Independent Auditor's Report

RSM US LLP

Honorable Board of County Commissioners
Broward County, Florida

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of the Broward County Water and Wastewater Fund (the Fund), a major enterprise fund of Broward County, Florida (the County), as of and for the year ended September 30, 2025, and the related notes to the financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the financial position of the Fund of the County, as of September 30, 2025, and the changes in its financial position and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the County, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matters

As discussed in Note 1, the financial statements present only the Broward County Water and Wastewater Fund and do not purport to, and do not, present fairly the financial position of Broward County, Florida, as of September 30, 2025, the changes in its financial position, or, where applicable, its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

As discussed in Note 15, the Fund adopted the provisions of GASB Statement No. 101, *Compensated Absences*, during the fiscal year. The adoption of this statement resulted in the restatement of October 1, 2024 balances reported for compensated absences payable and net position.

Our opinion is not modified with respect to these matters.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

THE POWER OF BEING UNDERSTOOD
ASSURANCE | TAX | CONSULTING

RSM US LLP is the U.S. member firm of RSM International, a global network of independent assurance, tax, and consulting firms. Visit rsmus.com/aboutus for more information regarding RSM US LLP and RSM International.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the schedules related to the pension and other post-employment benefit information, as listed in the table of contents, be presented to supplement the financial statements. Such information is the responsibility of management and, although not a part of the financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Fund's financial statements. The Schedule of Net Revenue and Debt Service Coverage Calculation is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the Schedule of Net Revenue and Debt Service Coverage Calculation is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 27, 2026, on our consideration of the County's internal control over financial reporting of the Fund and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting of the Fund or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting of the Fund and compliance.

Broward County, Florida
Water and Wastewater Fund
Management's Discussion and Analysis (Unaudited)

The management of the Water and Wastewater Fund (the Fund) of Broward County, Florida (County) offers this narrative overview and analysis of the financial activities of the Fund for the fiscal year ended September 30, 2025. This discussion has been prepared by management and we encourage readers to consider the information presented here in conjunction with the financial statements and related notes, which follow this section.

Introduction

The Broward County Utilities Division was established on January 31, 1962, with the County's purchase of a small, investor-owned water and wastewater utility. Between 1962 and 1975, the County acquired additional private utilities. In 1972, the County commenced construction of the North Regional Wastewater Treatment Plant (NRWWTP), and in 1975, began providing wholesale wastewater treatment service to large users. The water utility service area is divided into separate geographic districts; District 1 is served by Water Treatment Plant (WTP) 1A, District 2 by WTP 2A and District 3 by purchased water from the City of Hollywood. Subsequent reorganizations created Water and Wastewater Services (WWS).

The Fund operates as a major enterprise fund of the County. It is self-supporting and does not rely on local tax dollars to fund its operations. Operating revenues must therefore be generated from water utility fees, investment income, and other non-operating revenues in order to (1) cover the Fund's operating expenses, debt service payments, certain capital outlays, and other requirements, and (2) comply with the rate covenant provided in all Water Utility Revenue Bonds Resolutions.

Financial Highlights

- Assets plus deferred outflows of resources of the Fund exceeded its liabilities and deferred inflows of resources at the close of the fiscal year 2025 by \$660.5 million (net position).
- In fiscal 2025, the Fund's net position increased by \$54.0 million, or 8.9% compared to prior fiscal year. The increase is due to the positive results of operations and cumulative effect of adoption of GASB No. 101, *Compensated Absences* for \$1.2 million.
- The fiscal year 2025 debt service coverage for the Fund of 218% is above the 120% required debt service coverage per the bond resolution.
- The Fund's total outstanding debt decreased by \$19.96 million or 2.5% during the current fiscal year as a result of repayment of debt.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Fund's financial statements. The financial section is comprised of two components: (1) financial statements, and (2) notes to the financial statements. This report also contains required and other supplementary information in addition to the financial statements.

Financial Statements

The financial statements include the statement of net position, statement of revenues, expenses and changes in net position and a statement of cash flows. These statements provide information about the activities and performance of the Fund and are prepared on the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of when the related cash flow takes place.

Broward County, Florida
Water and Wastewater Fund
Management's Discussion and Analysis (Unaudited)

The **Statement of Net Position** includes all of the Fund's assets, deferred outflows of resources, liabilities and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Fund is improving or deteriorating.

Revenues and expenses are accounted for in the **Statement of Revenues, Expenses and Changes in Net Position**. This statement measures the success of the Fund's operations over the past year and can be used to determine whether the Fund has recovered all of its costs through its user charges and fees.

The **Statement of Cash Flows** provides information about the Fund's cash receipts, cash payments and net changes in cash resulting from operations, non-capital activities, capital and related financing activities, and investing activities.

Notes to the Financial Statements

The notes to the financial statements provide required disclosures and other information that are essential to a full understanding of the information provided in the Fund's financial statements.

Other Information

In addition to the financial statements and accompanying notes, this report also presents required supplementary information concerning the progress in funding the obligation to provide other post-employment benefits, the Fund's proportionate share of the net pension liability, and the Fund's pension contributions.

A schedule of net revenue and debt coverage calculation is presented immediately following the required supplementary information.

Financial Analysis

The statements of net position serve as a useful indicator of the Fund's financial position. They distinguish assets, deferred outflows of resources, liabilities and deferred inflows of resources, with respect to their expected use for current operations or internally designated use for capital projects. A condensed comparative summary of the Fund's Statements of Net Position as of September 30, 2025 and 2024 is shown on the following page:

**Broward County, Florida
Water and Wastewater Fund
Management's Discussion and Analysis (Unaudited)**

**Summary Statement of Net Position
As of September 30, 2025 and 2024
(In Thousands)**

	2025	2024
Current Assets	\$ 261,472	\$ 222,657
Noncurrent Assets-Other Than Capital Assets	151,786	169,556
Capital Assets (Net)	1,197,430	1,190,863
Total Assets	<u>1,610,688</u>	<u>1,583,076</u>
Deferred Outflows of Resources	<u>15,572</u>	<u>18,759</u>
Current Liabilities	71,723	76,858
Noncurrent Liabilities	883,579	908,355
Total Liabilities	<u>955,302</u>	<u>985,213</u>
Deferred Inflows of Resources	<u>10,409</u>	<u>10,070</u>
Net Investment in Capital Assets	480,540	473,485
Restricted	30,226	28,779
Unrestricted	149,783	104,288
Total Net Position	<u>\$ 660,549</u>	<u>\$ 606,552</u>

The overall position of the Fund improved in both the 2025 and 2024 fiscal years. Total net position as of September 30, 2025, was \$660.5 million, representing an increase of \$55 million, or 9.1% compared to restated net position of 2024. Total net position as of September 30, 2024, as previously reported, was \$606.6 million, as compared to the 2023 net position of \$571.7 million, representing an increase of \$34.8 million, or 6.1% during fiscal year 2024. The increase in fiscal years 2025 and 2024 was primarily due to the positive results of operations of the Fund.

At September 30, 2025, 72.7% of the Fund's net position is represented by its net investment in capital assets. These capital assets are used to provide services to the Water and Wastewater Utility customers. The restricted portion, 4.6% of the Fund's net position, relates to assets that are subject to external restrictions on how they can be used pursuant to covenants of the Bond Resolution. The remaining unrestricted net position of 22.7% may be used to meet any of the Fund's ongoing obligations.

Broward County, Florida
Water and Wastewater Fund
Management's Discussion and Analysis (Unaudited)

The following schedule shows the changes in net position for the fiscal years ended September 30, 2025 and 2024.

Changes in Net Position
For the Years Ended September 30, 2025 and 2024
(In Thousands)

	2025	2024
Operating Revenues:		
Water Sales	\$ 70,693	\$ 65,450
Wastewater Services	118,203	110,008
Other Services	6,978	6,925
Total Operating Revenues	<u>195,874</u>	<u>182,383</u>
Operating Expenses:		
Personal Services	43,665	43,602
General Operating	63,041	60,037
Depreciation	41,366	36,624
Total Operating Expenses	<u>148,072</u>	<u>140,263</u>
Operating Income	<u>47,802</u>	<u>42,120</u>
Non-Operating Revenues (Expenses):		
Grants	9	10
Investment Income	15,138	18,247
Interest Expense	(28,137)	(28,907)
Rebate of investment Earnings	(2,835)	(4,695)
Discontinued Project Costs	(3,111)	(118)
Legal Settlement Income	19,393	-
Other	578	459
Total Non-Operating Revenues (Expenses)	<u>1,035</u>	<u>(15,004)</u>
Income Before Capital Contributions and Transfers	48,837	27,116
Capital Contributions	6,386	7,692
Transfer In (out)	-	3
Change in Net Position	55,223	34,811
Total Net Position - Beginning, as previously reported	<u>606,552</u>	<u>571,741</u>
Cumulative effect of adoption of GASB Statement No. 101	(1,226)	-
Total Net Position- Beginning, as Restated (Note 1 & Note 15)	<u>\$ 605,326</u>	<u>\$ 571,741</u>
Total Net Position - Ending	<u>\$ 660,549</u>	<u>\$ 606,552</u>

The Fund's current year activities increased net position by \$55.2 million, a 9.1% increase from the restated 2024 balance of \$604.5 million. The increase is primarily due to the positive result of operations. Some of the significant changes are as follows:

- Operating revenues increased \$13.5 million, or 7.4% over the prior year. The increase was the result of several factors. Retail water revenue increased \$5.7 million due to increase in retail water demand and increase in retail water rate. Retail sewer revenue increased \$5.1 million due to increase in retail water consumption and increase in rates in FY25. Large User revenue increased \$0.8 million compared to FY24.

**Broward County, Florida
Water and Wastewater Fund
Management's Discussion and Analysis (Unaudited)**

- Operating expenses increased \$7.8 million, or 5.6% from the prior year. General operating expenses increased \$3.0 million, personal services increased by \$0.06 million while depreciation expense increased by \$4.7 million.
- Net non-operating expenses for fiscal year 2025 decreased by \$16.0 million from the prior year. The decrease is primarily due to increase in legal settlement income of \$19.4 million, decrease in investments income by \$1.4 million, decrease in fair value of investments income by \$1.7 million, decrease in interest expense by \$0.8 million, decrease in rebate of investment earnings by \$1.9 million and increase in discontinued project costs by \$3.0 million.
- Capital contributions decreased by \$1.3 million, or 17.0% from the prior year. These assets are site specific to the developer's project and are required to provide service to the specific project. Development activities are anticipated to remain steady in the coming year as broader economic factors in Broward County and throughout the State, such as unemployment rate, property values, and access to capital continues to improve.

The following is a chart of the fiscal year 2025 revenues by source and by percentage of total revenues.

**Broward County, Florida
Water and Wastewater Fund
Management's Discussion and Analysis (Unaudited)**

Capital Assets and Debt Administration

Capital Assets

As of September 30, 2025, the Fund had \$1,197.4 million, net of accumulated depreciation, invested in a variety of capital assets, as reflected in the following schedule. In 2025, there was a net increase of \$6.6 million in capital assets (additions less retirements and depreciation).

The following is a summary of capital assets of the Fund as of September 30, 2025 and 2024:

**Comparative Summary of Capital Assets
As of September 30, 2025 and 2024
(In Thousands)**

	2025	2024
Land	\$ 4,966	\$ 4,966
Construction in Progress	420,871	442,854
Total Non-depreciable Assets	<u>425,837</u>	<u>447,820</u>
Utility Plant in Service	1,563,004	1,496,665
Equipment	52,410	50,755
Intangible Asset- right to use lease asset	1,509	1,509
Intangible Asset- subscription asset	875	586
Intangible Asset- water capacity rights	27,600	27,600
Less Accumulated Depreciation	<u>(873,805)</u>	<u>(834,072)</u>
Total Depreciable Assets, Net	<u>771,593</u>	<u>743,043</u>
Total Capital Assets, Net	<u>\$ 1,197,430</u>	<u>\$ 1,190,863</u>

In fiscal year 2025, capital projects under construction increased by \$46.3 million and \$63.8 million in projects were completed and put into service. The improvements include upgrades to the existing water and wastewater systems, new sanitary sewer systems, installation of drainage systems, new pavement, swales and landscaping.

In fiscal year 2024 capital projects under construction increased by \$38.3 million and \$ 74.5 million in projects were completed and put into service. The improvements include upgrades to the existing water and wastewater systems, new sanitary sewer systems, installation of drainage systems, new pavement, swales and landscaping.

The Fund evaluates the need for capital improvements to the County's retail water and wastewater systems as well as the regional wastewater and water supply systems based upon its five-year capital improvement plan that balances the use of capital resources with projected cash flows. The plan is updated annually wherein all projects are thoroughly examined and scheduled. Each review builds upon prior analyses and uses new planning data when available. The Fund finances the capital projects from a combination of operating cash flows and the issuance of revenue bonds.

Additional information on the Fund's capital assets can be found in Note 4.

**Broward County, Florida
Water and Wastewater Fund
Management's Discussion and Analysis (Unaudited)**

Debt Administration

As of September 30, 2025, the Fund had \$794.5 million in bonded debt outstanding compared to the \$814.4 million in 2024, \$19.96 million or 2.45% decrease due to principal payment of \$19.96 million during the year.

In fiscal year 2024, the Fund had \$814.4 million in bonded debt outstanding compared to the \$833.7 million in 2023, \$19.3 million or 2.3% decrease due to principal payment of \$19.3 million.

All debt outstanding as of the end of fiscal years 2025 and 2024 were secured by system revenues.

**Comparative Summary of Bonded Debt
As of September 30, 2025 and 2024
(In Thousands)**

	<u>2025</u>	<u>2024</u>
Water and Sewer Utility Revenue Bonds	\$ 794,480	\$ 814,442

Water and sewer utility bonds maintained strong ratings of Aa1, AA+ and AA+ from the three major rating services: Moody's Investors Service, Fitch Ratings, and Standard & Poor's Ratings Services, respectively.

Additional information on the Fund's long-term liabilities can be found in Note 5.

Economic Factors and Next Year's Budget and Rates

The County charges uniform rates throughout its service areas. The water utility service area is divided into separate geographic districts; District 1 is served by Water Treatment Plant (WTP) 1A, District 2 by WTP 2A and District 3 by purchased water from the City of Hollywood. The County also owns and operates the North Regional Wastewater System (NRWWS), which provides contract wholesale wastewater services to 11 large users and retail customers from Districts 1 and 2. Sanitary services in Districts 1 and 2 are provided by the NRWWS and by the South District Regional Wastewater System owned and operated by the City of Hollywood for District 3.

The management of the Fund has established goals which include providing high quality and cost-effective services to its customers while operating the facilities and executing programs in a manner that protects the environment. These goals were used as a guide to prepare for the fiscal year 2025 approved budget.

The operating and capital budgets ensure rates, fees and charges are sufficient to support fund activities and debt service requirements while providing appropriate coverage to maintain or to enhance bond ratings.

Management develops and implements a financing plan for the successful implementation of the capital plan and policies to ensure environmentally safe water resources.

The following factors were considered in preparing the fiscal year 2026 budget:

- Water consumption is projected not to change significantly from prior years.
- Increase in annual system costs of 6.16% which includes increases in labor cost, cost of sludge hauling/disposal, cost of purchased water from the City of Hollywood and \$12 million for rate stabilization fund to address future debt service for per-and polyfluoroalkyl substances (PFAS) compliance cost.
- Maintain competitive retail rates among local utilities.

**Broward County, Florida
Water and Wastewater Fund
Management's Discussion and Analysis (Unaudited)**

- Maintain conservation-based water rates to reward customers with the lowest rates of consumption.
- The regional rates for wastewater and raw water were recalculated in conformance with large user agreements and recommended rates were approved by the Board for fiscal year 2026. The regional rates for wastewater increased by 5% and raw water decreased by 4.87% from fiscal year 2025.

Additional information on Water and Wastewater Services is available on the County's web site, <http://www.broward.org/waterservices/Pages/Default.aspx>.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

These financial statements present the financial position, changes in net position and cash flows of the Water and Wastewater Fund (the Fund) of Broward County, Florida (the County), a major enterprise fund of the County, and not the County as a whole. The Fund accounts for water and wastewater services provided to certain areas of the County and its residents.

The Board of County Commissioners (the Board) is responsible for legislative and fiscal control of the County. A County Administrator is appointed by the Board and is responsible for administrative and fiscal control of all County departments through the administration of directives and policies established by the Board. The Water and Wastewater Services (the WWS) operate within the Public Works Department, and are responsible for planning, construction, operation and financial management of the Water and Wastewater Systems (collectively, the Utility).

B. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The Fund operates as a major enterprise fund of the County and uses the enterprise fund type to account for all of its operations. The financial statements are presented using the flow of economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when liabilities are incurred, regardless of when the related cash flows take place. The financial statements distinguish operating revenues and operating expenses from non-operating items. Operating revenues and expenses generally result from providing services in connection with the Fund's principal ongoing operations. The Fund's principal operating revenues are charges to customers for water usage and wastewater treatment. Operating expenses of the Fund include employee wages and benefits, purchases of services, supplies and materials and other expenses related to operating the Fund and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

C. Implementation of Governmental Accounting Standards Board Statements

The Fund adopted the following Governmental Accounting Standards Board (GASB) Statements during the fiscal year ended September 30, 2025.

1. GASB Statement No. 101, *Compensated Absences*

Statement No.101 improves the recognition and measurements guidelines for compensated absences by aligning the recognition of and measurement guidance under a unified model and amending certain previously required disclosures. The effect of the adoption is disclosed in Note 15.

2. GASB Statement No. 102, *Certain Risk Disclosures*

Statement No.102 improves financial reporting by providing users of financial statements with essential information that currently is not often provided. The disclosures will provide users with timely information regarding certain concentrations or constraints and related events that have occurred or have begun to occur that make a government vulnerable to a substantial impact. The effect of this adoption did not significantly impact the Fund's financial position or results in operations.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Deposits and Investments

Cash and cash equivalents consist of cash on hand, demand deposits and investments with original maturities at time of purchase of three months or less.

The Fund participates in the cash, cash equivalent and investments pool maintained by the County. The Fund's portion of the pool is presented as "cash and cash equivalents," "investments," or "restricted assets" as appropriate. Earnings are allocated to the Fund based on the average daily cash and investment balances. The Fund also maintains cash and investments other than the County cash and investment pool for the purpose of funding debt service payments and bond reserve requirements, as well as for investment purposes. The Fund considers cash and cash equivalents to be cash on hand, demands deposits, and investments with original maturities of three months or less from the date of acquisition. All investments are carried at fair value.

E. Accounts Receivable

Accounts receivable are composed primarily of monthly billings to retail and wholesale customers. Unbilled revenues for services delivered during the last month of the fiscal year are accrued based on meter readings for September consumption. An allowance for doubtful accounts is provided for receivables where there is a question as to ultimate collectability. Receivables for the Fund are presented in the accompanying financial statements, net of an allowance for uncollectible accounts of \$7,421,000 for fiscal year ending September 30, 2025. Settlement receivable represents amounts due under a settlement agreement, with a portion expected to be collected beyond the current fiscal year.

F. Due from or to Other County Funds

During the course of operations, the Fund has activity with other County funds for various purposes. Any residual balances outstanding at the year end are reported as due from or to other County funds. The amount reflected as due from other County funds is the balance due for water services provided and the amount due to other County funds is the Fund's share of insurance costs.

G. Inventories and Prepaid Items

Inventories held for use in maintaining the Utility are stated at the lower of average cost or net realizable value. Inventory is received using first-in, first-out method. Prepaid items consist primarily of insurance costs that will benefit future accounting periods.

H. Restricted Assets

Restricted Assets of the Fund primarily represent amounts set aside for construction, debt service, operating and maintenance, and renewal, replacement and improvements under the terms of outstanding bond agreements and regulatory requirements. The bond construction accounts include bond proceeds available for design and construction of capital projects. The debt service accounts contain the principal and interest amounts required for payments due within one year. The bond reserve accounts contain the maximum amount of principle and interest requirements pursuant to the bond resolutions. The operating and maintenance accounts contain the amount required per bond resolution to be set aside for operating expenses during the next two fiscal months. The renewal, replacement, and improvement accounts contain the amounts required to be set aside for the renewal and replacement of equipment and infrastructure.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

I. Capital Assets

Capital assets, which include utility plant in service and equipment, are recorded at cost or, if donated, at acquisition value at the date of donation. The capitalization levels are \$5,000 for equipment and intangible right-to-use assets and \$50,000 for utility plant in service and land. Intangible right-to-use assets are recorded at present value of future lease/ subscription payments over the contract/subscription term. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Depreciation and amortization are calculated using the straight-line method over the following estimated useful lives:

Utility Plant in Service	10 - 45 years
Equipment	3 - 30 years
Intangible Right-to-use Assets	1 - 30 years

J. Deferred Outflows/Inflows of Resources

In addition to assets, the Statements of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net assets that applies to future periods and so will not be recognized as an outflow of resources (expense) until then. The category of deferred outflows of resources in the Fund's Statements of Net Position relates to debt refunding, OPEB and pensions. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded debt or refunding debt. Deferred outflows on OPEB activities are more fully disclosed in Note 1, Section M and Note 9. Deferred outflows on pension activities are more fully disclosed in Note 1, Section N and Note 10.

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net assets that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time. Deferred inflows of resources reported by the Fund that relate to OPEB activities are more fully disclosed in Note 1, Section M and Note 9. Deferred inflows of resources reported by the Fund that relate to pension activities are more fully disclosed in Note 1, Section N and Note 10.

K. Compensated Absences

It is County's policy to permit employees to accumulate earned but unused vacation and sick leave. The County accounts for compensated absences in accordance with Governmental Accounting Standards Board (GASB) Statement No. 101, *Compensated Absences*. A liability is recognized for leave that (a) has been earned by employees, (b) is attributable to services already rendered, (c) is more likely than not to be paid or settled through paid time off or other means. The County has adopted a first-in-first-out flow assumption in making its estimate. Salary-related payments that are directly and incrementally associated with the benefits are also included in the liability.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

L. Long-term Obligations

Long-term debt and other long-term obligations are reported as liabilities in the Statements of Net Position. Bond premiums and discounts are amortized over the life of the bonds on a straight-line basis which approximates the effective interest rate method. Bonds payable as reported includes the amount of unamortized premiums or discounts.

M. Post-Employment Benefits Other Than Pensions (OPEB)

The total OPEB liability is measured as portion of the actuarial present value of projected benefits that is attributed to past periods of employee service. The total OPEB liability is measured as of a date (measurement date) no earlier than the end of the employer's prior fiscal year, consistently applied from period to period. The total OPEB liability is reported in the Statements of Net Position. Changes in the OPEB liability during the period are recorded as OPEB expense, deferred outflows of resources, or deferred inflows of resources, depending on the nature of the change.

N. Pensions

In the Statements of Net Position, pension liabilities are recognized for the Fund's proportionate share of the County's share of each pension plan's net pension liability. For purposes of measuring the net pension liability, deferred outflows of resources related to pensions, deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Florida Retirement System Pension Plan (Pension Plan) defined benefit plan and the Health Insurance Subsidy (HIS) defined benefit plan, and additions to and deductions from the Pension Plan's and the HIS's fiduciary net position, have been determined on the same basis as they are reported by the Pension Plan and HIS plans.

Changes in the net pension liability during the period are recorded as pension expense, deferred outflows of resources, or deferred inflows of resources, depending on the nature of the change. Those changes in the net pension liability that are recorded as deferred outflows of resources or deferred inflows of resources that arise from changes in actuarial assumptions or other inputs, changes in the proportionate share of the net pension liability, and differences between expected or actual experience, are amortized over the average expected remaining service lives of all employees that are provided with pensions through the pension plans, and recorded as a component of pension expense beginning with the period in which they arose. Differences between projected and actual investment earnings are reported as deferred outflows of resources or deferred inflows of resources, and are amortized as a component of pension expense using a systematic and rational method over a five year period beginning with the period in which a difference arose.

O. Net Position and Net Position Flow Assumption

Net position represents the residual interest in the Fund's assets and deferred outflows of resources after liabilities and deferred inflows of resources are deducted and consists of three components: net investment in capital assets, restricted and unrestricted net position. Net investment in capital assets includes capital assets, net of accumulated depreciation, reduced by outstanding debt incurred to acquire, construct or improve those capital assets, excluding unexpended proceeds. The restricted category represents the balance of assets restricted by external parties (creditors, grantors, contributors, or laws or regulations of other governments) or imposed by law through constitutional provisions or enabling legislation. Unrestricted net position consists of the net position not meeting the definition of either of other two components.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

In certain instances, the Fund will fund outlays for a particular purpose from both restricted and unrestricted resources. In order to calculate the amounts reported as restricted net position and unrestricted net position in the financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Fund's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

P. Capital Contributions

Capital contributions consist mainly of capital recovery fees and contributions from developers and other governments. These capital contributions are recognized when all eligibility requirements have been met.

Q. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities and deferred inflows of resources and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

R. Change in Accounting Principle

Due to implementation of the GASB Statement No. 101 *Compensated Absences*, the Fund adopted the accounting and reporting requirements of the new standard, which resulted in restatement of compensated absences and net position as of October 1, 2024. See Note 15 for the impact of the restatement.

The remainder if the page was intentionally left blank.

NOTE 2 - DEPOSITS AND INVESTMENTS

At September 30, 2025 the Fund's deposits and investments consisted of the following (in thousands):

Cash Deposits	\$ 36,735
Investments:	
U.S. Treasuries	83,347
U.S. Agencies	34,766
World Bank	4,634
Commercial Paper	1,158
State of Israel Bond	580
Money Market & Mutual Funds	204,022
Total Investments	<u>328,507</u>
Total Cash, Cash Equivalents and Investments	<u>\$ 365,242</u>

At September 30, 2025, Cash, cash equivalents and investments are classified on the Statements of Net Position as follows (in thousands):

Current Assets:	
Unrestricted	
Cash and Cash Equivalents	\$ 34,161
Investments	124,485
Restricted	
Cash and Cash Equivalents	59,678
Noncurrent Assets:	
Restricted	
Cash and Cash Equivalents	146,918
Total Cash, Cash Equivalents and Investments	<u>\$ 365,242</u>

A. Deposits

Custodial Credit Risk - The custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the County will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The County mitigates custodial credit risk by generally requiring public funds to be deposited in a qualified public depository pursuant to State Statutes. Under the State Statutes, all qualified public depositories are required to pledge eligible collateral having a market value equal to or greater than the average daily or monthly balance of all public deposits times the depositories' collateral pledging level. The pledging level may range from 25% to 150% depending upon the depositories' financial condition ranking from two nationally recognized financial rating services, as well as consideration of financial ratios, trends and other pertinent information. All collateral must be deposited with an approved financial institution. Any potential losses to public depositors are covered by applicable deposit insurance, sale of securities pledged as collateral, and, if necessary, assessments against other qualified public depositories of the same type as the depository in default.

NOTE 2 - DEPOSITS AND INVESTMENTS (Continued)**B. Investments**

The Fund follows the County's investment practices, which are governed by 218.415 of the Florida Statutes, *County Code of Ordinances*, Chapter 1, Article 1, Section 1-10 and the requirements of outstanding bond covenants. The County has a formal investment policy that, in the opinion of management, is designed to ensure conformity with State Statutes and seeks to limit exposure to investment risks. The investment policy specifies the types, issuer, maturity, and performance measurement of investment securities that are permissible. Securities are held to maturity with limited exceptions outlined in the investment policy. Qualified institutions utilized for investment transactions are also addressed within the policy, as well as diversification requirements for the investment portfolio.

Under State Statutes and County Ordinances, the County is authorized to invest in obligations of the U.S. Government, its agencies and instrumentalities, the Florida Local Government Surplus Trust Fund or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act, repurchase agreements with primary dealers, commercial paper, bonds, notes or obligations of the State of Florida or any municipality, political subdivision or agency or authority of the State, certificates of deposit, securities in certain open-end or closed-end investment companies or trusts, World Bank notes, bonds and discount notes, obligations of the Tennessee Valley Authority, certain money market funds and rated or unrated bonds, notes or instruments backed by the full faith and credit of the government of Israel. The County may also invest in collateralized mortgage obligations, reverse repurchase agreements and asset-backed commercial paper with the approval of the County's Chief Financial Officer. County policy requires that securities underlying repurchase agreements must have a market value of at least 102% of the cost of the repurchase agreements.

As of September 30, 2025, the Fund's investments consisted of the following (in thousands):

Investment Type	Fair Value	Weighted Average Maturity (Days)
U.S Treasuries	\$ 83,347	343.3
U.S Agencies	34,766	147.6
World Bank	4,634	29.2
Commercial Paper Discount	1,158	0.1
State of Israel Bonds	580	0.3
Money Market Mutual Funds	204,022	4.7
Total Investments	\$ 328,507	
Portfolio Weighted Average Maturity		525.2

Interest Rate Risk - In accordance with its investment policy, the County manages its exposure to interest rate volatility by limiting the weighted average maturity of its investment portfolio within the following maturity categories: overnight 35%; 1-30 days 80%; 31-90 days 80%; 91 days to 1 year 70%; 1-2 years 40%; 2-3 years 25%; 3-4 years 20%; 4-5 years 15%; 5-7 years 10%. Assets held pursuant to bond covenants are exempt from these maturity limitations. As of September 30, 2025, the portfolio weighted average maturity was 525.2 days and was in accordance with the County's investment policy.

NOTE 2 - DEPOSITS AND INVESTMENTS (Continued)

Credit Risk - The County's investment policy contains specific rating criteria for certain investments. The policy states that commercial paper and asset-backed commercial paper, as well as bonds, notes, or obligations of the State of Florida, any municipality or political subdivision, or any agency or authority of the State, must be rated in one of the two highest rating categories by at least two nationally recognized rating agencies. Commercial paper not rated must be backed by a letter of credit or line of credit rated in one of the two highest rating categories. Any investments in World Bank notes, bonds, and discount notes must be rated AAA or equivalent by any of the nationally recognized rating services. Sovereign Bonds are allowable by the Broward County Investment Policy whether the bonds are rated or unrated. Investments in Securities and Exchange Commission registered money market funds must have the highest credit quality rating from a nationally recognized rating agency.

As of September 30, 2025, County's investments U.S. Agencies were rated AA by Standard & Poor's Rating Services and Aaa by Moody's Investor Services. The County's investments in World Bank notes were rated AAA by Standard & Poor's Rating Services, and Aaa by Moody's Investor Services. Sovereign bonds of Israel were rated A-1 by Standard & Poor's Rating Services and A by Moody's Investor Services. The County's investments in the commercial papers were rated A-1 by Standard & Poor's Rating Services and P-1 by Moody's Investor Services. The County's investments in the Money Market Mutual Funds were rated AAAM by Standard & Poor's Rating Services and Aaa-m by Moody's Investor Services. All of County's investments were held in the County's name.

Concentration of Credit Risk - The County places no limit on the amount that may be invested in securities of the U.S. Government and U.S. Agencies thereof, or government-sponsored enterprise securities. The County requires that all investments be diversified with no more than 5% of the value of the portfolio invested in the securities of any single issuer at the time of purchase. GASB Statement No. 40, "*Deposit and Investment Risk Disclosures - an amendment of GASB Statement No. 3*" requires disclosure when 5% or more is invested in any one issuer (other than those explicitly guaranteed by the U.S. Government). The County's investment in Farmer Mac 12.45% and Federal Home Loan Bank was 8.40% as of September 30, 2025.

Fair Value Measurement - The Fund categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure fair value of the asset and liability. Level 1 inputs are quoted prices in an active market for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs. The Fund does not have any investments that are categorized as Level 3.

Investments in money market mutual funds are recorded at net asset value (NAV) per share. This method of determining fair value uses member units to which a proportionate share of net assets is attributed.

The remainder of the page was intentionally left blank.

NOTE 2 - DEPOSITS AND INVESTMENTS (Continued)

The Fund has the following recurring fair value measurements as of September 30, 2025 (in thousands):

Investments by Fair Value Level	<u>Total</u>	Quoted Prices in	Significant Other
		Active Markets For Identical Assets <u>(Level 1)</u>	Observable Inputs <u>(Level 2)</u>
Debt Securities:			
U.S. Treasuries	\$ 83,347	-	83,347
U.S. Agencies	34,766	-	34,766
World Bank	4,634	-	4,634
Commercial Paper Discount	1,158	-	1,158
State of Israel Bonds	580	-	580
Total Debt Securities	<u>\$ 124,485</u>	-	<u>124,485</u>

Investments at Net Asset Value (NAV)

Money Market Mutual Funds	<u>204,022</u>
Total Investments	<u>\$ 328,507</u>

All securities are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities relationship to benchmark quoted prices (Level 2 inputs).

NOTE 3 - RESTRICTED ASSETS

Restricted assets of the Fund at September 30, 2025, represent amounts restricted for debt service, maintenance and improvements under the terms of outstanding bond agreements. The bond reserve accounts contain the maximum amount of principal and interest requirements pursuant to the bond resolutions. The debt service accounts contain the principal and interest amounts required for payment due on October 1. The deposit account represents customer deposits and the renewal, replacement, and improvement fund are required by the bond resolution.

Composition of restricted accounts is as follows (in thousands):

Bond Reserve Accounts	\$ 54,834
Debt Service Accounts	36,774
Renewal, Replacement, and Improvement Accounts	9,566
Deposit Account	10,400
Construction Projects Account	84,968
Arbitrage Payable	10,054
	<u><u>\$ 206,596</u></u>

Restricted assets are classified on the Statements of Net Position as follows (in thousands):

Current Restricted Assets	
Cash and Cash Equivalents	\$ 59,678
Noncurrent Restricted Assets	
Cash and Cash Equivalents	146,918
	<u><u>\$ 206,596</u></u>

NOTE 4 - CAPITAL ASSETS

Changes in capital assets for the years ended September 30, 2025 are as follows (in thousands):

	Balance October 1, 2024	Increases	Decreases	Balance September 30, 2025
Capital Assets, Not Being Depreciated:				
Land	\$ 4,966	\$ -	\$ -	\$ 4,966
Construction in Progress	442,854	46,313	(68,296)	420,871

The remainder of the page intentionally left blank

NOTE 5 - LONG-TERM LIABILITIES

Changes in long-term obligations for the years ended September 30, 2025 are as follows (in thousands):

	Balance October 1, 2024	Additions	Deductions	Balance September 30, 2025	Amount Due Within One Year	Amount Due After One Year
Revenue Bonds Payable	\$ 749,210	\$ -	\$ (4,880)	\$ 744,330	\$ 5,125	\$ 739,205
Unamortized Bond Premiums and Discounts	68,007	-	(4,055)	63,952	-	63,952
Direct Borrowing	65,232	-	(15,082)	50,150	15,535	34,615
Compensated Absences	6,316 *	246	-	6,562	1,944	4,618
Lease Liabilities	1,412	-	(33)	1,379	30	1,349
Subscription Liabilities	220	21	(204)	37	20	17
Arbitrage Payable	7,648	2,835	(429)	10,054	-	10,054
Other Post Employment Benefits	632	49	-	681	-	681
Net Pension Liability	34,261	-	(5,173)	29,088	-	29,088
Total	<u>\$ 932,938</u>	<u>\$ 3,151</u>	<u>\$ (29,856)</u>	<u>\$ 906,233</u>	<u>\$ 22,654</u>	<u>\$ 883,579</u>

* The beginning balance as of October 1, 2024 was restated as a result of the adoption of GASB Statement No. 101; cumulative effect of adoption was increase of compensated absences liability by \$1,226,000. The addition of \$246 represents the net change in the liability.

The following is a summary of the major provisions and significant debt service requirements for the outstanding bonds at September 30, 2025 (in thousands):

Revenue Bonds and Direct Borrowing	Primary Purpose	Type	Interest Payment		Redemption Optional (O) or Mandatory (M)	Year	Final Maturity Date	Original Amount Issued	Retired/ Refunded	Outstanding September 30, 2025
			Rate %	Date						
2012 Series A	Improvements	Serial	1.0-5.0	04/01 10/01	O	2023	10/1/2033	51,295	49,895	1,400
2015 Series A	Refunding	Serial	5.0	04/01 10/01	O	2025	10/1/2030	42,255	-	42,255
2015 Series B	Refunding	Serial	3.0-5.0	04/01 10/01	O	2025	10/1/2034	157,555	16,630	140,925

										<u>\$ 794,480</u>

Certain bond indentures contain provisions stipulating annual debt service, sinking fund, and minimum net revenue requirements. In addition, certain indentures require maintenance of various accounts and specify the deposits to be made to such accounts. The Fund was in compliance with bond indenture requirements as of September 30, 2025.

NOTE 5 - LONG-TERM LIABILITIES (Continued)

The debt service maturity requirements for all bonds outstanding as of September 30, 2025, are as follows (in thousands):

Fiscal Year	Bonds		Note from Direct Borrowing		Total
	Principal	Interest	Principal	Interest	
2026	\$ 5,125	\$ 30,355	\$ 15,535	\$ 1,475	\$ 52,490
2027	5,380	30,092	15,999	926	52,397
2028	5,645	29,816	16,483	361	52,305
2029	21,180	29,164	2,133	37	52,514
2030	24,590	28,086	-	-	52,676
2031-2035	140,305	123,004	-	-	263,309
2036-2040	172,580	93,364	-	-	265,944
2041-2045	217,360	52,468	-	-	269,828
2046-2048	152,165	9,289	-	-	161,454
	<u>\$ 744,330</u>	<u>\$ 425,638</u>	<u>\$ 50,150</u>	<u>\$ 2,799</u>	<u>\$ 1,222,917</u>

On October 18, 2022, The Water and Sewer System issued Revenue Refunding Bonds, Series 2022B in the principal amount of \$79,872,000 at par for the purpose of partially refunding the 2012A Water and Sewer Revenue Bonds and full refunding of the 2012B Water and Sewer Revenue Bonds in addition to funding the cost of issuance of the Series 2022B. The True Interest Cost (TIC) for the series 2022B Bonds is 3.480441%. The County advance refunded the 2012A and 2012B bonds to reduce its debt service payments over the next six (6) years by approximately \$3.6 million.

The 2022B bond was a direct borrowing that is secured by a lien upon and pledge of the Net Revenues of the County's Water and Sewer System on parity with the Fund's outstanding Water and Sewer Revenue Bonds. The refunded bonds were called in October 2022. The 2022B bond is additionally secured by monies in the Reserve Account. The balance in the Reserve Account is currently \$64,813,000.

The various Bond Resolutions applicable to the outstanding Water and Sewer Utility Revenue Bonds generally contain provisions that, upon the occurrence of and continuation of any event that constitutes an "Event of Default" (typically payment or covenant related compliance criteria), the outstanding principal balance, accrued interest, and/or penalties may, at the option of a required percentage of Bondholders, be accelerated and would be due and payable immediately.

The remainder of the page was intentionally left blank.

NOTE 5 - LONG-TERM LIABILITIES (Continued)

Water and Sewer Utility Revenue Bonds and Direct Borrowing are issued to finance the construction or improvement of the County's Water and Wastewater Utility and are payable solely from and are secured by a pledge of net revenues of the Fund, as defined in the Bond Resolution. In accordance with Section 502 of the Bond Resolution, the debt service coverage for the fiscal years ended September 30, 2025 is as follows (in thousands):

Revenues	\$	222,100
Expenses		<u>106,706</u>
Amount Available for Debt Service	\$	<u><u>115,394</u></u>
Debt Service		
Deposit to Principal Account	\$	20,660
Deposit to Interest Account		<u>32,229</u>
Total Debt Service	\$	<u><u>52,889</u></u>
Debt Service Coverage Available for Debt Service		218%
Required Debt Service Coverage		120%

Total pledged revenues to repay the principal and interest of the Water and Sewer Utility Revenue Bonds as of September 30, 2025 is as follows (in thousands):

Revenue Pledged	\$	115,394
Debt Service	\$	52,574
Future Revenues Pledged	\$	1,222,917
Percentage of Debt Service to Pledged Revenues		45.6%

Total future pledged revenues must be sufficient to repay principal and interest on a cash basis through fiscal year 2048.

Arbitrage Rebate

The Tax Reform Act of 1986 requires the Fund to rebate the earnings on the investments of the bond and revenue note proceeds, in excess of their yield, to the federal government. This requirement is effective for the Fund's bonds issued after August 15, 1986. Of the rebate, 90% is due and payable five years from the date bonds were issued and at five-year intervals thereafter. The remaining 10% is payable 60 days after the bonds are retired. Since positive arbitrage can be offset against negative arbitrage, the rebatable amount fluctuates each year and may or may not be owed at the payment intervals. Due to uncertainty of having to make this rebate payment, the Fund is contingently liable for arbitrage rebate, and recorded arbitrage payable of \$10,054,000 as of September 30, 2025.

NOTE 6 - CAPITAL CONTRIBUTIONS

Contributions and fees used to acquire capital assets are classified as capital contributions in the Statements of Revenues, Expenses and Changes in Net Position. Capital contributions consist of the following (in thousands):

Capital Recovery Fees	\$ 271
Capital Contributed from Other Governments	2,871
Capital Contributed by Developers	3,244
	\$ 6,386

NOTE 7 - RISK MANAGEMENT

The Fund is exposed to various risks and losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Fund participates in the County's workers' compensation, general liability and health insurance programs. For its self-insured workers' compensation exposure, the County purchases excess coverage above a \$2,000,000 retention limit and pays any claims below the retention from its Self-Insurance Fund. Mass transit liability, auto liability, medical malpractice, and general liability are entirely self-insured, with the County providing coverage up to the statutory limits of \$200,000 per person and \$300,000 per occurrence. The Owner Controlled Insurance Program (OCIP) is a large deductible insurance program for County construction projects providing qualified participants with workers' compensation, general liability, and environmental insurance coverage. The program has a \$250,000 per occurrence deductible for workers' compensation and general liability claims and a \$25,000 deductible for environmental claims. The Fund participated in the OCIP program and made contributions based on the estimated construction value, insurance costs and estimated potential losses of its projects. The OCIP program expired in December 2019. However, there are incurred but not reported (IBNR) responsibilities for all projects that were enrolled. There is a seven (7) year statute of repose and four (4) year statutory liability limit. The County is self-insured for employee health insurance and has also purchased stop-loss coverage for the group medical and pharmacy plan with a specific deductible of \$500,000 per individual. The County (through the Self-Insurance Fund) also purchases commercial property coverage, and numerous smaller policies that are required by lease agreements, union contracts, state statutes, etc. Settled claims have not exceeded commercial coverage in the past three (3) years.

The Fund makes payments for the Self-Insurance Programs to the Self-Insurance Fund based on actuarial estimates of the amounts needed to pay prior and current year claims and fund reserves for all losses. Participating funds are indemnified against any losses in a given year in excess of the fees charged. Fees charged are expensed as incurred in all funds. The estimated liabilities for self-insured losses were determined by independent actuarial valuations performed as of September 30, 2025. Liabilities include an amount for claims that have been incurred but not reported (IBNR). Claim liabilities are calculated considering the effects of inflation, recent claim settlement trends (including frequency and amount of payouts), and other economic and social factors. The claims liability estimates also include amounts for incremental adjustment expenses as well as estimated recoveries from salvage or subrogation. The claims liability is based on an estimate, and the ultimate settlement of the claims may differ from the amounts recorded.

NOTE 8 - LARGE USER AGREEMENTS AND MAJOR CUSTOMERS

The county has entered into agreements with Large Users (wholesale) of the North Regional Wastewater System (System). These agreements provide that the cost of operating the System be charged to each large user on the basis of each user's proportionate share of total gallons processed. In addition, each large user is charged a debt service fee for the principal, interest and debt coverage requirements on debt issued to finance the construction of the North Regional Wastewater facilities.

The debt service charge is based on the relative percentage of reserve capacity designated for each user to total reserve capacity. As of September 30, 2025, the top ten customers revenues accounted for approximately 36% of total operating revenue and the Large User revenues, which excludes Major Retail customers, accounted for 28% of total operating revenue.

A significant portion of the Water and Wastewater Services earnings and revenues are directly or indirectly attributed to the demand of Large Users and Major Retail customers. The Large User agreements contain an automatic renewal clause. It is unlikely that any of the Large User customers would cease to be a customer of the system.

Major customers, based on dollars of revenue, are as follows (in thousands):

Customer:	2025			% of Total Operating Revenue
	Wastewater	Water	Total	
Coconut Creek ¹	\$ 5,187	\$ 9,246	\$ 14,433	7.38%
Pompano Beach	13,516	-	13,516	6.90%
Coral Springs	7,961	-	7,961	4.06%
Tamarac	7,734	-	7,734	3.95%
Deerfield Beach	6,928	-	6,928	3.54%
Lauderhill	6,888	-	6,888	3.52%
Broward County Agencies ²	1,510	2,870	4,380	2.24%
North Lauderdale	3,943	-	3,943	2.01%
North Springs Improvements District	3,596	-	3,596	1.84%
Broward County School Board ²	781	1,226	2,007	1.02%
	<u>\$ 58,044</u>	<u>\$ 13,342</u>	<u>\$ 71,386</u>	<u>36.46%</u>

¹ Retail Customer for Water

² Retail Customer for Wastewater and Water

The remainder of the page was intentionally left blank.

NOTE 9 - OTHER POST EMPLOYMENT BENEFITS (OPEB)

Plan Description

The Fund, as an agency of the County, participates in the County's single employer defined benefit healthcare plan. The plan allows its employees and their beneficiaries to continue obtaining health, dental and other insurance benefits upon retirement. The benefits of the Fund's plan conform to Florida Statutes, which are the legal authority for the plan. The plan has no assets and does not issue financial reports. At September 30, 2025, the OPEB Plan covered 382 active department's benefit eligible employees. In addition, the total retirees covered under this plan for the County is 158 at September 30, 2025, whereas individual totals of retirees by department is not available.

Funding Policy

The Fund is financing the post-employment benefits on a pay-as-you-go basis. Expenditures for these insurance premiums are prorated between the General Fund of the County and other funds where personnel are located. The Fund makes no direct contribution to the plan. Retirees and their beneficiaries pay the same group rates as are charged to the Fund for active employees. The County's actuaries, in their actuarial valuation, calculate an offset to the cost of these benefits, which is called the Employer Contribution and represents the implicit subsidy provided by the Fund to its retirees.

The Fund follows the guidance contained in GASB Statement No.75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions* for certain post-employment benefits provided by the County for the fiscal year ended September 30,2025.

Actuarial Methods and Assumptions

The actuarial assumptions used represent a reasonable long-term expectation of future OPEB outcomes. As a national economic and County experience change over time, the assumptions will be tested for ongoing reasonableness and, if necessary updated. Significant methods and assumptions were as follows:

Actuarial Valuation Date / Measurement Date	10/1/2024 / 9/30/2025
Mortality Rates	Various PUB-2010 Generational Tables projected generationally using Scale MP-2021
Actuarial Cost Method	Entry Age
Discount Rate	4.90%
Projected Cash Flows	Pay-as-you-go
Municipal Bond Rate	20-Year Tax Exempt General Obligation
Bond Rate Basis	Average Rating of AA/Aa or Higher
Projected Salary Increases*	3.50%
Healthcare Cost Trend Rate	8.00% initial; 4.50% ultimate

* Includes 3.50% general inflation rate for Broward County Employees.

September 30, 2025

NOTE 9 - OTHER POST EMPLOYMENT BENEFITS (Continued)

Changes in Total OPEB Liability and Related Ratios

Below are details regarding the total OPEB liability from October 1, 2024 to September 30, 2025 (in thousands):

		2025
Total OPEB Liability recognized at 10/1/2024	\$	632
Changes for the Fiscal Year:		
Service Cost		80
Interest		31
Difference between Actual and Expected Experience		2
Assumption Changes		(26)
Benefits Payments		(38)
Net Change in total OPEB		49
Total OPEB Liability at 9/30/2025	\$	681

Covered-Employee Payroll \$ 29,906

Total OPEB Liability as a percent of Covered-Employee Payroll 2.28%

Sensitivity of the Proportionate Share of the Total OPEB Liability to Changes in the Discount Rate - The following represents the Fund's proportionate share of the total OPEB liability calculated as of September 30, 2025 using the discount rate of 4.90%, as well as what the proportionate share of the total OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (3.90%) or one percentage point higher (5.90%) than the current rate (in thousands):

	1% Decrease 3.90%	Current Discount Rate 4.90%	1% Increase 5.90%
As of September 30, 2025			
Total OPEB Liability	\$ 766	\$ 681	\$ 626

Sensitivity of the Proportionate Share of the Total OPEB Liability to Changes in the Healthcare Cost Trends - The following represents the Fund's proportionate share of the total OPEB liability calculated as of September 30, 2025 using health care cost trend of 8.00%- 4.50% as well as what the proportionate share of the OPEB liability would be if it were calculated using a healthcare cost rate trend that is one percentage point lower (7.00%-3.50%) or one percentage point higher (9.00%-5.50%) respectively than the current rate (in thousands):

	1% Decrease 7.00% to 3.50%	Current Discount Rate 8.00% to 4.50%	1% Increase 9.00% to 5.50%
As of September 30, 2025			
Total OPEB Liability	\$ 585	\$ 681	\$ 824

September 30, 2025

NOTE 9 - OTHER POST EMPLOYMENT BENEFITS (Continued)

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended September 30, 2025, the Fund recognized OPEB) expense of \$25,012. At September 30, 2025, the Fund reported deferred outflows and deferred inflows of resources related to OPEB for the following sources:

As of September 30, 2025	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between Expected and Actual Experience	\$ 123	\$ (572)
Changes in Assumptions	85	(528)
Total	\$ 208	\$ (1,100)

Amounts recognized in the deferred outflows of resources and deferred inflows of resources related to OPEB as of September 30, 2025, will be recognized in the OPEB expense as follows (in thousands):

Years Ending September 30th	
2026	\$ (83)
2027	(83)
2028	(90)
2029	(90)
2030	(98)
Thereafter	(448)
Total	\$ (892)

NOTE 10 - RETIREMENT PLANS

All of the Fund's eligible employees, employees of the County, participate in the Florida Retirement System (FRS). As provided by Chapters 121 and 112, Florida Statutes, the FRS provides two cost-sharing, multiple-employer defined benefit plans administered by the Florida Department of Management Services, Division of Retirement, including the Pension Plan and the Retiree Health Insurance Subsidy (HIS Plan). Under Section 121.4501, Florida Statutes, the FRS also provides a defined contribution plan (Investment Plan) alternative to the Pension Plan, which is administered by the State Board of Administration (SBA). As a general rule, membership in the FRS is compulsory for all employees working in a regularly established position for a state agency, county government, district school board, state university, community college, or a participating city or special district within the State of Florida. The FRS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. The Florida Legislature establishes and may amend the contribution requirements and benefit terms of all FRS plans.

The plan administrator for FRS prepares and publishes its own stand-alone annual comprehensive financial report, including financial statements and required supplementary information. Copies of this report can be obtained from the Department of Management Services, Division of Retirement, Bureau of Research and Member Communications, P.O. Box 9000, Tallahassee, Florida 32315-9000; or at the Division's website (www.frs.myflorida.com).

NOTE 10 - RETIREMENT PLANS (Continued)

A. Pension Plan

Plan Description - The Pension Plan is a cost-sharing multiple-employer defined benefit pension plan, with a Deferred Retirement Option Program (DROP) for eligible employees.

The general classes of membership for the Fund are as follows:

- Regular Class - Members of the FRS who do not qualify for membership in the other classes
- Senior Management Service Class (SMSC) - Members in senior management level positions

Employees enrolled in the Pension Plan prior to July 1, 2011, vest after six years of creditable service, and employees enrolled in the Pension Plan on or after July 1, 2011, vest after eight years of creditable service. Regular Class and SMSC members initially enrolled in the Pension Plan before July 1, 2011, once vested, are eligible for normal retirement benefits at age 62 or at any age after 30 years of creditable service. Members in these classes initially enrolled in the Pension Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service. Early retirement may be taken any time after vesting within 20 years of normal retirement age, however, there is a 5.0% benefit reduction for each year prior to the normal retirement age.

DROP is available under the Pension Plan when the member first reaches eligibility for normal retirement. The DROP allows a member to retire while continuing employment for up to 60 months (extended to 96 months as of June 5, 2023). While in the DROP, the member's retirement benefits accumulate in the FRS Trust Fund increased by a cost-of-living adjustment each July, and earn monthly interest equivalent to an annual rate of 1.30% on the preceding months DROP accumulation until DROP participation ends.

Benefits Provided - Benefits under the Pension Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the five highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the eight highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement plan and/or class to which the member belonged when the service credit was earned.

The remainder of the page was intentionally left blank.

NOTE 10 - RETIREMENT PLANS (Continued)

The following chart shows the percentage value for each year of service credit earned.

Class, Initial Enrollment, and Retirement Age/Years of Service	% Value (Per Year of Service)
Regular Class Members Initially Enrolled before July 1, 2011	
Retirement up to age 62 or up to 30 years of service	1.60%
Retirement at age 63 or with 31 years of service	1.63%
Retirement at age 64 or with 32 years of service	1.65%
Retirement at age 65 or with 33 or more years of service	1.68%
Regular Class Members Initially Enrolled on or after July 1, 2011	
Retirement up to age 65 or up to 33 years of service	1.60%
Retirement at age 66 or with 34 years of service	1.63%
Retirement at age 67 or with 35 years of service	1.65%
Retirement at age 68 or with 36 or more years of service	1.68%
Senior Management Service Class	2.00%

The benefits received by retirees and beneficiaries are increased by a cost-of-living adjustment (COLA) each July. If the member was initially enrolled in the Pension Plan before July 1, 2011, and all service credit was accrued before that time, the annual COLA is 3.0% per year. The annual COLA for retirees with an effective retirement date or DROP date beginning on or after August 1, 2011, who were initially enrolled before July 1, 2011, is a proportion of 3.0% determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3.0%. Pension Plan members initially enrolled on or after July 1, 2011, will not have a COLA after retirement.

Contributions - Effective July 1, 2011, all enrolled members of the Pension Plan, other than DROP participants, are required to contribute 3.0% of their salary to the Pension Plan. In addition to member contributions, governmental employers are required to make contributions to the Pension Plan based on state-wide contribution rates established by the Florida Legislature. These rates are updated as of July 1 of each year. The employer contribution rates by job class for the periods from July 1, 2024, through June 30, 2025 and from July 1, 2025 through September 30, 2025, respectively, were as follows: Regular - 11.57% and 11.97%, Senior Management Service - 32.46% and 31.18%; and DROP participants -19.13% and 20.02%. These employer contribution rates do not include the HIS Plan contribution rate and the administrative cost assessment. For the fiscal year ending September 30, 2025, contributions, including employee contributions of \$586,000, to the Pension Plan for the Fund totaled \$3,476,000.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - At September 30, 2025, the Fund reported liabilities of \$19,048,000 for its proportionate share of the Pension Plan's net pension liability. The net pension liability was measured as of June 30, 2025, and the total pension liability used to calculate the net pension liability was determined by actuarial valuations as of July 1, 2025. The Fund's proportionate share of the net pension liability was based on its share of the County's 2024-2025 fiscal year contributions relative to the 2024-2025 fiscal year contributions of all participating members. At June 30, 2025, the Fund's proportionate share was 0.0531% which was a decrease of 0.00115% from its proportionate share measured as of June 30, 2024.

For the fiscal years ended September 30, 2025, the Fund recognized pension expense of \$1,988,400.

September 30, 2025

NOTE 10 - RETIREMENT PLANS (Continued)

In addition, the Fund reported deferred outflows of resources and deferred inflows of resources related to the Pension Plan from the following sources (in thousands):

As of September 30, 2025	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences Between Expected and Actual Experience	\$ 1,760	\$ -
Change of Assumptions	1,913	-
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	-	(2,751)
Changes in Proportion and Differences Between Pension Plan Contributions and Proportionate Share of Contributions	344	(70)
Pension Plan Contributions Subsequent to the Measurement Date	752	-
Total	\$ 4,769	\$ (2,821)

The deferred outflows of resources related to the Pension Plan, totaling \$752,000 for the Fund, resulting from contributions to the Plan subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the fiscal year ended September 30, 2026. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the Pension Plan will be recognized in pension expense as follows (in thousands):

Years Ending September 30th	
2026	\$ 2,852
2027	(438)
2028	(678)
2029	(540)
Total	\$ 1,196

The remainder of the page was intentionally left blank.

NOTE 10 - RETIREMENT PLANS (Continued)

Actuarial Assumptions - The total pension liability in the July 1, 2025, actuarial valuations were determined using the following actuarial assumptions:

Inflation 2.40%
 Salary Increases 3.50% average, including inflation
 Investment Rate of Return 6.70%, net of pension plan investment expense, including inflation
 Mortality rates were based on the PUB-2010 base table, projected generationally with Scale MP-2021.

The actuarial assumptions used in the July 1, 2025, valuations were based on the results of an actuarial experience study for the period July 1, 2018 through June 30, 2023. The assumptions used in July 1, 2025 valuation were unchanged from those used in the prior valuation as of July 1, 2024.

The long-term expected rate of return on Pension Plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions and includes an adjustment for the inflation assumption.

The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

As of September 30, 2025					
Asset Class	Target Allocation*	Annual Arithmetic Return	Compound Annual (Geometric) Return	Annual Standard Deviation	
Cash Equivalents	1%	3.2%	3.2%	1.1%	
Fixed Income	29%	5.5%	5.4%	4.0%	
Global Equity	45%	8.5%	6.9%	18.3%	
Real Estate	12%	8.4%	7.1%	16.8%	
Private Equity	11%	12.4%	8.8%	28.4%	
Strategic Investments	2%	6.5%	6.1%	8.7%	
Total	100.00%				

Assumed Inflation - Mean	2.4%	1.5%
--------------------------	------	------

* As outlined in the Pension Plan's investment policy.

Discount Rate - The discount rate used to measure the total pension liability at June 30, 2025 was 6.70%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that contributions will be made at the statutorily required rates. The Pension Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return. The FRS Actuarial Assumption Conference is responsible for setting the assumptions used in the valuations of the defined benefit pension plans pursuant to Section 216.136 (10), Florida Statutes. The 6.70% rate of return assumption used in the June 30, 2025 calculations was determined by the Plan's consulting actuary to be reasonable and appropriate per Actuarial Standard of Practice No. 27 (ASOP 27) for accounting purposes which differs from the rate used for funding purposes which is used to establish the contribution rates of the Plan. The discount rate used in July 1, 2024 valuation was 6.70%.

September 30, 2025

NOTE 10 - RETIREMENT PLANS (Continued)

Sensitivity of the Proportionate Share of the Net Position Liability to Changes in the Discount Rate - The following represents the Fund's proportionate share of the net pension liability calculated as of September 30, 2025 using the discount rate of 6.70%, as well as what the proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (5.70%) or one percentage point higher (7.70%) than the current rate (in thousands):

As of September 30, 2025	1% Decrease 5.70%	Current Discount Rate 6.70%	1% Increase 7.70%
Proportional Share of the Net Pension Liability	\$ 37,382	\$ 19,048	\$ 3,678

Pension Plan Fiduciary Net Position - Detailed information regarding the Pension Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State-Administered Systems Annual Comprehensive Financial Report.

Payables to the Pension Plan - At September 30, 2025, the Fund reported payables in the amount of \$210,000 for outstanding contributions to the Pension Plan required for the fiscal year ended September 30, 2025.

B. HIS Plan

Plan Description - The HIS Plan is non-qualified, cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

Benefits Provided - For the fiscal year ended September 30, 2025, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month. To be eligible to receive these benefits, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

Contributions - The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. The employer contributions are a percentage of gross compensation for all active FRS members. The employer contribution rate for the period from July 1, 2024 through June 30, 2025 and from July 1, 2025 through September 30, 2025 were 2.00%. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or cancelled.

For the fiscal year ending September 30, 2025, contributions, including employee contributions of \$280,000, to the HIS Plan for the Fund totaled \$907,000.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - At September 30, 2025, the Fund reported liability of \$10,040,000 for its proportionate share of the HIS Plan's net pension liability. The net pension liability was measured as of June 30, 2025, and the total pension liability used to calculate the net pension liability was determined

September 30, 2025

NOTE 10 - RETIREMENT PLANS (Continued)

by actuarial valuations as of July 1, 2024 and rolled forward to the measurement date. The Fund's proportionate share of the net pension liability was based on its share of the County's 2024-2025 fiscal year contributions relative to the 2024-2025 fiscal year contributions of all participating members. At June 30, 2025, the Fund's proportionate share was 0.0692% which was a decrease of 0.00094% from its proportionate share measured as of June 30, 2024.

For the fiscal years ended September 30, 2025, the Fund recognized pension expense of \$302,000. In addition, the Fund reported deferred outflows of resources and deferred inflows of resources related to the HIS Plan from the following sources (in thousands):

As of September 30, 2025	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences Between Expected and Actual Experience	\$ 53	\$ (14)
Change in Assumptions	78	(2,145)
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	-	(7)
Changes in Proportion and Differences Between Pension Plan Contributions and Proportionate Share of Contributions	451	(54)
Pension Plan Contributions Subsequent to the Measurement Date	141	-
Total	\$ 723	\$ (2,220)

The deferred outflows of resources related to the HIS Plan, totaling \$141,000 for the Fund, resulting from contributions to the HIS Plan subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the fiscal year ended September 30, 2026. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the HIS Plan will be recognized in pension expense as follows (in thousands):

Years Ending September 30th	
2026	\$ (347)
2027	(455)
2028	(361)
2029	(282)
2030	(193)
Total	\$ (1,638)

Actuarial Assumptions - Actuarial valuations for the HIS plan are conducted biennially. The July 1, 2024 HIS valuation is the most recent actuarial valuation and was used to develop the liabilities for June 30, 2025. The total pension liabilities as of June 30, 2025 was determined using the following actuarial assumptions:

Inflation 2.40%
 Salary Increases 3.50% average, including inflation
 Investment Rate of Return 5.20% in 2025, net of pension plan investment expense, including inflation
 Mortality Rates were based on the Generational PUB-2010 with Projection Scale BB-2021 tables.

September 30, 2025

NOTE 10 - RETIREMENT PLANS (Continued)

The actuarial assumptions that determined the total pension liability as of June 30, 2025 were based on the results of an actuarial experience study for the period July 1, 2018 through June 30, 2023.

Discount Rate - The discount rate used to measure the total pension liability at June 30, 2025 was 5.20% an increase of 1.27% from the discount rate of 3.93% used in the previous year. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the FRS Actuarial Assumption Conference. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index. The change between the two measurement dates is due to the changes in the applicable municipal bond index between the dates.

Sensitivity of the Proportionate Share of the Net Position Liability to Changes in the Discount Rate - The following represents the Fund's proportionate share of the net pension liability calculated as of September 30, 2025 using the discount rate of 5.20% as well as what the proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (4.20%) or one percentage point higher (6.20%) than the current rate (in thousands):

As of September 30, 2025	1% Decrease 4.20%	Current Discount Rate 5.20%	1% Increase 6.20%
Proportional Share of the Net Pension Liability	\$ 11,321	\$ 10,040	\$ 8,965

Pension Plan Fiduciary Net Position - Detailed information regarding the HIS Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State-Administered Systems Annual Comprehensive Financial Report.

Payables to the HIS Plan - At September 30, 2025, the Fund reported payable in the amount of \$45,200 for outstanding contributions to the HIS plan required for the fiscal years ended September 30, 2025.

The Fund's proportionate share of the Plans' net pension liability, deferred outflows of resources and deferred inflows of resources as of September 30, 2025 and pension expense/adjustments for the fiscal year ended September 30, 2025, were allocated to the Fund based on contributions. Amounts are as follows (in thousands):

September 30, 2025	Net Pension Liabilities	Deferred Outflows of Resources	Deferred Inflows of Resources	Pension Expense
Fund's Activities				
Pension Plan	\$ 19,048	\$ 4,769	\$ (2,821)	\$ 1,988
HIS Plan	10,040	723	(2,220)	302
Total Fund's Activities	\$ 29,088	\$ 5,492	\$ (5,041)	\$ 2,290

NOTE 10 - RETIREMENT PLANS (Continued)

C. Investment Plan

The SBA administers the defined contribution plan officially titled the FRS Investment Plan. The Investment Plan is reported in the SBA's annual financial statements and in the State of Florida Annual Comprehensive Financial Report. As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the defined benefit pension plan. County employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class as the Pension Plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.06% of payroll and by forfeited benefits of plan members. Effective July 1, 2012, allocations to the investment member's accounts, as established by Section 121.72, Florida Statutes, are based on a percentage of gross compensation, by class, as follows: Regular Class 8.30% and Senior Management Service Class 9.67%.

For all membership classes, employees are immediately vested in their own contributions and are vested after one year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the Pension Plan is transferred to the Investment Plan, the member must have the years of service required for Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to five years. If the employee returns to FRS-covered employment within the five-year period, the employee will regain control over their account. If the employee does not return within the five-year period, the employee will forfeit the accumulated account balance. For the fiscal years ended September 30, 2025, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the Fund.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the Pension Plan or remain in the Investment Plan and rely upon that account balance for retirement income.

The Investment Plan pension expense for the Fund totaled \$1,329,200 or the fiscal year ended September 30, 2025.

At September 30, 2025, the Fund reported payables in the amount of \$81,000 for outstanding contributions to the Investment Plan required for the fiscal year ended September 30, 2025.

NOTE 11 - COMMITMENTS AND CONTINGENT LIABILITIES

At September 30, 2025, the Fund had various uncompleted construction projects in process, with commitments totaling \$98,682,000. The retainage payable on these contracts totaled \$5,975,000.

NOTE 12 - TRANSACTIONS WITH OTHER COUNTY DEPARTMENTS

The Fund reimburses the General Fund of the County for an allocated portion of certain support department costs, which include such services as management, administrative, fiscal, internal audit, legal, personnel, purchasing, computer services and information systems, and communication costs. Furthermore, the Fund is charged for the cost of services provided by the Fleet Services and Print Shop Funds. The total cost for the above services was approximately \$3,771,000 for the year ended September 30, 2025.

The Fund also bills other County departments for water and sewer services provided. The total amount billed for the year ended September 30, 2025 was approximately \$4,380,000.

At September 30, 2025 \$409,000 was due from other County funds.

NOTE 13 - LEASES

GASB statement No. 87 defines a lease as a contract that transfers the right to use another entity's asset for a specific period of time in an exchange or exchange-like transaction. The Fund entered into a lease agreement for a customer payment center space. Under this contract, the Fund recognized a lease liability and asset (intangible right-to-use asset), the commencement of the lease term, and the lease liability is measured at the present value of payments expected to be made during the lease term (less any lease incentives). The lease asset is measured at the amount of the initial lease liability, plus any payments made to the lessor at or before the commencement of the lease term and certain direct costs.

An amendment to a lease contract is considered a lease modification, unless the lessee's right-to-use the underlying asset decreases, in which case it is considered a partial or full lease termination. A lease termination is accounted for by reducing the carrying values of the lease liability and lease asset by a lessee, or the lease receivable and deferred inflows of resources by the lessor, with any differences being recognized as a gain or loss.

The future payments are discounted using the interest rate implicit in the lease. If the interest rate is not available, the Fund uses its incremental borrowing rate determined by the County. The lease term is determined by the sum of the noncancellable periods, plus renewal options when they are reasonably certain of being exercised or early termination options when they are reasonably certain of not being exercised.

The Fund entered into lease agreement with a lessee for intangible right-to-use leased office space for a customer payment center. The lease term includes the noncancellable period per the contract plus/ minus any extension options or termination options the Fund is reasonably certain to exercise. The Fund recognized a right-to-use lease asset balance of \$1,509,000 and amortization of \$211,000, and right-to-use lease asset balance was \$1,298,000, net of amortization, as of September 30, 2025.

The Fund recognized an initial lease liability of \$1,509,000, the principal payments since inception reduced the lease liability to \$1,379,000 as of September 30, 2025. The payments in the current year were in the amount of \$59,000, principal payments of \$33,000 plus interest payment of \$26,000.

The Fund used a discount rate of 1.83% based on incremental borrowing rate.

September 30, 2025

NOTE 13 - LEASES (Continued)

The present value of future principal and interest payments as of September 30, 2025 are as follows:

Fiscal Years Ended September 30,	Principal	Interest
2026	\$ 30,391	\$ 25,446
2027	32,093	24,861
2028	33,854	24,244
2029	35,674	23,594
2030	37,544	22,909
2031-2035	217,903	102,990
2036-2040	274,251	80,040
2041-2045	339,761	51,406
2046-2050	377,668	16,348
Total	<u>\$ 1,379,139</u>	<u>\$ 371,838</u>

NOTE 14- SUBSCRIPTION LIABILITY

The Fund entered into subscription-based information technology arrangement (SBITA) for administrative and operational purposes. The subscriptions include services related to software subscription, data management and management services. Under the terms of the agreements, the Fund does not take possession of the software at any time and the vendor provides ongoing services for the software's operation. The subscription periods range from two to five years. The calculated interest rate used range from 2.33% to 2.85%, which were the incremental borrowing rate based on market conditions as of the most recent quarter end as compared to the agreements' commencement date.

As of September 30, 2025, the capitalized right-to-use asset related to SBITA, net of accumulated amortization was \$432,000 and the total subscription liability was \$37,000 of which \$20,000 is classified as current liability representing the portion due within the next fiscal year.

For the year ended September 30, 2025, the Fund recognized \$3,400 of interest expense to this arrangement. The principal and interest payments to maturity are as follows:

Year	Principal	Interest	Total
2026	\$ 19,542	\$ 809	\$ 20,351
2027	4,738	443	5,181
2028	5,603	317	5,920
2029	6,615	169	6,784
Total	<u>36,498</u>	<u>1,738</u>	<u>38,236</u>

NOTES TO FINANCIAL STATEMENTS

September 30, 2025

NOTE 15 - IMPLEMENTATION OF GASB STATEMENT NO. 101, *COMPENSATED ABSENCES*

Governmental Accounting Standards Board Statement No. 101, *Compensated Absences*, was implemented during fiscal year 2025. The new standard resulted in a restatement of October 1, 2024 beginning liability for compensated absences and net position. The adjustment to restate the beginning liability and net position are as follows:

<i>Statement of Net Position</i>	Compensated Absences Liability	Net Position
Balances September 30, 2024, as previously reported	\$ (5,090)	\$ 606,552
Change to implement GASB No.101	(1,226)	(1,226)
Balances October 1, 2024, as restated	\$ (6,316)	\$ 605,326

NOTE 16 - SUBSEQUENT EVENTS

On October 22, 2025, the Water and Sewer System issued Revenue Refunding Bonds, Series 2025 in the principal amount of \$158,115,000 at par for the purpose of refunding the 2015A Water and Sewer Refunding Bonds and refunding the 2015B Refunding Bonds in addition to funding the cost of issuance. The True Interest Cost (TIC) for the Series 2025 Bonds is 2.632138%. The refunding resulted in a net present value savings of \$15,957,630.

As a part of PFAS settlement receivable the Fund received payment of \$9.9 million in total during October and December 2025.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

September 30, 2025

NOTE 1 - OTHER POSTEMPLOYMENT BENEFITS INFORMATION

The Fund did not have assets accumulated in a trust. For the measurement date of September, 30, 2025, the actuarial valuation used a discount rate of 4.90%. The discount rate will be updated annually to reflect market conditions as of the measurement date.

NOTE 2 - PENSION INFORMATION

The discount rate used to measure the pension liability of the Pension Plan at June 30, 2025 was 6.70% and the discount rate used to measure the HIS liability of the HIS Plan at June 30, 2025 was 5.20%, an increase of 1.27% from the prior year. The FRS Actuarial Assumption Conference is responsible for setting the assumptions used in the valuations of the defined benefit pension plans pursuant to Section 216.136(10), Florida Statutes. The 6.70% and 5.20% rate of return assumption used in the June 30, 2025 calculations was determined by the Plan's consulting actuary to be reasonable and appropriate per Actuarial Standard of Practice No. 27 (ASOP 27) for accounting purposes which differs from the rate used for funding purposes which is used to establish the contribution rates for the Plan.

**Report on Internal Control Over Financial Reporting and on Compliance
and Other Matters Based on an Audit of Financial Statements
Performed in Accordance With *Government Auditing Standards***

Independent Auditor's Report

Honorable Board of County Commissioners
Broward County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the Broward County Water and Wastewater Fund (the Fund), a major enterprise fund of Broward County, Florida (the County), as of and for the year ended September 30, 2025, and the related notes to the financial statements, which collectively comprise the Fund's financial statements and have issued our report thereon dated March 27, 2026.

Our report includes emphasis-of-matter paragraphs to indicate the financial statements represent only the Fund of the County, and for the implementation of GASB Statement No. 101, *Compensated Absences*.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) of the Fund as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control of the Fund. Accordingly, we do not express an opinion on the effectiveness of the County's internal control of the Fund.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified a deficiency in internal control, described below as item 2025-001, that we consider to be a material weakness.

Criteria: Generally Accepted Accounting Principles (GAAP) for state and local governments require that capital assets be capitalized and depreciated when placed into service.

GASB Codification, Section 1400.101–.104 (Capital Assets) states that capital assets of proprietary funds should be reported in both the government-wide and fund financial statements, and should be depreciated over their estimated useful lives.

GAAP requires that capital asset costs, including construction in progress, be recognized in the period in which the underlying construction activity occurs, consistent with the accrual basis of accounting.

Condition: The Fund did not timely reclassify certain completed capital projects from Construction in Progress (CIP) to the appropriate capital asset categories when the assets were placed in service. As a result, depreciation expense related to those completed assets was not recorded beginning in the period the assets were available for use. Furthermore, there were costs incurred in previous periods that were not properly included in construction in progress in the fiscal year they occurred.

Cause: Due to turnover in the engineering department, the Fund did not have adequate controls or monitoring procedures in place to identify when construction projects were substantially complete and placed into service. As a result, capital asset records were not timely updated, and depreciation calculations were not initiated.

Effect or Potential Effect: Failure to reclassify completed projects and record depreciation resulted in:

- An uncorrected misstatement for the prior period impact of approximately \$1.7M for projects that were completed and not depreciated.
- Overstatement of Construction in Progress of approximately \$57.8 million.
- Understatement of accumulated depreciation and depreciation expense by approximately \$1,300,000. These misstatements could impact the accuracy of the Fund's statement of net position and statement of revenues, expenses and changes in net position.
- An amount of approximately \$450,000 included as construction in progress additions in the fiscal year under audit that occurred in previous periods.

Recommendation: We recommend that management implement formal procedures to:

1. Periodically review CIP balances to identify projects that have been placed into service.
2. Timely reclassify completed projects from CIP to depreciable capital asset categories.
3. Begin recording depreciation in the period the asset is placed into service, in accordance with GAAP.
4. Document review and approval of capital asset reclassifications and depreciation calculations.
5. Implement effective period-end cutoff and review procedures to identify and record construction activity incurred but not yet recorded.

Views of Responsible Officials: Management agrees with the finding.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Fund's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The County's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the County's response to the findings identified in our audit and described previously. The County's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
