From Hope To Home - With Your Help

**PROJECT
HOME
AGAIN**

GIVE LIFE-CHANGING HOPE

Project HomeAgain provides landlords with the opportunity to fill their vacant units with Broward County residents in immediate need of housing. There is no fee required and move-in costs are covered for eligible tenants.

Project HomeAgain tenants include veterans, young families, and others working hard to rebuild their lives. Become a landlord that brings hope to those most in need in Broward County.

I spent 6 months in the shelter. Leaving due to an abusive marriage, the choice was not easy. I worked multiple odd jobs throughout the year. All the while, maintaining my son's attendance in school.

I am so grateful that landlords are generous enough to help those in need. There really are no words to express how it feels to have a home of our own. The weight lifted off of me while I get back on my feet is such a gift.
