**BROWARD COUNTY PUBLIC ART & DESIGN**

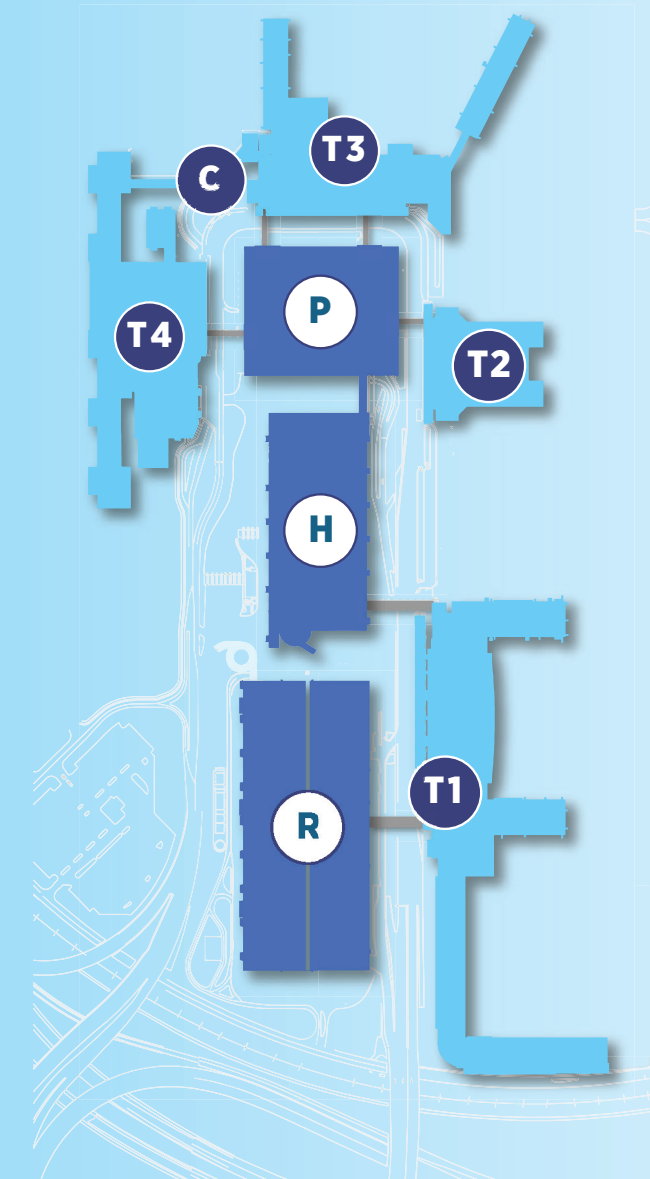

**FORT LAUDERDALE - HOLLYWOOD INTERNATIONAL AIRPORT'S PUBLIC ART**

Public art by local, national and internationally acclaimed artists is on display throughout Broward County's Fort Lauderdale-Hollywood International Airport (FLL), which has participated in Broward County's Public Art & Design Program since the adoption of the Public Art Ordinance in 1976.

Inside FLL's terminals are paintings, sculptures, quilts, mosaic and terrazzo floors, sound art, photography and an art exhibition program showcasing artworks by Broward-based youth and airport employees. Three of these artworks were recognized by the Americans for the Arts Public Art Network's Year in Review that highlights the best examples of public art in the country.

The collection's captivating artworks creatively reflect the spirit and energy of South Florida and its commitment to the cultural arts.

Whether you are in Broward County for business or pleasure, we hope that you will discover and enjoy FLL's public art collection with the help of this brochure and let it serve as your guided tour!

**TERMINAL THREE T3**
