Hours of Operation: Monday through Friday 8:30 a.m. to 5:00 p.m.

Requirements for Submitting Financial Statements

All RLI and RFP solicitations have a standard requirement that all proposals include financial history. To comply with this requirement all firms are to provide Broward County with the firm's financial statements at the time of submittal in order to demonstrate the firm's financial capabilities. Failure to provide this information at the time of submittal may result in a recommendation by the Director of Purchasing that the response is non-responsive.

Each firm shall submit its most recent two (2) years of financial statements for review. The financial statements are not required to be audited financial statements. With respect to the number of years of financial statements required by this RLI, the firm must fully disclose the information for all years available; provided, however, that if the firm has been in business for less than the required number of years, then the firm must disclose for all years of the required period that the firm has been in business, including any partial year-to-date financial statements. The County may consider the unavailability of the most recent year's financial statements and whether the firm acted in good faith in disclosing the financial documents in its evaluation.

Any claim of confidentiality on financial statements must be asserted at the time of submittal and submitted in a separate bound document labeled "Name of Firm, Attachment to Proposal Package, RLI# - Confidential Matter". The firm must identify the specific statute that authorizes the exemption from the Public Records Law. Failure to provide this information at the time of submittal may result in a recommendation by the Director of Purchasing that the response is non-responsive. Please note that the financial statement exemption provided for in Section 119.071(1)c, Florida Statutes only applies to submittals in response to a solicitation for a "public works" project.
