Recycled Paint giveaway was a TOTAL SUCCESS!

HOW DID WE DO?

During the month of October 2022, Solid Waste and Recycling Services distributed a total of 3,130 gallons of free recycled paint to over 150 residents of the Broward Municipal Services District (BMSD).

To promote sustainable choices, BMSD residents received a postcard mailer inviting them to participate in the free recycled paint giveaway event. Residents answered the call to action and placed their orders for free paint, with five color palettes to choose from. The paint was available for pick up at the North Residential Drop-off Center in Pompano Beach and at the Wellness Jamboree at Delevoe Park held on October 15th. For residents needing a little extra help with getting their paint, County staff personally delivered 200 gallons of recycled paint to their homes. Overall, the promotion for free recycled paint was a success!

Free recycled paint is provided through the County's "Paint It Broward" program and is available to all BMSD residents upon request.
