 2011, and wanted to take the opportunity to showcase the renovated property to these qualified planners while they were in town.

To entice meeting planners to visit the hotel and experience it firsthand, a new concept was created in the industry called the "RFP Lounge." In the Lounge, which was set up in a centrally located bar/lounge area near the duck fountain, planners could enjoy complimentary food and beverages from the hotel's F&B outlets; experience complimentary spa services, including neck and foot rubs from the hotel's spa; and enter for giveaways throughout the day. A business desk was also set up in the Lounge to greet planners, answer questions and accept RFPs.

Ads ran in the MPI dailies as well as the program guide, inviting planners to enter the Lounge with their show badge. A link to an invitation and map was also included, to direct planners to the unique URL set up for this purpose.

The RFP Lounge hosted 400 meeting planners on each of the four days of the conference. (For reference, the MPI WEC had approximately 900 planner attendees.) Approximately $18 million in RFPs were secured. And, the original sales goal of $2.5 million in business booked from the conference was revised to $5 million, due to the increased amount of RFPs.

Our working relationship begins with building a solid foundation: conducting a deep dive into your business, understanding your target audience, your processes, your constituents, and your goals. All so that we can be your trusted partner, your ally, your biggest cheerleader, and your strategic partner along the way. Your success is truly our success.

&Barr's account management pros are highly skilled at listening, communicating, organizing and overseeing from an external (client to agency) and internal (inside of agency) perspective. This helps keep everyone in the loop and on the same page. Our agency also has an arsenal of tools and resources available that are used to help track job progress, timeliness, budgets and more. &Barr account managers are in constant communication with other internal leaders (production, media, creative, digital marketing, etc.) to ensure on-time, on-budget and on-strategy projects and campaigns.

Included below is a sampling of tools, resources and processes that &Barr will have in place for the GFLCVB:

| | |
|---|---|
| Workamajig (WMJ) project management system | Daily internal agency Creative Review meetings |
| Weekly status reports with project timelines pulled from WMJ | Brand USA, Visit Florida and other partner budget/insertion flowcharts and LOAs |
| Weekly meetings/calls with client | Progress recaps and presentations |
| Campaign media flowchart spreadsheets with dated revisions tab | Conference reports (where key findings/action items from meetings/calls are noted) |
| Added value tracking spreadsheet | MOAT viewability platform |
| Media Estimate & Authorization | Resonate consumer intelligence tool |
| Media On Air Summary | Co-op placement and billing spreadsheet |
| Media Buy Detail Report | Daily internal agency New Jobs meetings |
| Timesheet Reports | Strata broadcast system |
| Production Estimates | DoubleClick Manager for digital ad serving and tracking |
| Production Timelines | Datorama aggregate reporting tool |
| Campaign Timelines | Billing worksheets |
| YOY Budget Comparison Worksheet | Billing backup zipped files |
| Digital production specifications and traffic sheet | |

Planning campaigns is a very collaborative process. We start by putting together media and creative briefs, and then will meet and collaborate with key client team members to finalize them so we are all agreed on goals, strategies and key performance indicators (KPIs).

After the media brief is completed, the media team will put together media plans and presentations detailing our recommendations for each campaign. We will meet with the GFLCVB to present these and have an open discussion. After discussion, we make any adjustments necessary, and then plans are sent back for final approval. Once approved, our media team moves forward with buying the media.

The process is similar on the creative front. &Barr's creative team will take the approved creative brief and develop several campaign concepts based on that brief. These concepts are presented

to the GFLCVB for discussion/selection. Once a selection has been made and any necessary revisions to the base concept have been done, &Barr will build out all necessary units for a given campaign based on the media buy, with each specific unit going back to the GFLCVB for final approval before running. All digital creative is tagged before trafficking so it can be correctly tracked.

The account management team will work with the GFLCVB to set up weekly status meetings/calls. These meetings are vital, particularly when in the midst of campaign planning and execution, to ensure all members of the team can address any issues in a timely manner.

For more detail on cost tracking, see previous answer to Question 2, “cost estimates and control” section page 33.

**A collaborative partner with deep industry understanding**

As a long-standing marketing and advertising agency that has worked in the tourism category for many decades, &Barr is proud to be able to share our expertise to help build the GFLCVB’s business and brand. However, we understand that it is the GFLCVB clients and constituents that have the most knowledge of the history, needs, issues, and opportunities of their brands. The GFLCVB has the most to win and the most to lose. And, at the end of the day, GFLCVB is held most accountable for the results of our collaborative efforts. So, at &Barr we strive to listen, understand, make recommendations and together with our expertise determine a course of action that helps your business and your brand succeed with proven ROI. As we’ve said before, your success is our success.

Through our work with DMOs in Florida, we understand the Sunshine Laws and also that organizations funded with taxpayer dollars - and accountable to government and industry partners - require extraordinary planning, oversight and reporting to ensure all funding is spent wisely, partners are represented properly, and an appropriate ROI can be measured. At &Barr we take special care to ensure that our creative representation of the destination, our internal costs and practices, and our external management of vendors all represent our agency and your destination honestly, efficiently and effectively.

**A partner with long-term travel category expertise**

Throughout our agency history under current leadership, we have represented many destination and hospitality/tourism clients, including:

- Daytona Beach Area Convention & Visitors Bureau
- Niagara Falls Convention & Visitors Bureau
- Experience Kissimmee
- Discover The Palm Beaches
- The Peabody Orlando

- Hyatt Regency Orlando
- Rosen Hotels & Resorts
- AirTran Airways
- Daytona 500 Experience
- Delaware North Parks Service/Kennedy Space Center Visitor Complex
- Daytona USA
- Merlin Entertainments – Madame Tussauds and Sea Life Orlando Aquarium

Our work in the category over the years has ensured that we stay current in how DMOs, hoteliers and attractions work; who their target audiences are: leisure, business, meetings, travel trade and constituents/stakeholders, and how they have evolved over the years; and on current trends in the travel industry, and consumer behavior and consumption trends.

**A partner with experience in your destination**
Many of the &Barr team members are from either Ft. Lauderdale or south Florida, including team members on the account management, media and creative teams. This firsthand destination knowledge gives us insight into your product and its competitive advantages over other Florida destinations that compete with the GFLCVB.

We understand that some might consider Ft. Lauderdale to be similar to Miami, its closest competitor, when in fact it's definitely a different experience from Miami in so many ways. From the beaches, to nightlife and entertainment venues, shopping experiences and dining choices, all have a more upscale vibe and flavor. Combine the upscale location and feel with multicultural options and family-friendly activities and you have a more authentic, sophisticated experience.

**A partner with long-term varied experience outside of the travel category**
We believe that our experience outside of the travel category makes us a valuable partner, in that we can look at and approach the products, services, brands and programs with a fresh perspective and approach. We feel that this will help provide differentiation in a parity category. Note that while we will recommend breakthrough brand platforms and creative directions, we are counting on you to be a partner that embraces this direction and has the courage to set the standard in the category.

**Research/Business Intelligence/Trends**
Destination Marketing Organizations have changed tremendously over the past several decades. It's more than just moving from the "CVB" acronym to "DMO," and changing names to include calls-to-action like "Visit," "Experience" and "Discover." It's making changes to keep up with the ever-evolving travel industry, consumer behavior, and technological advances.

Long gone are the days when consumers were willing to wait four to six weeks for their printed vacation planning kit to show up in their mailboxes to help them choose between destinations and plan their trips. Today that information is instantaneous, and many DMO's have killed their printed Visitors Guides in favor of interactive online planning tools, where consumers plan and book their trips instantaneously in a "drag and drop" fashion.

Consumer behavior and technological trends have also led us to a digital and mobile-first world. DMO's and the travel industry have been quick to embrace this, leading to the use of highly targeted digital advertising and content, digital influencers, and robust websites with planning tools and booking engines.

But with this technology comes a strong backlash from consumers over privacy issues, and from brands seeking "brand-safe" environments. Many incidents were widely reported on Facebook and YouTube in terms of advertisers being placed in questionable or controversial content, such as around terrorism videos. More recently consumers have pushed for protection in how their information is shared – their online and television viewing habits, their social posts, purchasing data and more. This resulted in the GDPR (General Data Protection Regulation) rules and regulations in Europe, and California quickly followed this push. Now all brands are posting notices on their websites about cookie-use, and double-opting-in to consumer and group email lists.

Main media sources are also now very fragmented, with the rise of programmatic media buying, addressable television, Connected Television (CTV), online video, and online and "audio-everywhere" radio. DMO's have quickly embraced this new media frontier to showcase their destination alongside relevant content and reaching highly-targeted audiences via behavioral, demographic, geographic and interest targeting and retargeting.

AI technology is one of the more recent innovations that can be utilized, including voice technology like Amazon's Alexa. There aren't many DMO's using this technology to date, but we expect voice technology and skills from DMO's soon.

Measurement tools have also come a long way, and for DMO's now include platforms like Arrivalist that can tie advertising, content and promotional efforts to an actual destination visit. Savvy DMO's are already utilizing these tools to report a solid ROI of their marketing efforts, to show how they are turning tax dollars into revenue for the county.

**Travel Industry**

Travel agents have come full circle in the travel world. Agents once reigned supreme, and fam trips were organized every month or so by DMO's to entice them to become experts on their destinations to sell their product. But once consumers habits changed and Gen X and older Millennials wanted to plan their own trips, travel agent ranks suffered and were mainly used by businesses. Now younger Millennials and Gen Z seek out help to curate more authentic experiences, and agents are back in fashion again and taking their rightful place as destination experts.

Wholesalers/tour operators have always been great partners to help sell destinations and package their products in appealing ways to help sell destination products to consumers.

**Groups**

In the meetings and event industry, astonishing changes have come to pass that many in the travel industry thought were never going to take hold; for example, event management software like Cvent

that planners use to source and book meetings and events of all types (corporate, association, specialty, etc.)

We've also seen the rise of third party/independent meeting planning companies like HelmsBriscoe, ConferenceDirect, and Maritz Travel. Also, luxury and independent companies like ALHI (Associated Luxury Hotels International) and Preferred Hotels & Resort, that help market affiliates in both the group and leisure space.

All of the ways to plan and book have helped the meetings industry in terms of making it easier than ever to plan and source a meeting or event. These companies use DMO's services as well, and together provide great resources for planners. From the supplier side, however, the wide variety of planning and booking tools and partners leads to some issues in terms of tracking where actual leads and sales come from, which in turn can cost suppliers commissions that they may have not had to paid if the original lead actually came to them directly.

We're confident in our overall knowledge and expertise in the travel category, and in working with Destination Marketing Organizations. We also are excited to bring our overall client industry experience to the GFLCVB. We love working with DMO's and the tourism industry, and it shows in the detailed, innovative and breakthrough media and creative work that we produce for our travel clients.

**Media Planning (Cross-Channel)**

All campaigns &Barr develops include an up-front deliverables meeting with our client partners. During this session, we identify the KPIs used to determine the overall success of the program. At this point, we identify appropriate measurement tools based on your goals, which could include benchmark studies for awareness, site visits, course registrations, e-newsletter sign-ups, promotional entries, impressions, “likes” and more. Then &Barr develops and implements a tracking strategy that aligns with your goals.

We use our media relationships, tools and resources not only to help define target audiences and geographical boundaries, but to uncover different and groundbreaking opportunities that many other agencies may overlook. After working with our clients to understand goals, targets and more, we meet internally as an overall account team (account service, strategists, media and creative) to brainstorm ideas, potential programs and partners that would help solve client problems and meet client goals and KPIs. Bigger ideas are shared with the client at this stage for consideration. Then, our team issues RFPs to appropriate media vendors and publishers, and also has dialogue with them to identify additional unique solutions for our client’s issues and goals. Sometimes these solutions do not end up being a solely media-driven effort. And that is okay. &Barr works cross-discipline for solutions that work for our client’s business, no matter which “department” that solution lives in.

&Barr strives to capture daily granular marketing program data across multiple online channels, which enable us to monitor performance in real time and expediently optimize campaigns for the online portion of the plan. &Barr integrates client revenue data into a centralized tracking system (i.e., Datorama), which allows us to provide return-on-investment analysis and optimization.

We follow a distinct planning process where we are constantly monitoring trends and media opportunities to make informed and unique recommendations to our clients. Once plans are in place, we monitor, track and report on campaigns on an ongoing basis to make recommendations for optimizations. These optimizations allow campaigns to spend more efficiently, and to reach our target audience most effectively. &Barr also utilizes these insights in the planning/targeting of future campaigns.

**Research**

Our media philosophy is to research and recommend the most effective and efficient plan for your goals and budget. This may involve “traditional” offline media such as print and broadcast, or media in the digital space including online advertising, native ads, social channels and more. It may involve our media team recommending a solution that isn’t media-driven, if that’s what’s best for the campaign.

Our agency has access to myriad tools that allow us to fully research the best solutions for our clients before plans are recommended. We also have personnel and tools in place to fully track, optimize and report on digital campaigns, and we are able to integrate with your measurement tools as well. Our team tags and tracks all online advertising that we are managing, and can advise on tracking code implementation for all other client-managed online properties. Some of our media platforms and resources include:

## Media Negotiating

&Barr's media team is known for being strategic and powerful negotiators, as we make every effort to negotiate the best rates for our clients, and to secure the most value. Because of our long-term relationships with our media partners, as well as the amount of media we buy, we are successful in negotiating the best rates and added-value placements for our clients.

Our traditional/offline media buys typically come in 20–40% below industry standard SQAD cost per point. And we continually monitor and optimize our buys to ensure that we are delivering the most cost-efficient and effective schedules.

For digital media, &Barr has been able to negotiate some of the best CPMs, CPAs and CPCs in the market – at times bringing rates down to more than 30% cost savings. When buying digital, we make our budgets work for us: for example, buying the media on a cost-per-action basis rather than a blanket CPM model. We also leverage our own Double Click reporting so our publishers have to bill off of our in-house reporting (versus their own) to ensure accuracy of media dollars spent.

Once the strategy has been discussed and KPIs have been determined, our team issues RFPs to appropriate media vendors. At this time we let them know our expectations as far as rates/costs and where they would need to come in with their rates to be able to make the budget. When we receive proposals back, we can then go back and negotiate further based on where other media partners are coming in in terms of rates.

Part of our RFP process and dialogue with our media partners is about added value. We take this term at face value – we are particular about the types of added-value placements that we will accept and recommend to our clients.

Many media sources will offer low-value placements that we feel do not add value or are not appropriate for a buy/campaign. So, at &Barr we strive to only secure added-value elements that enhance the overall effectiveness of a program, or further a client's goals. To that end, we work with our clients up front to identify the types of elements that they find valuable as well.

Additionally (and some would say surprisingly), we monitor the added value that we secure for our clients. If any bonus or added-value items are not delivered, we go back to the media partner and request a cash credit for any "free" missed items. This tactic helps remind our media partners that they need to deliver on what was promised.

## Media Buying & Placement

Once our media recommendations have been presented and approved by our clients, we issue official Estimates & Authorizations (E&As) for traditional offline media and broadcast buys, and flowcharts for online media. These documents are then signed by clients to indicate approval, at which time the agency finalizes negotiations with the media vendors and locks in the media. Official insertion orders are issued, and contracts signed, with media vendors and publishers.

For online/digital, our media and analytics team monitors the digital portions of the campaigns on an ongoing basis through our third-party ad server to ensure the campaigns are pacing correctly and delivering the correct inventory, and to make placement and creative optimizations based on performance. We also request performance data from individual publishers to check against ad server data, to double-check performance, as well as ensuring publisher numbers are not inflated for some reason.

For print media, tear sheets are sent to the agency along with invoicing, as proof of performance.

For broadcast, the media team keeps in contact with station representatives for any issues or movement within the schedule beyond the agency's control, and that can be made good while the campaign is still in progress. A post-buy analysis is also conducted after broadcast campaigns have ended to ensure the buy came in at agreed-upon point levels and that the entire schedule ran. Make-good offers are made to the client after this process if spots were missed, in the form of credits or bonus spots in future schedules.

Another way &Barr helps optimize our clients' media buys is by leveraging the MOAT viewablity and verification measuring tool featuring the "True View" validation/measurement of video units. MOAT's "True View" tool measures to ensure video was viewable, which means that at least 50% of the video was in the consumers' view (i.e., above the fold) and within the consumers' view for at least 70% through completion. This ensures that actual humans are viewing our videos and they are not running below the fold or on tabs that are out of view from the eyes of prospects. MOAT also ensures that our clients' video content is only showing amongst brand-safe content.

**Reporting**

All reporting is customized to the client's particular needs based on the client's goals and the media that is running. For upper-funnel tactics, the &Barr Digital Marketing & Analytics team typically seeks to efficiently drive engaged traffic from targeted audiences to the company's website, where consumers can learn more and evaluate the client's product(s)/service(s). Once a consumer has reached the website, the team looks at engagement (e.g. page views, time on site) and bounce rates to allow us to optimize media toward placements that are driving more engaged consumers. The team can also measure any number of website micro-conversions, including button clicks, email opt-ins, revenue per visitor, etc., to understand how consumers are interacting with the brand and website content. For eCommerce/online registration goals, the team can analyze sales performance metrics, including conversion rate and revenue per visitor to understand how effectively the media and website are converting visitors.

In regard to lower-funnel media tactics, the agency typically analyzes KPIs that include Conversion Rate and Return on Ad Spend (ROAS), which shows the return on investment for every media dollar spent. Of course, all KPIs are ultimately determined based on the client's particular business needs and goals, in the case of GFLCVB we would be focused on heads in beds and travel to the destination via tools such as Arrivalist. The &Barr Digital Marketing & Analytics team is glad to walk the client through any reporting to answer questions and explain findings.

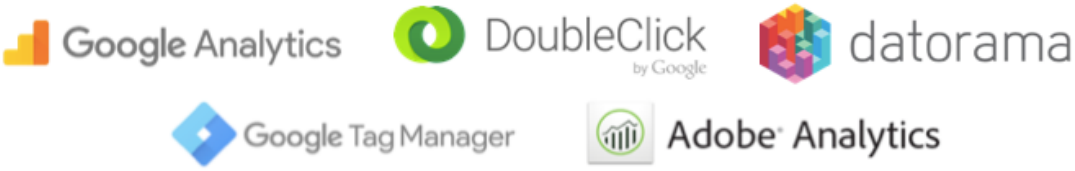
Prior to the launch of a campaign, the Digital Marketing & Analytics team meets with the client to establish KPIs to measure various aspects of the media as it relates to the client's customer's journey(s). A/B testing

opportunities can also be discussed at this time. The team then implements the campaigns and monitors them according to the designated KPIs, leveraging reporting to inform media decisions and optimizations throughout campaigns and prior to any new campaign launches.

For weekly reporting, the &Barr team recommends a customized dashboard (typically delivered in PDF form complete with easily understood actionable insights) that includes all required performance metrics, including year-to-date, campaign-to-date, month-to-date and/or prior week breakouts. Depending on the client/media, current data is benchmarked year-over-year, month-over-month and/or week-over-week, etc., to provide a clear understanding of how current performance compares to past performance - as well as to identify optimizations to help further boost performance and address any metrics that may be trending downward. Reporting can be segmented at multiple levels of granularity based on the client's business needs - e.g. by channel, by campaign, by vendor, by geo, by audience, by creative, etc. With these reports, the team will provide a top-line summary of insights and optimizations/next steps. Weekly reporting can also be delivered in PowerPoint form, depending on the client's preference.

Monthly, quarterly and look-back analyses (LBAs) reporting (if contracted) is also tailored to the client's needs and can be similar to weekly reporting but with additional insights/granularity or, oppositely, more top-line results, depending on how the reporting will be used and distributed within the client's organization. Monthly reporting can be provided as a larger dashboard or PowerPoint, while quarterly reporting is typically provided in PowerPoint form and includes performance against established metrics as well as additional visualizations where possible to demonstrate the impact of media, tactics and optimizations. A summary of key insights/learnings as well as recommendations and any major shifts in media strategy will be shared and discussed at these junctures.

**&Barr Analytics Platforms**



**&Barr Digital Analytics Team Certifications**

&Barr has a number of certifications across the team, these being just a few:

Please see the sample client dashboards shown below as examples. Please note that dashboard metrics will be personalized by client and campaign, based on mutually agreed-upon measurement metrics and KPIs.

The media and account team at &Barr have a long history of providing added value to our clients. We subscribe to the notion that added value should...add value! To that end, we meet with our clients before we begin the buying process, to determine what is deemed valuable that we can negotiate along with the buy.

Added value can take many forms, such as:

- Additional ad units/impressions (print ads, broadcast spots, emails, digital units)
- Advertorial/editorial
- Events
- Promotions
- Bringing a partner opportunity
- Creative services
- Speaking opportunities
- Sponsorships
- Content
- Research (e.g. lift studies, etc.)
- Show/conference participation fees waived
- Webinar opportunities

&Barr can leverage added value to achieve various objectives:

- To enhance and extend buys – either achieving more depth to target market in a fixed time period or extending schedules longer
- To save costs in other areas (e.g. leverage print buy with The Meeting Professional for added value admission to MPI WEC; or save on creative unit development costs)
- To secure research that can help prove performance (brand lift study) or be applied to future campaigns (publishers that provide Q&A along with buy)
- To provide opportunities to explain product/service in more detail (e.g. advertorials or content)

We are able to provide our clients with added value due to our long-standing relationships with media vendors, our negotiating savvy, and our purchasing power from our combined client base. As well, our media relationships are so strong that we usually hear about new opportunities and ideas before other agencies.

Co-op programs work best when the opportunities being offered are of value to the partner who will buy into them. &Barr would suggest surveying potential partners to see what type of target audiences they'd like to reach, and what types of co-ops and co-op units they'd be interested in (e.g. domestic or international, broadcast or digital, etc).

In addition to the insights gleaned from the partner survey, &Barr will work with the GFLCVB on planning based on agreed-upon briefs, and then use this combined information to put together a media and content plan that also offers valuable co-ops for partners.

Our typical process for co-ops is to explore what placements within our media buy 1) make sense for co-op partners to run on and would provide the best exposure, and 2) have enough impressions to be split among partners and still ensure all were receiving adequate exposure. From there, we determine how many partners could be accepted for each placement based on the number of impressions available and determine a fair price for the co-op placement based on a percentage of the total media cost. If added value impressions/space was secured as a part of a buy, that added value was passed along to co-op partners as well.

After going through all media plans for the year and developing a list of co-ops based on that buy, &Barr puts together a co-op presentation that includes all opportunities, which can then be presented to co-op partners. &Barr also suggests one-on-one meetings with high-value partners where we can provide tailored recommendations on placements based on the type of partner (e.g. hotel/resort, attraction) and their needs. Throughout the plan, &Barr will continue to reach out to potential partners with new opportunities in an effort to completely sell placements that still had openings.

As co-op partners are secured, &Barr executes contracts with each partner. Every co-op partner is provided with a spec sheet that included details on creative assets to be provided and deadlines for each of their co-op placements. As deadlines approach, &Barr reaches out to each partner individually to remind them of approaching placements and to secure assets. Once creative is received, &Barr presents completed ads to client for final approval and then trafficks final ad units to publishers. &Barr tracks all digital placements and reports to partners on performance on a biweekly basis. All partners are billed for co-op placements in the month they run.

## Workload of Firm

To see a comprehensive listing of &Barr's completed and active projects over the past 5 years please reference the Appendix of this document starting on page 97.

&Barr does not have any current or pending conflicts of interest if awarded the GFLCVB contract. &Barr does not have any potential or pending projects that have been awarded or are awaiting contract or kickoff. We are ready to start immediately if selected as your partner.

As you can see from the extensive project list over the past five years, there is always job/project overlap across clients at &Barr. This is why we utilize a workflow management system called Workamajig, where all jobs are input, the producer then reviews and assigns tasks to creative team members based on timelines and availability, and then ongoing changes, budgets, timelines and approvals are tracked in this tool as well.

Our creative and production teams are also structured in a way that allows multiple projects to flow simultaneously through the agency. There are three integrated producers at &Barr who handle a roster of clients and manage all their projects, and there are two creative directors who split oversight of clients. Our art directors, copywriters and production artists work on specific client business, and are also cross-trained to handle overflow business from other clients during peaks and valleys that are found in some clients' plans. Production oversight on large photoshoots and TV shoots is sub-contracted, while print production is handled in-house. Daily "new job" meetings ensure job input is clear, comprehensive and

understood by all from inception, and daily “creative review” meetings allow account service, production and creative to review work together for any necessary tweaks before client review. Finally, weekly status meetings help ensure jobs are on track, on time, and all parties are informed.

If you review the past five-year project list we included, you will see jobs highlighted and color-coded - this is to indicate a sampling of where large-in-scope or a large amount of client jobs overlapped each other. See the three examples below:

**Yellow Highlights** – In May 2015, jobs were opened for Rosen Shingle Creek, Rosen Centre and Rosen Plaza for meetings photo shoots, including showing their property, and meeting space and setups – with and without talent. Around the same time, jobs were opened for Experience Kissimmee’s July 4th and fall domestic integrated campaigns, where we needed to develop creative for many different ad formats and units.

**Blue Highlights** - In early November 2016, a series of jobs were opened for Discover The Palm Beaches domestic winter and international campaigns - all integrated campaigns with multiple media types and units purchased. One month later, many Nemours Children’s Hospital jobs were opened for their 2017 FY campaign, for social and online display ad creative.

**Green Highlights** – The month of August 2017 had many print ads due for Rosen Hotels & Resorts’ “Rosen Reveal” magazine; a new Ruth’s Chris TasteMaker wine pairing dinner cross-platform campaign needed to be created; and at the same time Discover The Palm Beaches FY 2018 digital creative jobs were opened as well.

For the examples cited, there were no unusual challenges.

Normal challenges we face are excessive revisions on a job(s) (sometimes due to multiple reviewers or stakeholders involved in the project) or last-minute notification of an ad or job needed. We try to head this off by working with our clients to plan ahead; by having regular client meetings to discuss strategy, status and creative work; and by working with our internal teams to ensure brand and job knowledge.

We also like to provide options to our clients, so that if one direction is not liked, there are others to review. This helps keep timelines on track.

Failure to timely submit this form and supporting information may affect the Vendor's evaluation. Provided information is subject to verification by the County.

A Vendor's principal place of business location (also known as the nerve center) within Broward County is considered in accordance with Evaluation Criteria. The County's definition of a principal place of business is:

1. As defined by the Broward County Local Preference Ordinance, "Principal place of business means the nerve center or center of overall direction, control and coordination of the activities of the bidder [Vendor]. 2. A principal place of business refers to the place where a corporation's officers direct, control, and coordinate the corporation's day-to-day activities. It is the corporation's 'nerve center' and in practice it should normally be the place where the corporation maintains its headquarters; provided that the headquarters is the actual center of direction, control, and coordination, i.e., the 'nerve center', and not simply an office where the corporation holds its board meetings (for example, attended by directors and officers who have traveled there for the occasion).

4. Vendor has not merged with another firm within the last six months that is not headquartered in Broward County and is not a wholly owned subsidiary or a holding company of another firm that is not headquartered in Broward County;

5. If awarded a contract, it is the intent of the Vendor to remain at the referenced address for the duration of the contract term, including any renewals, extensions or any approved interim contracts for the services provided under this contract; and

6. The Vendor understands that if after contract award, the County learns that the attestation was erroneous, and upon investigation determines that the error was willful or intentional on

the part of the Vendor, the County may, on that basis exercise any contractual right to terminate the contract. Further any misleading, inaccurate, false information or documentation submitted by any party affiliated with this procurement may lead to suspension and/or debarment from doing business with Broward County as outlined in the Procurement Code, Section 21.119.

If the Vendor is submitting a response as a Joint Venture, the following information is required to be submitted:

a. Name of the Joint Venture Partnership

&Barr served as our AOR for a little over 2 years. There were many facets of their organization which were very solid and they did a very good job. The one area and the reason why DTPB did not continue our relationship was a disconnect with their Creative team. Since then their Creative team is now made up different individuals.

Upon receipt, all submittals become "public records" and shall be subject to public disclosure consistent with Chapter 119, Florida Statutes. Submittals may be posted on the County's public website or included in a public records request response, unless there is a declaration of "confidentiality" pursuant to the public records law and in accordance with the procedures in this section.

2. Any confidential material(s) the Vendor asserts is exempt from public disclosure under Florida Statutes must be labeled as "Confidential", and marked with the specific statute and subsection asserting exemption from Public Records.

5. Any materials that the Vendor claims to be confidential and exempt from public records must be marked and separated from the submittal. If the Vendor does not comply with these instructions, the Vendor's claim for confidentiality will be deemed as waived.

6. Submitting confidential material may impact full discussion of your submittal by the Selection or Evaluation Committee because the Committee will be unable to discuss the details contained in the documents cloaked as confidential at the publicly noticed Committee meeting.

## M. Copyrighted Materials

Copyrighted material is not exempt from the Public Records Law, Chapter 119, Florida Statutes. Submission of copyrighted material in response to any solicitation will constitute a license and permission for the County to make copies (including electronic copies) as reasonably necessary for the use by County staff and agents, as well as to make the materials available for inspection or production pursuant to Public Records Law, Chapter 119, Florida Statutes.

## N. State and Local Preferences

### Q. Posting of Solicitation Results and Recommendations

The Broward County Purchasing Division's website is the location for the County's posting of all solicitations and contract award results. It is the obligation of each Vendor to monitor the website in order to obtain complete and timely information.

### R. Review and Evaluation of Responses

A Selection or Evaluation Committee is responsible for recommending the most qualified Vendor(s). The process for this procurement may proceed in the following manner:

1. The Purchasing Division delivers the solicitation submittals to agency staff for summarization for the committee members. Agency staff prepares a report, including a matrix of responses submitted by the Vendors. This may include a technical review, if applicable.

2. Staff identifies any incomplete responses. The Director of Purchasing reviews the information and makes a recommendation to the Selection or Evaluation Committee as to each Vendor's responsiveness to the requirements of the solicitation. The final determination of responsiveness rests solely on the decision of the committee.

3. At any time prior to award, the awarding authority may find that a Vendor is not responsible to receive a particular award. The awarding authority may consider the following factors, without limitation: debarment or removal from the authorized Vendors list or a final decree, declaration or order by a court or administrative hearing officer or tribunal of competent jurisdiction that the Vendor has breached or failed to perform a contract, claims history of the Vendor, performance history on a County contract(s), an unresolved concern, or any other cause under this code and Florida law for evaluating the responsibility of a Vendor.

The protest shall be submitted in writing and received within three (3) business days from the posting of the recommendation of award for Invitation to Bids or the final recommendation of ranking for Request for Letters of Interest and Request for Proposals on the Purchasing Division's website.

4. For purposes of this section, a business day is defined as Monday through Friday between 8:30 a.m. and 5:00 p.m. Failure to timely file a protest within the time prescribed for a proposed contract award shall be a waiver of the Vendor's right to protest.

5. As a condition of initiating any protest, the protestor shall present the Director of Purchasing a nonrefundable filing fee in accordance with the table below.

| Estimated Contract Amount | Filing Fee |
|---|---|
| $30,000 - $250,000 | $ 500 |

1. The appeal must be in writing and sent to the Director of Purchasing within ten (10) calendar days of the determination by the Selection or Evaluation Committee to be deemed timely.

2. As required by Section 21.120, the appeal must be accompanied by an appeal bond by a Vendor having standing to protest and must comply with all other requirements of this section.

3. The institution and filing of an appeal is an administrative remedy to be employed prior to the institution and filing of any civil action against the County concerning the subject matter of the appeal.

**U. Rejection of Responses**

The Selection or Evaluation Committee may recommend rejecting all submittals as in the best interests of the County. The rejection shall be made by the Director of Purchasing, except when a solicitation was approved by the Board, in which case the rejection shall be made by the Board.

## V. Negotiations

The County intends to conduct the first negotiation meeting no later than two weeks after approval of the final ranking as recommended by the Selection or Evaluation Committee. At least one of the representatives for the Vendor participating in negotiations with the County must be authorized to bind the Vendor. ### Office of Economic and Small Business Requirements: CBE Goal Participation

A. In accordance with the Broward County Business Opportunity Act of 2012, Section 1-81, Code of Ordinances, as amended (the "Business Opportunity Act"), the County Business Enterprise (CBE) Program is applicable to this contract. All Vendors responding to this solicitation are required to utilize CBE firms to perform the assigned participation goal for this contract.

B. The CBE participation goal will be established based on the expected expenditure amount for the proposed scope of services for the project. The Office of Economic and Small Business Development (OESBD) will not include alternate items, optional services or allowances when establishing the CBE participation goal. If the County subsequently chooses to award any alternate items, optional services or allowances as determined by OESBD and the Contract Administrator to be related to the scope of services, OESBD may apply the established CBE participation goal. In such an instance, the County will issue a written notice to the successful Vendor that the CBE participation goal will also apply to the alternate items, optional services or allowances. Vendor shall submit all required forms pertaining to its compliance with the CBE participation goal, as applicable. Failure by Vendor to submit the required forms may result in the rejection of Vendor's solicitation submittal prior to the award or failure to comply with the contract requirements may have an impact on the vendor performance evaluation post award, as applicable.

C. CBE Program Requirements: Compliance with CBE participation goal requirements is a matter of responsibility; Vendor should submit all required forms and information with its solicitation submittal. If the required forms and information are not provided with the Vendor's solicitation submittal, then Vendor must supply the required forms and information no later than three (3) business days after request by OESBD. Vendor may be deemed non-responsible for failure to fully comply with CBE Program Requirements within these stated timeframes.

1. Vendor should include in its solicitation submittal a **Letter Of Intent Between Bidder/Offeror and County Business Enterprise (CBE) Subcontractor/Supplier** for each CBE firm the Vendor intends to use to achieve the assigned CBE participation goal. The form is available at the following link: http://www.broward.org/EconDev/Documents/CBELetterOfIntent.pdf

2. If Vendor is unable to attain the CBE participation goal, Vendor should include in its solicitation submittal an **Application for Evaluation of Good Faith Efforts** and all of the required supporting information. The form is available at the following link: http://www.broward.org/EconDev/WhatWeDo/Documents/GoodFaithEffortEval.pdf

D. OESBD maintains an online directory of CBE firms. The online directory is available for use by Vendors at https://webapps4.broward.org/smallbusiness/sbdirectory.aspx.

E. For detailed information regarding the CBE Program contact the OESBD at (954) 357-6400 or visit the website at: http://www.broward.org/EconDev/SmallBusiness/

F. If awarded the contract, Vendor agrees to and shall comply with all applicable requirements of the Business Opportunity Act and the CBE Program in the award and administration of the contract.

1. No party to this contract may discriminate on the basis of race, color, sex, religion,

national origin, disability, age, marital status, political affiliation, sexual orientation, pregnancy, or gender identity and expression in the performance of this contract.

2. All entities that seek to conduct business with the County, including Vendor or any Prime Contractors, Subcontractors, and Bidders, shall conduct such business activities in a fair and reasonable manner, free from fraud, coercion, collusion, intimidation, or bad faith. Failure to do so may result in the cancellation of this solicitation, cessation of contract negotiations, revocation of CBE certification, and suspension or debarment from future contracts.

3. If Vendor fails to meet or make Good Faith Efforts (as defined in the Business Opportunity Act) to meet the CBE participation commitment (the "Commitment"), then Vendor shall pay the County liquidated damages in an amount equal to fifty percent (50%) of the actual dollar amount by which Vendor failed to achieve the Commitment, up to a maximum amount of ten percent (10%) of the total contract amount, excluding costs and reimbursable expenses. An example of this calculation is stated in Section 1-81.7, Broward County Code of Ordinances.

4. Vendor shall comply with all applicable requirements of the Business Opportunity Act in the award of this contract. Failure by Vendor to carry out any of these requirements shall constitute a material breach of the contract, which shall permit the County to terminate this contract or to exercise any other remedy provided under this contract, the Broward County Code of Ordinances, the Broward County Administrative Code, or other applicable laws, with all such remedies being cumulative.

5. Vendor shall pay its CBE subcontractors and suppliers, within fifteen (15) days following receipt of payment from the County, for all completed subcontracted work and supplies. If Vendor withholds an amount from CBE subcontractors or suppliers as retainage, such retainage shall be released and paid within fifteen (15) days following receipt of payment of retained amounts from the County.

6. Vendor understands that the County will monitor Vendor's compliance with the CBE Program requirements. Vendor must provide OESBD with a Monthly Utilization Report (MUR) to confirm its compliance with the Commitment agreed to in the contract; timely submission of the MUR every month throughout the term of the contract, including amendment and extension terms, is a condition precedent to the County's payment of Vendor under the contract.

The completed and signed form and supporting information (if applicable, for Joint Ventures) should be returned with the Vendor's submittal. If not provided with submittal, the Vendor must submit within three business days of County's request. Failure to timely submit this form and supporting information may affect the Vendor's evaluation. Provided information is subject to verification by the County.

A Vendor's principal place of business location (also known as the nerve center) within Broward County is considered in accordance with Evaluation Criteria. The County's definition of a principal place of business is:

1. As defined by the Broward County Local Preference Ordinance, "Principal place of business means the nerve center or center of overall direction, control and coordination of the activities of the bidder [Vendor]. If the bidder has only one (1) business location, such business location shall be considered its principal place of business."

2. A principal place of business refers to the place where a corporation's officers direct, control, and coordinate the corporation's day-to-day activities. It is the corporation's 'nerve center' and in practice it should normally be the place where the corporation maintains its headquarters; provided that the headquarters is the actual center of direction, control, and coordination, i.e., the 'nerve center', and not simply an office where the corporation holds its board meetings (for example, attended by directors and officers who have traveled there for the occasion).

The Vendor's principal place of business in Broward County shall be the Vendor's "Principal Address" as indicated with the Florida Department of State Division of Corporations, for at least six months prior to the solicitation's due date.

Check one of the following:

☐ The Vendor certifies that it has a principal place of business location (also known as the nerve center) within Broward County, as documented in Florida Department of State Division of Corporations (Sunbiz), and attests to the following statements:

1. Vendor's address listed in its submittal is its principal place of business as defined by Broward County;

2. Vendor's "Principal Address" listed with the Florida Department of State Division of Corporations is the same as the address listed in its submittal and the address was listed for at least six months prior to the solicitation's opening date. A copy of Florida Department of State Division of Corporations (Sunbiz) is attached as verification.

5. If awarded a contract, it is the intent of the Vendor to remain at the referenced address for the duration of the contract term, including any renewals, extensions or any approved

interim contracts for the services provided under this contract; and

6. The Vendor understands that if after contract award, the County learns that the attestation was erroneous, and upon investigation determines that the error was willful or intentional on the part of the Vendor, the County may, on that basis exercise any contractual right to terminate the contract. Further any misleading, inaccurate, false information or documentation submitted by any party affiliated with this procurement may lead to suspension and/or debarment from doing business with Broward County as outlined in the Procurement Code, Section 21.119.

If the Vendor is submitting a response as a Joint Venture, the following information is required to be submitted:

a. Name of the Joint Venture Partnership

### Security Requirements

**A. General Security Requirements and Criminal Background Screening:**

1. All contractor and sub-contractor personnel requiring unescorted access to Broward County facilities must obtain a County issued contractor identification badge (contractor ID badge); except as specifically stated herein.
2. The background screening requirements for obtaining a contractor ID badge will depend on the facility to which unescorted access is being requested. Contract Administrators or designees and contractors may contact Broward County Security at (954) 357-6000 or FMsecurity@broward.org for the required background screening requirements associated with access to specific facilities. Contract Administrators will communicate all current and appropriate requirements to the contractor and sub-contractor throughout the contract period.

**B. General Facilities:**

1. Contractor and sub-contractor personnel servicing and requiring unescorted access to General Facilities must have a County issued contractor ID badge (contractor ID badge) which will be the responsibility of the contractor to obtain. Depending upon the request, the badge may carry electronic access privileges. The badge must be visible and worn at all times together with the contractor's company/business contractor ID badge. Similar to employee security/ID badges, requests for contractor ID badges are initially approved by the requesting agency director or designee and then submitted to Facilities Management Division (FMD) Security for final approval.
2. The issuance of a contractor ID badge for unescorted access to General Facilities requires a "Level 1" FDLE background check, which can be conducted by the Florida Department of Law Enforcement (FDLE). This "Level 1" FDLE background check is the contractor's responsibility and should be included in the bid price. FDLE background checks can be done by the contractor by phone at (850) 410-8109 or online at https://web.fdle.state.fl.us/search/app/default
3. Upon completion of the background check, the contractor must attach a copy of the results to the contractor's application for a contractor ID badge. The Project Manager or designee utilizing the service of the contractor will be the "Sponsor" and will either provide the contractor with a Contractor ID Badge Request Form or assist the contractor in completing an on-line application for the County issued contractor ID badge.
4. Requests for a contractor ID badge requiring an FDLE background check may require lengthy processing and review by the Broward Sheriff's Office (BSO). Contractors and subcontractors must therefore submit the request to Broward County Security at least two (2) weeks prior to the start of service by the contractor. When identification badges are ready, Broward County Security will contact the contractor to arrange pick up. Upon pick up, the applicant must present a valid Florida identification and must be accompanied by his or her supervisor. Broward County Security will then supply contractor ID badge valid for the anticipated period within which the work will be performed. The validity period must be clearly stated on the Contractor ID Badge Request Form; however, the period of validity will not exceed one (1) year. Background checks will be required for renewal of contractor ID badge. At the termination of the contract and separation of employee services, the contractor is responsible for the collection and return of all contractor ID badge to the Project Manager and/or to Broward County Security.
5. Compliance with the County's security requirements is part of the overall contract performance evaluation. Final payment will, in part, be contingent on the return of all contractor ID badges issued to contractor personnel.
6. Broward County Security is located at Governmental Center East, 115 South Andrews Avenue Fort Lauderdale, FL 33301. Telephone (954) 357-6000.
7. All contractors must wear distinctive and neat appearing uniforms with vendor's company

name. Sub-contractor personnel must also have Broward County issued contractor IDs and meet the same security requirements and uniform standards as the primary contractor.

8. Contractors will not be allowed unescorted on the job site without proper County issued contractor ID badges.

**C. Facilities Critical to Security and Public Safety:**

Many Broward County government facilities will have areas designated as critical to security and public safety, pursuant to Broward County Ordinance 2003-08 Sections 26-121 and 26-122, as may be amended. The issuance of a contractor ID badge for unescorted access to facilities critical to security and public safety may entail a comprehensive statewide and national background check. Unescorted access to certain facilities occupied by the Broward Sheriff's Office (BSO) and the State Attorney's Office will require a national fingerprint-based records check per the Criminal Justice Information System (CJIS) policy.

A contractor employee found to have a criminal record consisting of felony conviction(s) shall be disqualified from access to the State Attorney's Offices and certain BSO facilities. A contractor employee with a record of misdemeanor offense(s) may be granted access if the System Security Officer (CSO), Terminal Access Coordinator (TAC), and FDLE determines that the nature of the offense(s) do not warrant disqualification. Applicants shall also be disqualified on the basis of confirmations that arrest warrants are outstanding for such applicants.

**D. Contractor Work Crews:**

Background investigations are generally not required for each member of a contractor work crew working on county premises and outside a building or structure. Examples are landscape crews and roofers. If it is necessary to enter the building or structure unescorted, these work crew members should obtain a contractor ID badge. If not, work crew members must be escorted at all times by the project manager, or designee, and must be under the direct supervision of a foreperson for the contractor. The foreperson must be aware of the crew members' whereabouts, has completed the appropriate background check for the location and type of work being undertaken, and has been issued and is displaying a contractor ID badge.

All members of a night cleaning crew must complete a background investigation appropriate to the requirements of the facility and so should all work crew members not escorted when working at a critical county facility.

Notwithstanding, the using agency is best positioned and suited to determine the safeguards and requirements that should be in place to manage the risks and consequences associated with the roles and activities of contractor, subcontractor, and work crews, when requesting a contractor ID badge. The agency is aware of the characteristics of the client population being served by the classes of persons, the need to safeguard high-value assets, and the requirement to comply with all statutory requirements governing background investigations.

**E. Other Vendors:**

Consultants, delivery personnel, and vending machine operators, without a County issued contractor badge, may obtain a Visitor pass and should be escorted by County personnel when accessing and working in designated non-public and employee work areas at both general facilities and facilities critical to security and public safety.

**F. Port Everglades Locations:**

1. The Port Everglades Department requires persons to present, at port entry, a valid driver's license, and valid reason for wishing to be granted port access in order to obtain a temporary/visitor ID badge. For persons who will visit the Port more than 15 times in a 90 day period, a permanent identification badge must be obtained and paid for by the contractor for all employees, subcontractors, agents and servants visiting or working on the port project. A restricted access badge application process will include fingerprints and a comprehensive background check. Badges must be renewed annually and the

fees paid pursuant to Broward County Administrative Code, Section 42.6. For further information, please call 954-765-4225.

2. All vehicles that are used regularly on the dock apron must have a Dockside Parking Permit. Only a limited number of permits will be issued per business entity. The fee is $100.00 per permit/vehicle. Individuals requesting a permit must possess a valid Port-issued Restricted Access Area badge with a "Dock" destination. Requests for Dockside Parking Permits must be submitted in writing, on company letterhead, to the ID Badge Office. Applicants must demonstrate a need for access to the dock apron. Requests shall be investigated, and approved, if appropriate justification is provided. Supporting documentation must be supplied, if requested. Dock permits are not transferable and must be affixed to the lower left corner of the permitted vehicle's windshield. Should the permit holder wish to transfer the permit to another vehicle during the term of issuance, the permit will be removed and exchanged at no charge for a new permit. Only one business entity representative will be permitted on the dock at a time at the vessel location.

3. The Federal Government has instituted requirements for a Transportation Worker Identification Credential (TWIC) for all personnel requiring unescorted access to designated secure areas within Port Everglades. The contractor will be responsible for complying with the applicable TWIC requirements. For further information, please call 1-855-347-8371, or go on line to https://www.tsa.gov/for-industry/twic.

**G. Airport Security Program and Aviation Regulations:**

1. Consultant/contractor agrees to observe all security requirements and other requirements of the Federal Aviation Regulations applicable to Consultant/contractor, including without limitation, all regulations of the United States Department of Transportation, the Federal Aviation Administration and the Transportation Security Administration, and the Consultant/contractor agrees to comply with the County's Airport Security Program and the Air Operations area (AOA) Vehicle Access Program, and amendments thereto, and to comply with such other rules and regulations as may be reasonably prescribed by the County, and to take such steps as may be necessary or directed by the County to insure that sub lessees, employees, invitees and guests observe these requirements. If required by the Aviation Department, Consultant/contractor shall conduct background checks of its employees in accordance with applicable Federal regulations.

2. Contractor shall perform criminal background screening as identified in Item 3 below on its officers, employees, agents, independent contractors and volunteers who will be working under this contract in any County park ("collectively referred to as "County Park Property"). Further, if contractor is permitted to utilize subcontractors under this contract, contractor shall perform or ensure that the background screening as required in Item 3 below is conducted on any permitted subcontractor, which term includes the subcontractor's officers, employees, agents, independent contractors and volunteers who will be working under this contract on County Park property.
