

Ch. 27, Pollution Control, Article XIII, Wellfield Protection, Appendix A, List of REGULATED SUBSTANCES  
Effective: June 11, 2013.

|                                |                                |   |   |
|--------------------------------|--------------------------------|---|---|
| Acephate **                    | Bis(2-ethylhexyl)adipate *     | DDD, 4,4- **                                  | Diethylstilbestrol **                             |
| Acifluofen, sodium **          | Bis (2 ethylhexyl) phthalate * | DDE, 4,4- **                                  | Dimethoxybenzidine, 3,3'- **                      |
| Acrylamide **                  | Blazer **                      | DDT, 4,4- **                                  | Dimethylaniline, 2,4- **                          |
| Acrylonitrile **               | Bravo **                       | DEHP *  | Dimethylbenzidine, 3,3'- **                       |
| Alachlor *                     | Bromate **                     | Diallate **                                   | Dinitrotoluene, 2,4 **                            |
| Aldrin **                      | Bromodichloromethane **        | Dibenzo(a,h)anthracene **                     | Dinitrotoluene, 2,6 **                            |
| Aniline **                     | Bromoform **                   | Dibromo 3 chloropropane,<br>1,2- *            | Dinoseb *   |
| Antimony *                     | Cadmium *                      | Dibromochloromethane **                       | Dioxane, 1,4- **                                  |
| Aramite **                     | Captafol **                    | Dibromoethane, 1,2- *                         | Dioxins (as total 2,3,7,8-<br>TCDD equivalents) * |
| Arochlor mixture *             | Captan **                      | Dichloroacetic acid **                        | Diphenylhydrazine, 1, 2 **                        |
| Arsenic *                      | Carbazole **                   | Dichlorobenzene, 1, 2 *                       | Diquat *  |
| Atrazine *                     | Carbofuran *                   | Dichlorobenzene, 1, 4 *                       | EDB *   |
| Azobenzene **                  | Carbon tetrachloride *         | Dichlorobenzidine, 3, 3' **                   | EDC *   |
| Barium *                       | Chlordane (total) *            | Dichlorodipenyldichloroetha<br>ne, p,p'- **   | Endothall *                                       |
| Benzene *                      | Chlorobenzene *                | Dichlorodipenyldichloroethyl<br>ene, p,p'- ** | Endrin *  |
| Benzidine **                   | Chlorobenzilate **             | Dichlorodipenyltrichloroetha<br>ne, p,p'- **  | Epichlorohydrin **                                |
| Benzo(a)anthracene **          | Chloroethane **                | Dichloroethane, 1, 2 *                        | Ethyl chloride **                                 |
| Benzo(a)pyrene *               | Chloromethane **               | Dichloroethene, 1, 1 *                        | Ethylene oxide **                                 |
| Benzo(b)fluoranthene **        | Chloronitrobenzene, p- **      | Dichloroethene, cis-1, 2 *                    | Ethylene thiourea **                              |
| Benzo(k)fluoranthene **        | Chlorothalonil **              | Dichloroethene, trans-1, 2 *                  | ETU **  |
| Benzotrichloride **            | Chromium (hexavalent) *        | Dichloroethane, 1, 2 *                        | Glyphosate *                                      |
| Benzyl chloride **             | Chromium (total) *             | Dichloroethane, trans-1, 2 *                  | Gross alpha radiation *                           |
| Beryllium *                    | Chrysene **                    | Dichlorophenoxy acetic acid,<br>2, 4- *       | Heptachlor *                                      |
| Beta radiation *               | Coliform (fecal) ***           | Dichloropropane, 1, 2 *                       | Heptachlor epoxide *                              |
| BHC, alpha **                  | Coliform (total) ***           | Dichloropropene, 1, 3 **                      | Hexachloro-1,3-butadiene **                       |
| BHC, beta **                   | Crotonaldehyde **              | Dichlorvos **                                 | Hexachlorobenzene *                               |
| BHC, gamma *                   | Cyanazine **                   | Dicofol **                                    | Hexachlorocyclohexane,<br>alpha **                |
| BHC, technical **              | Cyanide, free *                | Dieldrin **                                   | Hexachlorocyclohexane,<br>beta **                 |
| Bis(2 chloroethyl)ether **     | Dalapon *                      |   |   |
| Bis(2 chloroisopropyl)ether ** | DBCP, 1,2-*                    |   |   |

|  |   |                                     |                                       |
|--|---|-------------------------------------|---------------------------------------|
| Hexachlorocyclohexane, gamma *             | Methyl-5-nitroaniline, 2- **            | Nitrosopyrrolidine, N- **           | TCDD, 2,3,7,8- *                      |
| Hexachlorocyclohexane, technical **        | Methylaniline, 2- **                    | Oxamyl *                            | TCE *                                 |
| Hexachlorocyclopentadiene *                | Methylene bis(2-chloroaniline), 4,4- ** | PCBs *                              | Tetrachloroethane, 1,1,1,2 **         |
| Hexachlorodibenzo-p-dioxin (mixture) **    | Methylene chloride *                    | PCE *                               | Tetrachloroethane, 1,1,2,2 **         |
| Hexachloroethane **                        | Naphthylamine, 2- **                    | Pentachloronitrobenzene **          | Tetrachloroethene *                   |
| Hexahydro-1,3,5-trinitro-1,3,5-triazine ** | Nickel *                                | Pentachlorophenol *                 | Thallium *                            |
| Indeno(1,2,3 cd)pyrene **                  | Nickel subsulfide *                     | Phenylphenol, 2- **                 | Toluene-2,4-diamine **                |
| Isophorone **                              | Nitrate *                               | Picloram *                          | Toluidine, p- **                      |
| Kelthane **                                | Nitrate+Nitrite *                       | Polychlorinated dibenzo-p-dioxins * | Toxaphene *                           |
| Kepone **                                  | Nitrite *                               | Propylene oxide **                  | Trichlorobenzene, 1,2,4 *             |
| Lead *                                     | Nitroaniline, m- **                     | Quinoline **                        | Trichloroethane, 1,1,1 *              |
| Lindane *                                  | Nitroaniline, p- **                     | Radium, 226 and 228 (combined) *    | Trichloroethane, 1,1,2 *              |
| Mercury *                                  | Nitroso-di-ethylamine, N- **            | RDX **                              | Trichloroethene *                     |
| Methoxy-5-nitroaniline, 2- **              | Nitroso-dimethylamine, N- **            | Roundup *                           | Trichlorophenol, 2,4,6 **             |
| Methoxychlor *                             | Nitroso-dibutylamine, N- **             | Selenium *                          | Trichlorophenoxy propionic acid, 2- * |
| Methyl chloride **                         | Nitroso-di-n-propylamine, N- **         | Silvex *                            | Trichloropropane, 1,2,3- **           |
| Methyl chloroform *                        | Nitroso-diphenylamine, N- **            | Simazine *                          | Trifluralin **                        |
|  | Nitroso-N-methylethylamine, N- **       | Sodium *                            | Trimethyl phosphate **                |
|  |   | Styrene *                           | Trinitrotoluene, 2,4,6- **            |
|  |   |                                     | Vinyl chloride *                      |

\* Primary standard listed in Section 62-777, FAC

\*\* Carcinogen listed in Section 62-777, FAC

\*\*\* Microbiological indicator
