Independent Auditor's Report

Board of Directors
Broward County Health Facilities Authority
Broward County, Florida

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities and the major fund of the Broward County Health Facilities Authority (the Authority), a component unit of Broward County, Florida as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major fund of the Authority, as of September 30, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Authority and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison schedule be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 27, 2023, on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
SEPTEMBER 30, 2022

This section of the Broward County Health Facilities Authority's (the Authority) annual financial report presents a narrative overview and analysis of the financial activities of the Authority for the fiscal year ended September 30, 2022. Please read it in conjunction with the Authority's financial statements, which follow this section.

Financial Highlights

- The assets of the Authority exceeded liabilities by \$54,081, which is the net position at September 30, 2022. This total net position is unrestricted and may be used to meet the Authority's ongoing obligations.
- During the 2022 fiscal year, the Authority's total net position increased by \$14,549. This increase is primarily due to a hold placed on grants that have not been awarded to non-profit healthcare organizations since FY 2020.
- At the end of the fiscal year, the General Fund reported a total fund balance of \$54,081. The total amount is reported as assigned for the subsequent year's budget.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Authority's basic financial statements. The basic financial statements contain three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the Authority's finances, in a manner similar to a private-sector business.

The *Statement of Net Position* presents information on all of the Authority's assets and liabilities, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Authority is improving or deteriorating.

The *Statement of Activities* presents information showing how the Authority's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses may be reported in this statement for some items that will result in cash flows in future fiscal periods, however, none have been reported in the current fiscal year.

The Authority's government-wide financial statements can be found on pages 8-9 of this report.

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
SEPTEMBER 30, 2022**

Fund Financial Statements

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Authority uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The Authority only utilizes one governmental fund, the General Fund.

Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

The Authority's governmental fund financial statements can be found on pages 10-11 of this report.

Notes to Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 12-16 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information containing budget to actual comparisons for the General Fund. The required supplementary information can be found on pages 17-18 of this report.

Governmental Activities

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. The total net position of \$54,081 was reported as unrestricted, and may be used to meet the Authority's ongoing obligations.

Program revenues – The Authority's charges for services are the same as the prior year and are derived from an annual bond financing fee related to bonds issued and outstanding by Collier County Health Facilities Authority for a facility located in Broward County. The bonds have a final maturity of January 1, 2035, at which time the fee will terminate.

Program expenses – The Authority's expenses decreased by \$30 from the prior year due to a decrease in fees for auditing services.

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
SEPTEMBER 30, 2022**

The financial analysis presented above for the Authority's governmental activities is the same as for the governmental funds since there were no transactions requiring reconciliation between the governmental funds and the governmental activities.

General Fund Budgetary Highlights

For the year ended September 30, 2022, the total appropriations in the original budget and the final amended budget remained the same. The Authority generated a positive variance excluding reserves of \$1,102 between the final adopted budget and actual results. Actual revenues were \$20,952 or 105.3% of the final budgeted amount of \$19,905. Total expenditures of \$6,403 were below the final adopted budget of \$6,458 by \$55, as some of the amounts that were budgeted for professional services were not spent in FY 2022.

Request for Information

This financial report is designed to provide a general overview of the Authority's finances for all those with an interest in the Authority's finances. NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Broward County Health Facilities Authority (the Authority) was established in 1977, by Florida Statute Section 154.207 and by the Broward County Board of County Commissioners (BOCC) County Ordinance No. 77-35, for the purpose of assisting health facilities in the acquisition, construction, financing, and refinancing of projects in any incorporated or unincorporated area of Broward County, Florida (the County). The Authority is governed by a five-member Board who shall be Broward County residents appointed by the BOCC. Bonds issued by the Authority are not deemed to constitute a debt of the Authority, the County, or any political sub-division thereof. The Authority is authorized to issue bonds to fulfill its corporate purpose in a principal amount for all projects not to exceed \$329,100,000. As of September 30, 2022, the Authority has issued \$288,620,000 in revenue bonds of which none are outstanding.

These financial statements have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting policies.

A. Reporting Entity

The Authority is considered a component unit of the reporting entity of the County because the BOCC appoints its governing body and is financially accountable for the Authority. The Authority is included in the County's Annual Comprehensive Financial Report as a discretely presented component unit.

B. Basis of Presentation

Government-wide Financial Statements

The government-wide financial statements (i.e. the Statement of Net Position and the Statement of Activities) report information on all of the activities of the Authority. Governmental activities for the Authority generally are financed through revenues generated by fees.

Fund Financial Statements

The fund financial statements provide information about the Authority. The General Fund, the Authority's major governmental fund, is used to account for all of the Authority's financial resources and transactions.

BROWARD COUNTY, FLORIDA
(A COMPONENT UNIT OF BROWARD COUNTY, FLORIDA)
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

C. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resource being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of the timing of related cash flows.

The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. The Authority considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are recorded when a liability is incurred.

D. Implementation of Governmental Accounting Standards Board Statement

In FY 2022, the Authority adopted Governmental Accounting Standards Board (GASB) Statement No. 87, Leases (GASB 87). The Authority does not have any leases, therefore GASB 87 did not have an impact on the Authority's FY 2022 Financial Statements.

E. Assets, Liabilities and Net Position or Equity

1. Deposits

The Authority participates in the cash pool maintained by the County. As of September 30, 2022, the Authority's share of the cash pool consisted of cash deposits. Please refer to the County's Annual Comprehensive Financial Report for all risk related disclosures.

2. Net Position and Net Position Flow Assumption

Net position represents the residual interest in the Authority's assets after liabilities are deducted and may consist of three components: net investment in capital assets, restricted and unrestricted net position. Net investment in capital assets includes capital assets, net of accumulated depreciation, reduced by outstanding debt incurred to acquire, construct, or improve those capital assets, excluding unexpended proceeds. The restricted category represents the balance of assets restricted for general use by external

parties (creditors, grantors, contributors or laws or regulations of other governments) or imposed by law through constitutional provisions or enabling legislation. Unrestricted net position consists of the net position not meeting the definition of either of the other two components. The Authority's total net position is unrestricted at September 30, 2022.

Sometimes the Authority will fund outlays for a particular purpose from both restricted and unrestricted resources. In order to calculate the amounts to be reported as restricted and unrestricted net position in the government-wide financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Authority's policy to consider restricted position to have been depleted before unrestricted net position is applied.

3. *Fund Balance and Fund Balance Flow Assumption*

In the fund financial statements, governmental funds report fund balance in classifications based on the extent to which the Authority is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

Fund balances in the General Fund may be classified as follows:

1. *Non-spendable* – amounts cannot be spent because they are not in spendable form (e.g., inventories, prepaid items and long-term receivables) or are legally or contractually required to be maintained intact.
2. *Restricted* – amounts are restricted to specific purposes due to the constraints imposed externally by creditors, grantors, contributors, laws or regulations of other governments or by law through constitutional provisions or enabling legislation.
3. *Committed* – amounts can be used for specific purposes pursuant to the constraints imposed by formal actions of the Authority's Board of Directors, the Authority's highest level of decision-making authority. Amounts specifically committed for use in satisfying contractual obligations are also included in this classification.
4. *Assigned* – amounts are constrained by the Authority's intent to be used for specific purposes. Intent is expressed by the Authority's Board of Directors.
5. *Unassigned* – residual amount reported in the General Fund.

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Sometimes the Authority will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the Authority's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

F. Revenues

Amounts reported as program revenues include charges to customers or applicants for goods, services or privileges provided.

G. Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenditure/expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 – RELATED PARTY TRANSACTIONS

The County is reimbursed for the costs incurred for certain financial and administrative services rendered to the Authority in accordance with the terms of the professional services agreement between the County and the Authority. This agreement provides that reimbursable costs for services rendered by the County are due and payable at such time as the Authority has sufficient funds to pay such costs. Charges to the Authority from the County for such services totaled \$6,403 during the year ended September 30, 2022.

The County also administers grants to non-profit healthcare organizations located in Broward County on behalf of the Authority. The Authority did not award any grants to the County during the year ended September 30, 2022.

NOTE 3 – INTERLOCAL AGREEMENT AND CONDUIT DEBT OBLIGATIONS

On November 24, 1998, the Authority entered into an Interlocal Agreement (the 1998 Agreement) with Collier County Health Facilities Authority (the Issuer) to authorize the Issuer to issue tax-exempt revenue bonds (the Bonds) on behalf of and with the agreement of the Authority to loan a portion of the Bond proceeds to Cleveland Clinic Florida (the Borrower) for the purpose of providing funds to the Borrower to acquire, construct, renovate, rehabilitate and equip certain healthcare facilities located in Broward County. The Borrower agreed to pay the Authority an up-front fee of 5 basis points of the borrowing attributable to the construction in Broward County. In addition, the Borrower agreed to pay the Authority an annual fee of 5 basis points of the Bonds outstanding on each anniversary of the Bond issuance date. The Bonds outstanding are not considered a debt or conduit debt of the Authority since they were issued

by the Collier County Health Facilities Authority. The final maturity of the Bonds is January 1, 2035, at which time the fees paid by the Borrower to the Authority will cease.

None of the currently outstanding bonds constitute a debt, liability, or obligation of the Authority, the County, the State, or any political subdivision thereof, except for pledged revenues collected. Neither the Authority, the County, the State, nor any political subdivision thereof shall be liable for any other indebtedness or liability which may arise in connection with the issuance of the bonds or the making of the loan. No collateral, security or commitment is provided by the Authority to support the debt service payment of the bonds.

NOTE 1 – BUDGETARY INFORMATION

The Authority prepares an annual operating budget for the general fund which is reflected in these financial statements. The Authority's budgeting process is based on estimates of revenues and expenditures and requires that all budgets be approved by the Authority's Board (the Board) after a public hearing is held. Subsequent amendments to the budget, if any, are approved by the Board. General Fund appropriations lapse after year-end.

Budgets are prepared on the same basis of accounting as required for the governmental fund types and conforms with GAAP.

**Report on Internal Control Over Financial Reporting
and on Compliance and Other Matters Based on an Audit
of Financial Statements Performed in Accordance
with *Government Auditing Standards***

Independent Auditor's Report

Board of Directors
Broward County Health Facilities Authority
Broward County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the governmental activities and the major fund of the Broward County Health Facilities Authority (the Authority), a component unit of Broward County, Florida as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, and have issued our report thereon dated March 27, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Authority's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on the Financial Statements

We have audited the basic financial statements of the Broward County Health Facilities Authority (the Authority), a component unit of Broward County, Florida as of and for the fiscal year ended September 30, 2022, and have issued our report thereon dated March 27, 2023.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and Chapter 10.550, *Rules of the Auditor General*, of the State of Florida.

Other Report and Schedule

We have issued our Independent Auditor's Report on Internal Control Over Financial Reporting and Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*; and Independent Accountant's Report on an examination conducted in accordance with *AICPA Professional Standards, AT-C Section 315*, regarding compliance requirements in accordance with Chapter 10.550, *Rules of the Auditor General*. Disclosures in those reports, which are dated March 27, 2023, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1 of Chapter 10.550, *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no recommendations made in the preceding annual financial audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4 of Chapter 10.550, *Rules of the Auditor General*, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The legal authority is disclosed in the notes to the financial statements.

Financial Condition and Management

Sections 10.554(1)(i)5.a. and 10.556(7) of Chapter 10.550, *Rules of the Auditor General*, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the Authority has met one or more of the conditions described in Section 218.503(1), *Florida Statutes*, and to identify the specific condition(s) met. In connection with our audit, we determined that the Authority did not meet any of the conditions described in Section 218.503(1), *Florida Statutes*.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8) of Chapter 10.550, *Rules of the Auditor General*, we applied financial condition assessment procedures for the Authority. It is management's responsibility to monitor the Authority's financial condition, and our financial condition assessment was based in part on representations made by management and review of financial information provided by same.

Section 10.554(1)(i)2 of Chapter 10.550, *Rules of the Auditor General*, requires that we address in the management letter any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters

Section 10.554(1)(i)3 of Chapter 10.550, *Rules of the Auditor General*, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of This Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, the Board of Directors and applicable management and is not intended to be and should not be used by anyone other than these specified parties.

**Independent Accountant's Report on Compliance
With Section 218.415, Florida Statutes**

Board of Directors
Broward County Health Facilities Authority
Broward County, Florida

We have examined Broward County Health Facilities Authority (the Authority), a component unit of Broward County, Florida's compliance with Section 218.415, Florida Statutes, Local Government Investment Policies (the specified requirements) during the period October 1, 2021 to September 30, 2022. Management of the Authority is responsible for the Authority's compliance with the specified requirements. Our responsibility is to express an opinion on the Authority's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the AICPA. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Authority complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Authority complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Authority's compliance with specified requirements.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

In our opinion, the Authority complied, in all material respects, with specified requirements during the period October 1, 2021 to September 30, 2022.

This report is intended solely for the information and use of the Florida Auditor General, the Chairperson and members of the Authority and applicable management and is not intended to be and should not be used by anyone other than these specified parties.
