CONTRACTOR REQUEST TO CANCEL A PERMIT

If a Contractor wants to cancel a permit, proof shall be submitted to the Building Official that the owner of record for the permit has been notified. Proof shall be either a copy of a certified registered letter and return receipt (please see below example) received by the owner, or by a notarized letter from the owner stating that he/she is aware of the cancellation of the permit and has no objection to the request. In addition, the Contractor will send the Building Official a letter stating that the Building Official is held harmless from any legal involvement. Upon receipt of these documents, the existing permit will be cancelled after a field inspection has been completed.

If a Sub-Contractor wants to cancel a permit, the same procedures apply, with the exception that the Sub-Contractor must show proof to the Building Official that both the Contractor and the Owner of Record have been notified and have no objections. The Sub-Contractor will also send a letter to the Building Official stating that the Building Official is held harmless from any legal involvement.

Example of Proof of Service (Return Receipt):

(Form is on reverse side)
